DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that raiyats are sowing paddy in some parts of Dodballapur.

Standing crops.—Sugar-cane, horse gram, avare, togari and paddy. They are reported to be in good condition.

Crops harvested.—Ragi has been harvested all over the District. It is reported that paddy is also being harvested in some parts of Bangalore and Anekal Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. *Condition of Agricultural Stock.*—

Cattle are reported to be generally healthy all over the district except for the prevalence of "Chappe roga" in some parts of Anekal and Channapatna Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Nil.

Crops harvested.—Ragi, samé, sajje and groundnut, Karthika paddy is also being harvested in niany places.

Standing crops.—Sugar-cane, avare, togari, horse gram and also groundnut and paddy are reported to be in good condition.

10. *Prospects of the season.*—Fair. Prices of food grains: stationary.

Labour.—Available for the cooly classes.

11. *Cattle.*—Healthy. Pasture, fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Ragi and groundnuts all over the District, yield 4 to 8 annas; paddy in parts of Tumkur, yields 4 to 8 annas.

Standing crops.—Avare, togari, paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of Rinderpest in some parts of Pavagada Taluk, cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be adequate and available at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Jola, ragi, paddy, tobacco, horse gram, sugar-cane, mulburry, til, castor, togari, avare, samé, navane, chillies, groundnut, black and green grams are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Paddy in parts Seringapatam, Yedatore, Malavalli and Nagamangala Taluks; horsegram in [illegible]

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted for the standing crops in parts of Seringapatam, Heggaddevankote, Mandya and Krishnarajpete and want of rains is very keenly felt in parts of Yedatore and Malvalli Taluks.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Doddaroga in Kalkuni village, Hunsur Taluk.

The Superintendent, Civil Veterinary Department has been written to take necessary measures.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Paddy and kulthy in the Channarayapatna Taluk; togari, garlic onion, menthya and til in the Hassan Taluk; sugar-cane in the Hassan, Channarayapatna and Arsikere Taluks; avare in the Hassan, Belur and Channarayapatna Taluks; castor in the Belur Taluk; chillies in the Belur and Channarayapatna Taluks; kadle in the Belur, Channarayapatna and Arsikere Taluks are reported to be in good condition. Standing crops in parts of Channarayapatna, Arsikere and Hole-Narsipur Taluks are in need of rain.

Crops harvested.—Paddy in the Manjarabad, Arkalgud, Belur, Channarayapatna, Arsikere and Hole-Narsipur Taluks and in the Alur Sub-Taluk; sugar-cane in Hassan, Belur and Channarayapatna Taluks; kulthi in the Belur Taluk and coriander in the Arsikere Taluk are being harvested.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy. Water and fodder are available. Insufficiency of fodder is felt in parts of Kanakatte Hobli, Arsikere Taluk, owing to inadequate rainfall.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Channagiri and Sorab.

Seeds sown.—Bengalgram and wheat are being sown in the Honnali Taluk.

State of standing crops.—Sugar-cane in all the Taluks and Kumsi Sub-Taluk; paddy in the taluks of Nagar, Tirthahalli and Kumsi Sub-Taluk; ragi, jola, togari in the Honnali and Shikarpur Taluks; horse gram in the Channagiri Taluk and Kumsi Sub-Taluk are reported to be in a fair condition.

Crops harvested.—Paddy in all the Taluks and Kumsi Sub-Taluk; ragi in the Taluks of Channagiri, Honnali, Shikarpur and Kumsi Sub-Taluk; and jola in the Honnali Taluk are being harvested.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Nil.

Standing crops.—Paddy and sugar-cane in all the Taluks and Sub-taluks of the District; jolam, til, ragi, avare, cotton, groundnut, coriander and horse gram in Chikmagalur, Tarikere and Kadur Taluks; arecanut, coffee and cardamom in Chikmagalur, Tarikere, Koppa and Mudgere Taluks; arecanut in Kadur Taluk and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

Crops harvested.—Coffee, cardamom and paddy in Chikmagalur, Tarikere, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks; ragi, coriander, jolam in Chikmagalur, Kadur and Tarikere Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady

[illegible] throughout the District, but it is reported th

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Harvesting operations are in progress in the District.

Standing crops. Viz., Bilijola, kadle, togari, paddy, castor, tobacco, cotton, groundnut, horse gram, sajje, navane, sugar-cane, wheat, avare and chillies. They are reported to be generally in a fair condition, except in the Hiriyur Taluk where it is reported that they are in need of rain.

Seeds sown.—Challakere Taluk—Paddy. Harihar Sub-Taluk—Bilijola, kadle and wheat.

Crops harvested.—Chitaldrug Taluk—Ragi, jola and sajje, 8 annas; Challakere Taluk—Sajje and navane, 6 annas; Hiriyur Taluk—Navane, togari and paddy, 4 to 8 annas; Davangere Taluk—Sugar-cane, 8 annas; Jagalur Taluk—Ragi, and navane 6 annas; Hosdurga Taluk—Ragi, navane and save, 8 annas; Harihar Sub-Taluk—Jola, ragi, and chillies, 6 to 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for Rinderpest at Kadlabal in the Davangere Taluk. It is reported that the disease is subsiding in the Jagalur Taluk. The Veterinary Inspectors attached to the Taluks are reported to be taking needful action. Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 27th December 1927.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of Rinderpest in some parts of Pavagada Taluk, cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Jola, ragi, paddy, tobacco, horse gram, sugar-cane, mulberry, til, castor, togari, avare, samé, navane, chillies, groundnut, black and green grams are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Paddy is being harvested in almost all the parts of the District. Ragi in parts of Seringapatam, Krishnarajapet and Nagamangala. Tobacco in parts of Hunsur, sugar-cane, avare, black and green-grams and horsegram in parts of Gundlupet Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted for the standing crops in parts of Heggaddevankote and Krishnarajpete Taluks, and want of rains is very keenly felt in parts of Yedatore and Malvalli Taluks.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Sugar-cane in the Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk, avare and chillies in the Belur and Channarayapatna

Crops harvested.—Sugar-cane in the Hassan, Belur and Channarayapatna Taluks; kulthi in the Hassan, Arkalgud, Belur, Arsikere and Hole-Narsipur Taluks; chillies in the Hassan Taluk; paddy in the Arkalgud, Belur, Manjarabad, Channarayapatna and Hole-Narsipur Taluks are being harvested.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy. Water and fodder are available. Insufficiency of fodder is felt in parts of Kanakatte Hobli, Arsikere Taluk,

SHIMOGA.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Shimoga, Channagiri and Sorab.

Seeds sown.—Nil.

State of standing crops.—Sugar-cane in all the Taluks and Kumsi Sub-Taluk; and jola, avara togari and cotton in the Channagiri Taluk are reported to be in a fair condition.

Crops harvested.—Paddy in all the Taluks and Kumsi Sub-Taluk; ragi, jola in the Taluks of Channagiri, and Honnali, and avare in the Honnali Taluk are being harvested.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Nil.

Standing crops.—Sugar-cane in all the Taluks and Sub-Taluks of the District; jolam, til, ragi, avare, cotton, groundnut, coriander, horse gram, and bengal-gram in Chikmagalur, Kadur and Tarikere Taluks; arecanut, coffee and cardamom in Chikmagalur, Tarikere, Koppa and Mudgere Taluks; arecanut in Kadur Taluk and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

Crops harvested.—Paddy in all Taluks and Sub-Taluks of the District, Coffee, and cardamom in Chikmagalur, Tarikere, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks, and also in Narasimharajapura and Sringeri Sub-Taluks; ragi, coriander, jolam in Chikmagalur, Kadur and Tarikere Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady

11. Cattle are generally healthy throughout the District, but it is reported that Rinderpest is prevailing in Dandur and Cheeranhalli villages in Tarikere Taluk, Kunnalu village, Chikmagalur Taluk, Byadaraballi in the Kadur Taluk. Foot and mouth disease in Halamathur and Chavalmane villages in Koppa Taluk Taluk and Metrecut disease in Phalguni village, Mudigere Taluk. Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Harvesting operations are in progress in the District.

Standing crops. Viz., Bilijola, kadle, togari, avare, paddy, cotton, castor, tobacco, groundnut, horse gram, sugar-cane, wheat, and chillies are reported to be generally in a fair condition, except in the Hiriyur Taluk where it is reported that they are in need of rain.

Seeds sown.—Challakere—Paddy; Harihar—Bilijola, kadle and wheat.

Crops harvested.—Chitaldrug —Ragi, jola, sajje, 8 as; Challakere:—Groundnut 6 annas; Hiriyur:—Navane, sajje, and togari 4 to 8 annas; Holalkere—Togari, 6 annas; Davangere—Sugar-cane, and kadle, 8 annas; Jagalur—Ragi, navane and togari, 6 annas; Hosdurga—Ragi, save, and navane, 8 as; Harihar—Jola, ragi 6 to 8 annas.

10. Prospects of the season fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy.

Water and fodder are available.

IONER'S OFFICE,
th December 1927.

P. G. D'SOUZA,
Revenue Commissioner.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 24TH DECEMBER 1927.

A total of 50 attacks with 41 deaths from plague was returned during the week, the Districts affected being Bangalore, Kolar, Mysore and Shimoga. The Cities of Bangalore and Mysore returned 2 attacks with 2 deaths and 5 attacks and 4 deaths respectively, while the Kolar Gold Fields area continued to remain free from infection.

2. Comparative figures for the corresponding week was 42 attacks with 31 deaths in 1926 and 158 attacks with 97 deaths in 1925.

3. Three attacks with one death from Cholera was returned for Kadiremaganahalli of Bagepalli Taluk.

4. The State continued to remain free from Influenza and relapsing fever.

5. The total mortality for the Bangalore City amounted to 61 representing a calculated annual ratio of 26·75 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 4 under plague, 2 under malaria, 6 under pneumonia, 1 under phthisis, 5 under dysentery and diarrhœa and 43 under all other causes.

6. The total mortality for the Mysore City for the week was 56 representing a calculated annual ratio of 34·69 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 5, plague 4, malaria 3, pneumonia 6, phthisis 2, dysentery and diarrhœa 1 and all other causes 35.

7. There were 35 deaths from all causes reported from the Kolar Gold Fields are a equivalent to a calculated annual ratio of 20·29 per mille of population against the average ratio of 26·18 for 1926. The causes of deaths were pneumonia 3, dysentery and diarrhœa 4 and all other causes 28.

B. MAHOMED USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that raiyats are engaged in Kanamis.

Standing crops.—Sugar-cane, paddy, horse gram, avare and togari. They are reported to be in good condition.

Crops harvested.—It is reported that paddy is also being harvested all over the district

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy all over the district except for the prevalence of "Chappe roga" in some parts of Channapatna Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Avare, togari, horse gram. groundnut, sugar-cane and paddy are in good condition.

Crops harvested.—Ragi has been completely harvested, groundnut and paddy are being harvested in parts of the district.

10. *Prospects of the season.*—Fair. Prices of food grain stationary.

Labour.—Available for cooly classes.

11. *Cattle.*—Healthy. Pasture, fodder and drinking water are available.

TUMKUR.

8. Markets are well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Ragi, groundnuts, avare, togari in all parts of the district, yield 4 to 8 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Cattle are reported to be healthy all over the district.

Water and fodder are also reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Jola, ragi, paddy, tobacco, horse gram, sugar-cane, mulberry, til, castor, togari, avare, samé, navane, chillies, groundnut, black and green grams are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Paddy is being harvested in almost all the parts of the district. Ragi in parts of Seringapatam and Nagamangala; togari in parts of Mysore; horse gram and Tobacco in parts of Hunsur and haraka in parts of Nagamangala Taluks.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted for the standing crops in parts of Seringapatam, Heggadadevanakote and Krishnarajpete Taluks, and want of rain is keenly felt in parts of Yedatore,

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Paddy and coriander in the Arsikere Taluk; kulthi, kadale and chillies in the Channarayapatna Taluk; sugar-cane in the Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; castor in the Belur Taluk and avare in the Belur and Channarayapatna Taluks are reported to be in good condition. Standing crops in the Hole-Narsipur Taluk are in need of rain.

Crops harvested.—Sugar-cane in the Hassan, Belur and Channarayapatna Taluks; kulthi in the Hassan, Arkalgud and Arsikere Taluks; paddy in the Manjarabad, Belur and Channarayapatna Taluks and chillies in the Belur Taluk are being harvested.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy. Water and fodder are available. Insufficiency of fodder is felt in parts of Kanakatte Hobli in the Arsikere Taluk, Necessary action is being taken for allowing the raiyats to take date leaves from adjoining groves, etc.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Channagiri and Sorab and in the Kumsi Sub-Taluk.

Seeds sown.—Nil.

State of standing crops.—Sugar-cane in all the Taluks and Kumsi Sub-Taluk; ragi, jola in the Channagiri Taluk; avare Bengal gram and cotton in the Honnali Taluk are reported to be in a fair condition.

Crops harvested.—Paddy in all the taluks and Kumsi Sub-Taluk; ragi and jola in the Channagiri Taluk are being harvested.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy.

Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Kode paddy in Chikmagalur Taluk.

Standing crops.—Sugar-cane in all the taluks and sub-taluks of the district; avare, castor, horse gram, wheat, Bengal gram in Chikmagalur, Tarikere and Kadur Taluks; arecanut, coffee and cardamom in Chikmagalur, Tarikere, Koppa and Mudgere Taluks and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

Crops harvested.—Paddy in all the taluks and sub-taluks of the district; sugar-cane, Bengal gram, horse gram, avare, coriander, in Chikmagalur, Kadur and Tarikere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady.

11. Cattle are generally healthy throughout the district, but it is reported that Rinderpest is prevailing in Dandur and Cheeranhalli villages in Tarikere Taluk. Foot and mouth disease in Halamathur, Chavalmane and Koppa Town in Koppa Taluk.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Harvesting operations are in progress in the district.

Standing crops., viz., Bilijola, kadle, togari, ragi, avare, paddy, cotton, castor, tobacco groundnut, horse gram, sugar-cane, wheat, chillies, save and navane are reported to be generally in a fair condition, except in the Hiriyur Taluk where it is reported that they are in need of rain.

Seeds sown.—Challakere Taluk—Paddy. Molakalmuru Taluk—Paddy. Jagalur Taluk—Paddy.

Crops harvested.—Chitaldrug Taluk—Ragi, jola and sajje, 8 annas; Hiriyur Taluk—Navane, togari and sajje, 4 to 8 annas; Holalkere Taluk—Avare, 6 annas; Davangere Taluk—Kadle and sugar-cane, 8 annas; Molakalmuru Taluk—Paddy and horse gram, 8 annas; Jagalur Taluk—Ragi, navane and togari, 6 annas; Hosdurga Taluk—Ragi, save and navane, 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for foot and mouth diseases at Mayakonda, Davangere Taluk. It is reported that the Veterinary Inspector attached to the taluk is taking needful auction. Water and fodder are available.

BANGALORE,
Dated 9th January 1928.

C. RANGANATHA RAO SAHEB,
Director.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 31ST DECEMBER 1927.

A total of 9 attacks with 3 deaths from plague was returned during the week, the districts affected being Mysore, Hassan and Shimoga. The City of Mysore returned one attack with nil deaths while the Cities of Bangalore and Kolar Gold Fields remained free from the disease.

2. Comparative figures for the corresponding week was 70 attacks with 38 deaths in 1926 and 69 attacks with 40 deaths in 1925.

3. The State remained free from Cholera, Influenza and relapsing fever during the week.

4. A total of 24 attacks with 13 deaths from Small-pox was returned for the Mysore City and the towns of Nanjangud and Gundlupet.

5. The total mortality for the Bangalore City amounted to 57 representing a calculated annual ratio of 24·91 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 2 under pneumonia, 2 under other fevers 5 under phthisis, 4 under dysentery and diarrhœa and 43 under all other causes.

6. The total mortality for the Mysore City for the week was 69 representing a calcu-

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that raiyats are engaged in harvesting.

Standing crops.—Sugar-cane, paddy, horse gram, avare and togari. They are reported to be in good condition.

Crops harvested.—It is reported that paddy avare and horse gram are being harvested.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—It is reported that sowing operations of vaishakhi paddy is going on under Ramasagara Tank, Bowringpet Taluk.

Standing crops.—Avare, togari, horse gram, groundnuts, sugar-cane and paddy are in good condition.

Crops harvested.—Groundnuts, paddy, avare and sugar-cane are being harvested in some parts of the district.

10. *Prospects of the season.*—Fair. Prices of food grain stationary.

Labour.—Available for cooly classes.

11. *Cattle.*—Healthy. Pasture, fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Ragi, avare, togari, horse gram all over the district yield 4 to 8 annas. Groundnuts in all parts of Pavagada Taluk yield 4 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Cattle are reported to be healthy all over the district.

Water and fodder are reported to be adequate and available at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Jola, paddy, tobacco, horse gram, sugar-cane, mulberry, til, togari, avare, samé, navane, chillies, groundnut, black and green grams are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Ragi in parts of Seringapatam, avare and horse gram in parts of Hunsur, paddy, horse gram, black and green grams, castor, tobacco and sugar-cane in parts of Gundlupet Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted for the standing crops in parts of Heggaddevankote, Malvalli and Krishnarajapete and want of rains is keenly felt in parts of Mandya Taluk.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except Dodda roga in Udigala, Maarnapura, Ayyanapura, Alooru and Thammadahalli villages of Chamrajnagar Taluk.

The Superintendent, Civil Veterinary Department, has been written to take necessary measures.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Avare in the Arkalgud Taluk, Belur and Channarayapatna Taluks; kadale in the Arkalgud and Channarayapatna Taluks; sugar-cane in the Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; and castor in

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy. Water and fodder are available. Action is b eing taken for allowing the cattle in parts of Kanakatte Hobli, Arsikere Taluk, where insu ficiency of fodder is felt, to graze in the Amrithmahal Kaval near the Kanakatte tank bed and for allowing the raiyats to take date leaves from adjoining groves.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Channagiri and Sorab and in the Sub-Taluk Kumsi.

Seeds sown.—Nil.

State of standing crops.—Sugar-cane in all the Taluks and Kumsi Sub-Taluk, avare, thogari and cotton in the Taluks of Channagiri Honnali are reported to be in fair condition.

Crops harvested.—Ragi, and Jola in the Channagiri Taluk and Avare in the Honnali Taluk, are being harvested. Sugar-cane is being milled in the Taluks of Shimoga, Nagar, Tirthahalli and Sub-taluk of Kumsi.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy.

Fodder and water are available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Kode paddy in Chikmagalur Taluk.

Standing crops.—Sugar-cane in all the taluks and sub-taluks of the district coffee in Chikmagalur, Koppa and Mudgere Taluks, arecanut in Koppa and Mudgere Taluks, and alsoin Narasimharajpura and Sringeri Sub-Taluks, horse gram, avare, jolam, Bengal-gram in in Chikmagalur, Kadur and Tarikere Taluks, are reported to be thriving well.

Crops harvested.—Paddy in Chikmagalur, Koppa, Mudgere Taluks and also in Narasimharajapura Sub-Taluks. Coffee and cardamom in Chikmagalur, Koppa and Mudigere Taluks, Bengal gram in Tari-kere Taluk, sugare-cane in Chikmagalur, Kadur Tarikere, Koppa and Mudigere Taluks and also in Narasimharajapura and Sringeri Sub-Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady.

11. Cattle are generally healthy but it is reported that Rinderpest is prevailing in Dandur and Cheeranhalli villages in Tarikere Taluk, and foot and mouth disease in Koppa and Hariharpura Hoblies in Koppa Taluk.

Water and fodder for cattle are available. Amildar, Kadur, reports as in the last week, that there is no sufficient supply of fodder and water available in Anegere, Bittenahalli, Mallenahalli, Timmalapura and Panchanhalli villages in the Bedare Hobli, Kadur Taluk; further report has been called for from him, on receipt of which, necessary action will be taken.

CHITALDRUG.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 7TH JANUARY 1928.

A total of 41 attacks with 22 deaths from plague was returned during the week, the districts affected being Bangalore, Kolar, Mysore and Shimoga. The Cities of Bangalore and Mysore returned one attack with one death and two attacks with nil deaths respectively while the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 64 attacks with 53 deaths for 1926 and 270 attacks with 113 deaths in 1925.

3. The State continued to remain free from Cholera, Influenza and relapsing fever.

4. A total of 17 attacks with 10 deaths from Small-pox was returned for one village in the Sorab Taluk and for the City of Mysore.

5. The total mortality for the Bangalore City for the week was 64 representing a calculated annual ratio of 28·07 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 1 under plague, 9 under pneumonia, 1 under other fevers, 6 under phthisis, 6 under dysentery and diarrhœa and 41 under all other causes.

6. The total mortality for the Mysore City for the week was 89 representing a calculated annual ratio of 55·14 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 10, malaria 3, pneumonia 8, other fevers 2, phthisis 1, dysentery and diarrhœa 13 and all other causes 52.

7. There were 39 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 22·61 per mille of population against the average ratio of 26·18 for 1926. The causes of deaths were fevers 3, phthisis 1, dysentery and diarrhœa 6, and all other causes 29.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 14TH JANURAY 1928.

A total of 19 attacks with 14 deaths from plague was returned during the week the districts affected being Bangalore, Kolar, Mysore and Shimoga. The City of Bangalore and the Kolar Gold Fields area continued to remain free from the disease, while the Mysore City returned one attack with one death.

2. Comparative figures for the corresponding week were 47 attacks and 27 deaths for 1926, and 169 attacks and 110 deaths in 1925.

3. The State continued to remain free from cholera, influenza and relapsing fever during the week.

4. Nineteen deaths from small-pox were returned for one village in Honnali Taluk and the Mysore City.

5. The total mortality for the Bangalore City amounted to 68, representing a calculated annual ratio of 29·76 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 2 under malaria, 7 under pneumonia, 1 under other fevers, 6 under phthisis, 4 under dysentery and diarrhœa and 48 under all other causes.

6. The total mortality for the Mysore City for the week was 88, representing a calculated annual ratio of 54·50 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 21, plague 1, malaria 5, pneumonia 9, other fevers 1, phthisis 4, dysentery and diarrhœa 7 and all other causes 40.

7. There were 37 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 21·45 per mille of population against the average ratio of 26·18 for 1926. The cause of deaths were pneumonia 3, other fevers 3, phthisis 1, dysentery and diarrhœa 5 and all other causes 25.

B. MAHOMED USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable turn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas cted by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that paddy is being sown in Dodballapur Taluk.

Standing crops.—Paddy, sugar-cane, avare and castor. They are reported to be in good condition.

Crops harvested.—It is reported that paddy, horse gram, avare and thogare are being harvested.

10. *Prospects of the season.*—Fair; Cooly classes find sufficient labour.

11. *Condition of Agricultural Stock.*—Cattle are reported to be generally healthy all the district except in Anekal and Hoskote where "Chappe Roga", is reported to be vailing. Cattle are being inoculated in the affected area.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Paddy under Ramasagara Tank in Bowringpet Town.

Standing crops.—Avare, togari, horse gram, sugar-cane and paddy are in good condition.

Crops harvested.—Groundnuts, paddy, avare and sugar-cane are being harvested in many places.

10. *Prospects of the season.*—Fair. Prices of food grains stationary.

Labour.—Available for cooly classes.

11. *Cattle.*—Healthy. Pasture, fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Ragi, avare, togari and horse gram in all parts of the taluk, yield 4 to 8 annas. Paddy and sugar cane in parts of Tumkur and Pavagada Taluks, yield 6 to 8 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the outbreak of Black quarter is some parts of Gubbi, Tiptur and Chikkanhalli Taluks, cattle in other parts of the district are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Paddy, tobacco, horse gram, sugar-cane, mulberry, til, castor, togari, avare, samé, navane, chillies, groundnut, black and green grams are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Paddy in almost all parts of the district. Horse gram, black and green grams, castor, tobacco, sugar-cane in parts of Gundlupet, tobacco, avare, horse gram in parts of Hunsur, Ramtil in parts of Krishnarajpete Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted for the standing crops in parts of Malvalli, Mandya and hnarajapete Taluks.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Dodda roga in Thamahalli, Udigala, Honganooru and Kempanapura of Chamrajnagar Taluk.

The Superintendent, Civil Veterinary Department, has been written to take necessary entive measures.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Avare in the Belur and Channarayapatna Taluks; sugar-cane in the Belur, Channarayapatna and Arsikere Taluks and in the Alur Sub-Taluk; kadale in the Channarayapatna and Arsikere Taluks; castor in the Belur

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy. Water and fodder are available. It is reported that people have been instructed to use date leaves as fodder in parts of Kanakatte Hobli, Arsikere Taluk, where there is insufficiency of fodder.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Channagiri, Sorab and Kumsi Sub-Taluk.

Seeds sown.—Sugar-cane is being planted in the Kumsi Sub-Taluk.

State of standing crops.—Sugar-cane in all the Taluks and Kumsi Sub-Taluk, avare and cotton in the Taluks of Channagiri and Honnali, bengal gram in the Channagiri Taluk, wheat and thogari in the Honnali Taluk are being reported to be in good condition.

Crops harvested.—Ragi, and jola in the Taluks of Shimoga and Channagiri. Wheat in the Honnali Taluk, are being harvested. Sugar-cane is being milled in the Taluks of Shimoga, Shikarpur, Sagar, Nagar, Tirthahalli and Sub-Taluk of Kumsi.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy.

Fodder and water are available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Kode paddy in Chikmagalur Taluk.

Standing crops.—Sugar-cane in all the Taluks and Sub-Taluks of the District; coffee in Chikmagalur, Mudgere, Koppa and Tarikere Taluks; arecanut in Chikmagalur Kadur, Koppa and Tarikere Taluks and also in Narasimharajpura and Sringeri Sub-Taluks, horse gram, avare, jolam, Bengal-gram and wheat in Chikmagalur, Kadur and Tarikere Taluks; are reported to be thriving well.

Crops harvested.—Coffee and sugare-cane in all the Taluks and Sub-Taluks of the District; horse gram in Chikmagalur and Tarikere Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady.

11. Cattle are generally healthy. It is reported that Rinderpest in Dandur and Cheeranahalli villages in Tarikere Taluk is decreasing and Amildars of Koppa and Mudigere report that foot and mouth disease is prevailing in Koppa and Hariharpura Hoblies in Koppa Taluk and also in Mavinkere village, Mudgere Taluk.

Water and fodder for cattle are available. As in the last week Amildar, Kadur, reports that as there is no sufficient supply of fodder and water available in Anegere, Bittenahalli, Mallenahalli, Timlapura and Panchanahalli villages in the Bedare Hobli, the people have taken their cattle as usual to Arsikere and Chiknayakanhalli Taluks. The detailed report called for from the Amildar, Kadur, has not yet been received. He has been reminded to-day to expedite the same without delay.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Harvesting and thrashing operations are in progress in this district.

Standing crops.—Bilijola, kadle, togari, avare, cotton, paddy, castor, horse-gram, chillies, sugar-cane, tobacco, groundnut are reported to be in a fair condition except in Hiriyur Taluk where it is reported that they are in need of rain.

Seeds sown.—Challakere—Paddy.

Crops harvested.—Chitaldrug—Ragi, jola, sajje, 8 annas; Challakere—Horse-gram and ground-nut, 6 annas; Hiriyur—Groundnut, avare, togari, horse-gram, tobacco, 4 to 6 annas; Davangere—Togari, avare, sugar-cane and kadle, 8 annas; Molakalmuru—Paddy, horse-gram, togari, chillies, cotton and castor, 8 annas; Jagalur—Avare, horse-gram togari, 8 annas; Hosdurga—Togari, avare, 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy. It is reported that foot and mouth diseases in Mayakonda and Black-quarter at Avaragere in Davangere Taluk is subsiding. It is reported that Rinderpest is prevailing at Gowripur village in Jagalur Taluk and that the Veterinary Inspector attached to the Taluk are taking needful action. Water and fodder are available.

Statement showing the prices current (retail) of rice (2nd sort), ragi and horsegram at the several Taluk Headquarters for the week ending Saturday the 21st January 1928.

BANGALORE,
Dated 23rd January 1928.

C. RANGANATHA RAO SAHEB,
Director.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 21ST JANUARY 1928.

A total of 34 attacks with 22 deaths was returned from plague during the week, the districts affected being Bangalore, Mysore, Kolar and Shimoga. The Cities of Bangalore and Mysore returned one attack with one death and three attacks with nil deaths respectively while the Kolar Gold Field area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 81 attacks with 58 deaths for 1926 and 140 attacks with 81 deaths in 1925.

3. The State continued to remain free from Cholera and relapsing fever.

4. One attack with one death from Influenza was returned for the City of Bangalore.

5. A total of 49 deaths from Small-pox was returned for one village in each of the Channapatna, Closepet and Sorab, Taluks the town of Hassan and the Cities of Bangalore and Mysore.

6. The total mortality for the Bangalore City amounted to 70 representing a calculated annual ratio of 30·70 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 1 under influenza, 1 under plague, under malaria, 9 under pneumonia, 1 under typhoid, 1 under other fevers, 1 under phthisis, under dysentery and diarrhœa and 51 under all other causes.

7. The total mortality for the Mysore City for the week was 119 representing a calculated annual ratio of 73·70 per mille of population against the average ratio of 24·71 for 1926. causes of deaths were small-pox 44, malaria 3, pneumonia 12, typhoid 1, other fevers 2,

Registered No. M.—1175.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Paddy and sugar-cane. They are reported to be in good condition.

Crops harvested.—Paddy, avare, togare and horsegram are being harvested.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. *Condition of Agricultural Stock.*—Cattle are reported to be generally healthy all over the District except in parts of Kankanhalli and Anekal where Rinderpest and Doddaroga respectively are reported to be prevailing. It is also reported that owing to the special efforts made by the Veterinary Inspector in Kankanhalli Taluk the disease has subsided. In the Anekal Taluk the cattle are being inoculated in the affected areas.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Paddy under Ramasagara Tank in the Bowringpet Taluk.

Standing crops.—Avare, togari, horsegram, sugar-cane, all in good condition, and also potatoes, onions in some parts of the District.

Crops harvested.—Groundnuts, paddy, avare, sugar-cane and horsegram, are being harvested in some parts.

10. *Prospects of the season.*—Fair. Prices of food grains stationary.

Labour for cooly classes available.

11. *Cattle.*—Healthy. *Pasture.*—Fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy in parts of Maddagiri Taluk.

Crops harvested.—Ragi, avare, togari and horsegram in all parts of the District, yields 4 to 8 annas.

Standing crops.—Paddy, sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of of Black quarter in some parts of Gubbi Taluk and fever in some parts of Chiknayakanhalli and Tiptur Taluks, cattle in other parts of the district are reported to be healthy.

Water and fodder are reported to be adequate and available at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Paddy, tobacco, horsegram, sugar-cane, mulberry, til, castor, togari, avare, samé, navane, chillies, groundnut, black and green grams are reported to be fair.

Seeds sown.—Nil.

Crops harvested.—Paddy and horsegram in parts of Mysore and Hunsur Taluks; horsegram, green grams, castor, tobacco in parts of Gundlupet Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted for the standing crops in parts of Malvalli and Krishnarajpete. It is reported that rains are wanted for standing sugar-cane and mulberry crops in parts of Mandya Taluk.

(1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Doddaroga in Udigala Thammadihalli and Kempanapura and Naradi roga in Alur Village of Chamrajnagar Taluk.

The Superintendent, Civil Veterinary Department has been written to take necessary preventive measures.

HASSAN.

8. Well supplied.

Crops harvested.—Avare in the Hassan and Channarayapatna Taluks; kulthi in the Arsikere, Hole-Narsipur and Channarayapatna Taluks; paddy in the Hole-Narsipur, Belur and Channarayapatna Taluks; ragi in the Hole-Narsipur and Belur Taluks and sugar-cane in the Belur and Channarayapatna Taluks are being harvested

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy. Water and fodder are available. Permission has been given to the raiyats to use date leaves as fodder in parts of Kanakatte Hobli, Asikere Taluk, where there is insufficiency of fodder.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the taluks of Channagiri, Sorab and Kumsi Sub-Taluk.

Seeds sown.—Sugar-cane is being planted in the Kumsi Sub-Taluk.

State of standing crops.—Sugar-cane in all the taluks and Kumsi Sub-Taluk; cotton and jola in the taluks of Channagiri and Honnali, and Bengalgram in the Channagiri Taluk, are reported to be in a fair condition.

Crops harvested.—Ragi in the Channagiri Taluk: jola in the taluks of Channagiri and Honnali; wheat, cotton and avare in the Honnali Taluk are being harvested. Sugar-cane is being milled in the taluks of Shimoga, Shikarpur, Sagar, Nagar, Tirthahalli and Kumsi Sub-Taluk.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy.

Fodder and water are reported to be available.

Rinderpest is reported to be prevailing in the Gondihosahalli village of Channagiri-Taluk.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Nil.

Standing crops.—Sugar-cane in all the taluks and sub-taluks of the district; coffee in Chikmagalur, Tarikere, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Koppa and Tarikere Taluks and also in Narasimharajapura and Sringeri Sub-Taluks; horse gram, avare, garlic and Bengalgram in Chikmagalur, Kadur and Tarikere Taluks; are reported to be in good condition.

Crops harvested.—Coffee and sugar-cane in all the taluks and sub-taluks of the district; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks; horsegram, avare and Bengalgram in Chikmagalur, Kadur and Tarikere Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady.

11. Cattle are generally healthy but Rinderpest is reported to be prevailing in Nagenahalli village, Tarikere Taluk.

Water and fodder for cattle are available. The report received from the Amildar, Kadur Taluk goes to show that water and fodder are available in the taluk, but as usual some people of Anegore, Bittenahalli, Mallenahalli, Thimlapura and Panchanahalli villages have taken their cattle to Chiknayakanhalli and Arsikere Taluks for grazing for want of better fodder.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Ploughing, harvesting, and thrashing operations are in progress in this district.

Standing crops.—Bilijola, kadale, togari, avare, paddy, cotton, castor, tobacco, sugar-cane, wheat, groundnut and chillies are reported to be generally in a fair condition except in Hosdurga Taluk where it is reported that they are in need of rain.

Seeds sown.—Challakere—Paddy.

Crops harvested.—(1) Chitaldrug—Kadale, sajje, jola and bilijola (in some places), (8 annas), (2) Hiriyur—Groundnut, togari, horsegram, tobacco and wheat (4 to 6 annas), (3) Davangere—Kadale, sugar-cane, avare and togari (8 annas) (4) Molakalmuru—Horsegram, togari, chillies, cotton and castor (8 annas) Jagalur—Togari, avare, kadale and horsegram (6 annas), (5) Hosdurga—Togari and avare (8 annas) and (7) Haribar—Togari, avare and horsegram (6 annas).

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for "Foot and Mouth" disease in Siddapur village, Challakere Taluk. It is reported that foot and mouth disease is

A BRIEF REVIEW ON THE RECORDED VITAL STATISTICS FOR THE QUARTER ENDING 30TH SEPTEMBER 1927.

Dated 13—24*th January* 1928.

A statement showing the districts, the number of births, the number of deaths, classified according to principal causes and the infantile mortality recorded during the quarter ending 30th September 1927, is appended.

Births.

2. The total number of births registered during the quarter ending 30th September 1927, was 27,285 as against 27,287 in the preceding quarter, equivalent to a calculated annual ratio of 18·62 and 18·62, respectively per mille of population. The highest birth-rate (26·26) was returned for the Kolar District and the lowest (13·63) for the Hassan District; the rates for the other districts ranging between 23·00 (Tumkur) and 14·43 (Kadur).

Deaths.

3. The number of deaths from all causes returned for the quarter totalled 19,568 yielding an annual ratio of 13·35 per mille of population as compared with 18,347 and 12·52 per mille respectively in the preceding quarter. The death-rate for the Bangalore District (10·26) was the lowest and that for the Shimoga District (18·03) the highest, the rates for the other districts ranging between 12·67 (Chitaldrug) and 16·23 (Kolar).

Deaths exceeded births in only two Districts, *viz.*, Shimoga and Kadur.

4. The deaths among infants under one year of age were 2,218 as against 1,958 in the preceding quarter. This gives an average of 81·25 per 1,000 of recorded births. The highest infantile mortality rate was returned for Shimoga District (129·64). The rates were also high for Kolar (112·06) and Mysore (98·60). In the other districts the rates ranged between (53·80) Bangalore and (92·40) Kadur.

It is reported by the District Health Officer, Shimoga, that infants were examined and nstructions were given to mothers regarding the feeding and rearing up of children. Endeavour is being made to enlist the co-operation of the several Municipal Councils in the district in the matter.

5. Plague was returned for all Districts except Kadur. A total of 1,188 deaths was returned as compared with 206 in the previous quarter, the Districts of Mysore, Bangalore and Kolar contributing a relatively large number of deaths, *viz.*, 378, 229 and 221, respectively. The usual preventive measures were adopted and medical aid rendered. The total number of anti-plague inoculations performed by the Medical Officers and Subordinates including the District Health Officer, Shimoga, was 24,060. The highest number of inoculations, *viz.*, 9,233 was returned for the Kolar District.

6. *Cholera.*—A total of 281 deaths was returned under this cause from Bangalore, Tumkur, Mysore, Shimoga and Chitaldrug Districts as against a total of 1,086 deaths reported from this cause in the preceding quarter. Three thousand one hundred and ninety-two anti-cholera inoculations were performed in the affected villages.

7. *Small-pox.*—The recorded deaths under this cause were 129 as against 89 in the preceding quarter, the District most affected being Chitaldrug (67). The number of vaccinations performed during the quarter totalled 24,177.

8. During the quarter 9,143 deaths were returned as due to "Fevers" as against 8,770 during the preceding quarter. The incidence of fevers in the Mysore, Hassan, Tumkur and Shimoga was high as compared with other districts. Free distribution of quinine was made in the affected villages of the Malnad Districts.

A preliminary survey for Malaria and hook-worm disease under the direction of the Representative of the International Health Board is in progress.

9. Six hundred and twelve deaths under Respiratory diseases were returned as against 801 in the previous quarter.

10. A total of 783 deaths under dysentery and diarrhœa was reported during the quarter as compared with 867 in the preceding quarter.

11. Three hundred and eleven deaths were recorded as due to Injuries, including accidents, snake-bite and suicide.

12. Under "ALL OTHER CAUSES" 7,121 deaths were returned as against 6,210 in the previous quarter.

13. *General.*—Viewed as a whole, the public health during the quarter may be said to have been fairly satisfactory.

Statement showing the Vital Statistics for the quarter ending 30th September 1927.

NOTE.—Rice (husked)—Oryza Sativa.
Ragi—Eleusine Coracana
Kulthi—Horse gram Dolichos Biflorus.

Cholum—Sorghum Vulgare.
Kadale—(Bengal gram) Cicer Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Sugar-cane, paddy and castor. They are reported to be in good condition.

Crops harvested.—Harvesting of ragi, paddy, avare, togari and horsegram crops has been completed.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy all over the District except for the prevalence of Chapperoga in Channapatna and Kankanhalli Taluks and Doddaroga in Anekal Taluk. It is also reported that cattle are being inoculated by the Veterinary Doctor in Anekal Taluk.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Vaisaki paddy in some parts of Bowringpet, Srinivasapur, Goribidnur and Gudibanda Sub-Taluk.

Standing crops.—In some parts avare, togari, horsegram, sugar-cane, are reported to be in good condition.

Crops harvested.—Paddy, avare, sugar-cane and groundnuts are being harvested in some parts.

10. *Prospects of the season.*—Fair. Prices of food grains—Stationary. Labour is available for cooly classes.

11. *Cattle.*—Healthy. *Pasture.*—Fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy in parts of Maddagiri Taluk.

Crops harvested.—Ragi, avare, togari, castor, horsegram in all parts of the District, yield 4 to 8 annas. Sugar-cane in parts of Maddagiri Taluk, yields 4 to 8 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of Black quarter in some parts of Gubbi and Chiknayakanhalli Taluks, cattle in other parts of the district are reported to be healthy. It is reported that the Veterinary Inspector has been addressed in the matter.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Paddy, tobacco, horsegram, sugar-cane, mulberry, til, castor, togari, samé, navane, chillies, groundnut, black and green grams are reported to be fair.

Seeds sown.—Nil.

Crops harvested.—Tobacco in parts of Gundlupet Taluk.

10. Prospects of the season are reported to be fair.

(1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Doddaroga in Udigalu, Thammadihalli, Bisalwadi, Govindawadi, Aloor of Chamrajnagar and Chapperoga in Kadalur Village of Mandya Taluk.

The Superintendent, Civil and Veterinary Department has been written to take necessary preventive measures.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Paddy in the Manjarabad Taluk, sugar-cane in the Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; kadale in the Hassan, Belur, Arsikere and Channarayapatna Taluks and coriander in the Arsikere Taluk, are reported to be in good condition.

Crops harvested.—Paddy and ragi in the Belur, Arkalgud, Channarayapatna and Hole-Narsipur Taluks; sugar-cane in the Belur, Hassan, Channarayapatna and Hole-Narsipur Taluks and kulthi in the Channarayapatna Taluk are being harvested.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy. Water and fodder are available. Arrangements have been made to allow the people of Kanakatte Hobli, Arsikere Taluk to use date leaves as fodder. The recent rains will have improved the situation to some extent.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the taluks of Channagiri, Sorab and Kumsi Sub-Taluk.

Seeds sown.—Sugar-cane is being planted in the Kumsi Sub-Taluk.

State of standing crops. Sugar-cane in all the taluks and Kumsi Sub-Taluk; cotton and bengal gram in the taluks of Channagiri and Honnali are reported to be in good condition.

Crops harvested.—Ragi, jola, avare and togari in the Channagiri Taluk; Bengalgram and wheat in the Honnali Taluk are being harvested. Sugar-cane is being milled in all the taluks and Kumsi Sub-Taluk, excepting Channagiri and Honnali

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy.

Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Mudgere Taluk.—Kode paddy

Standing crops.—Sugar-cane in all the taluks and Narasimharajapura Sub-Taluk; coffee in Chikmagalur, Tarikere and Koppa Taluks; horse gram in Chikmagalur, Kadur and Tarikere Taluks; arecanut in Koppa, Kadur and Tarikere Taluks; avare and garlic in Chikmagalur, Tarikere and Kadur Taluks.

The standing crops are reported to be in good condition.

Crops harvested.—Coffee and sugar-cane throughout the district; arecanut in Chikmagalur, and Mudgere Taluks, Narasimharajapura and Sringeri Sub-Taluks; kulthi in Chikmagalur and Tarikere Taluks; avare, horse gram and bengal gram in Chikmagalur, Kadur and Tarikere Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady.

The recent rains are unwelcome to the coffee planters.

11. Cattle are generally healthy but Rinderpest is reported to be prevailing in Nagenahalli village, Tarikere Taluk, is on the decrease.

Water and fodder for cattle are available.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing, thrashing operations are in progress in this district.

Standing crops.—Bilijola, kadale, togari, avare, paddy, cotton, wheat castor, tobacco, horse gram, groundnut, sugar cane and chillies are reported to be generally in fair condition.

Seeds sown.—Nil.

Crops harvested with their outturn.—(1) Chitaldrug—Kadale, jola sajje (6 annas); (2) Challakere—Horse gram (6 annas); tobacco (8 annas); (3) Hiriyur—Groundnut, wheat, togari and tobacco; (4 to 6 annas); (4) Davangere—Sugar-cane and kadale; (8 annas), (5) Molakalmuru—Paddy, horse gram, togari and chillies; (8 annas); (6) Jagalur—Kadale, togari, horsegram (6 annas); (7) Hosdurga—Togari and avare.

10. Prospects of the season are fair.

Prices of the food stuffs continue to be stationary execept kulthi which is a little bit changing Cooly classes generally find labour. It is reported that the tanks of Anagodu and Kodaganur received some supply during the recent rain.

11. Cattle are reported to be generally healthy in all places except for "Foot and Mouth" disease at Anagodu, Davangere Taluk. It is reported that the Veterinary Inspector attached to the taluk has been addressed to take necessary action in the matter.

Water and fodder are available.

BANGALORE,
Dated 6th February 1928.

H. K. RAMAIRNGAR,
For *Director.*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 28TH JANUARY 1928.

A total of 36 attacks with 30 deaths from plague was returned during the week, the districts affected being Bangalore, Kolar, Mysore, Hassan, Shimoga, Chitaldrug. The City of Bangalore and the Kolar Gold Field area continued to remain free from the disease while the Mysore City returned seven deaths during the week.

2. Comparative figures for the corresponding week were 87 attacks with 39 deaths for 1926 and 165 attacks with 107 deaths in 1925.

3. The State continued to remain free from Cholera Influenza and relapsing fever during the week.

4. A total of 74 deaths from Small-pox was returned for five villages in Sorab Taluk, two villages in Arkalgud Taluk, the town of Chamrajnagar and the Cities of Bangalore and Mysore.

5. The total mortality for the Bangalore City amounted to 73 representing a calculated annual ratio of 32·01 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 1 under small-pox, 6 under malaria, 10 under pneumonia, 1 under typhoid, 1 under other fevers, 4 under phthisis, 1 under dysentery and diarrhœa and 48 under all other causes.

6. The total mortality for the Mysore City for the week was 138 representing a calculated annual ratio of 85·47 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were plague 7, small-pox 68, pneumonia 13, phthisis 4, dysentery and diarrhœa 8 and all other causes 38.

7. There were 42 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 24·34 per mille of population against the average ratio of 24·71 for 1926. The deaths numbered 1 under malaria, 4 under pneumonia, 2 under other fevers, 9 under dysentery and diarrhœa and 38 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 14th February 1928.

P. G. D'SOUZA,
Revenue Commissioner.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 4TH FEBRUARY 1928.

A total of 28 attacks with 14 deaths from plague was returned during the week, the districts affected being Bangalore, Kolar, Mysore and Shimoga. The City of Bangalore and the Kolar Gold Fields area continued to remain free from the disease, while the Mysore City returned one attack with nil death during the week.

2. Comparative figures for the corresponding week were 106 attacks with 73 deaths in 1926, and 165 attacks with 107 deaths in 1925.

3. The State continued to remain free from cholera and relapsing fever while two fatal cases of influenza were returned for Bangalore City.

4. A total of 80 attacks with 48 deaths from Small-pox was returned for one village in each of the Closepet, Sorab and Honnali Taluks and the towns of Channapatna, Chamarajnagar and Mandya including the City of Mysore.

5. The total mortality for the Bangalore City amounted to 74, representing a calculated annual ratio of 32·45 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 2 under influenza, 1 under malaria, 9 under pneumonia, 3 under typhoid, 3 under other fevers, 6 under phthisis, 2 under dysentery and diarrhœa and 48 under all other causes.

6. The total mortality for the Mysore City for the week was 119, representing a calculated annual ratio of 73·59 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were plague nil, small-pox 55, malaria 6, pneumonia 13, phthisis 2, dysentery and diarrhœa 6 and all other causes 37.

7. There were 39 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 22·60 per mille of population against the average ratio of 24·71 for 1926. The deaths numbered 2 under pneumonia, 2 under other fevers, 3 under phthisis, 2 under dysentery and diarrhœa and 30 under all other causes.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 11TH FEBRUARY 1928.

A total of 19 attacks with 10 deaths from plague was returned during the week, the Districts affected being Bangalore, Hassan, Shimoga and Kolar. The City of Mysore returned 2 deaths during the week while Bangalore City and the Kolar Gold Fields area remain free from plague.

2. Comparative figures for the corresponding week were 222 attacks and 142 deaths in 1925 and 12 attacks and 11 deaths in 1926.

3. A total of 165 attacks with 75 deaths from small-pox was returned for three villages in Chamrajnagar Taluk, one village in each of the Kumsi, Sorab and Koppa Taluks, the town of Mandya, the City of Mysore and the Kolar Gold Fields areas.

4. The State continued to remain free from cholera, influenza and relapsing fever.

5. The total mortality for the Bangalore City amounted to 67 representing a calculated annual ratio of 29·48 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 4 under malaria, 4 under pneumonia, 5 under other fevers, 5 under phthisis, 5 under dysentery and diarrhœa and 44 under all other causes.

6. The total mortality for the Mysore City for the week was 123 representing a calculated annual ratio of 76·90 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 67, plague 2 pneumonia 6, phthisis 3, dysentery and diarrhœa 8 and all other causes 37.

7. There were 36 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 20·87 per mille of population against the average ratio of 24·71 for 1926. The deaths numbered malaria 1, pneumonia 1, other fevers 1, phthisis 1, dysentery and diarrhœa 4 all other causes 28.

B. MAHOMED USMON,
Sanitary Commissioner.

OFFICE OF THE DIRECTOR OF INDUSTRIES AND COMMERCE IN MYSORE, BANGALORE.

Statement showing the Statistics of the Rail-borne trade of the Mysore State for the four quarters from 1st April 1926 to end of March 1927.

NOTE.—Rice (husked)—Oryza Sativa.
Ragi—Eleusine Corocana
Kulthi—Horse gram Dolichos Biflorus.

Cholum—Sorghum Vulgare,
Kadale—(Bengal gram) Cicer Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that ploughing operation is undertaken for vyshaki crop in Anekal Taluk.

Standing crops.—Sugar-cane in Bangalore, Nelamangala, Magadi, Anekal and Devanhalli; sugar-cane and paddy in Hoskote and Dodballapur, sugar-cane and mulberry in Kankanhalli and Closepet are reported to be in good condition.

Crops harvested.—Ragi in Dodballapur and Closepet; paddy and ragi in Hoskote; Ragi and sugar-cane, in Kankanhalli, Anekal and Devanhalli and sugar-cane in Magadi.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy all over the District except for the prevalence of "Chapperoga" in Chikka Muduvadi, Kankanhalli Taluk and in Giddanahalli and Nanjapura, Anekal Taluk.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Natiragi and sugar-cane in some parts of Bowringpet Taluk.

Crops harvested.—Sugar-cane, horse-gram, togari, avare, are being harvested in some parts of the District.

Average Yield.—Avare 8 annas. Horsegram 8 annas. Togari 8 annas. Sugar-cane 6 to 12 annas.

Standing crops.—Paddy, sugar-cane and cholum are in good condition.

10. *Prospect of the season.*—Fair. Prices of food grains—Stationary. Labour is available for cooly classes.

11. *Cattle.*—Healthy. *Pasture.*—Fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Paddy and jola in parts of Maddagiri Taluk, yield 4 to 8 annas. Horse-gram in parts of Pavagada Taluk yield 4 to 6 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in some parts of Maddagiri Taluk, cattle in other parts of the district are reported to be healthy. It is stated that the Veterinary Inspector has been addressed in the matter.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Hunsur.

Standing crops.—Paddy, tobacco, horsegram, sugar-cane, mulberry, til, togari, samé, navane, chillies, groundnut, black and green grams are reported to be fair.

Seeds sown.—Nil.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted for standing crops in parts of Malavalli Taluk.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Doddaroga in Hangaranahalli Jotigowdanapura villages of Chamrajnagar Taluk and Chapperoga in Maddur and Atigudu villages of Mandya Taluk.

The Superintendent, Civil Veterinary Department has been written to take necessary preventive measures.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Sugar-cane in the Belur and Channarayapatna Taluks, and in the Alur Sub-Taluk and kadalé in the Belur and Channarayapatna Taluks, are reported to be in good condition.

Crops harvested.- Sugar-cane in the Belur, Channarayapatna and Hole-Narsipur Taluks, Ragi in Belur, Channarayapatna, and Hole-Narsipur Taluks, paddy in the Belur and Holenarsipur Taluks, Avare and kadale in the Belur and Channarayapatna Taluks and kulthi in the Channarayapatna Taluk are being harvested.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for "rinderpest" in parts of Sravanabelagula Hobli in the Channarayapatna Taluk. The Veterinary Department are taking necessary action to arrest the spread of the disease.

Water and fodder are available.

SHIMOGA

8. Well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Channagiri, Sorab and Kumsi Sub-Taluk.

Seeds sown.—Sugar-cane is being planted in the Tirthahalli Taluk and Kumsi Sub-Taluk.

State of standing crops.—Sugar-cane in all the Taluks and Kumsi Sub-Taluk, cotton and bilejola in the Channagiri Taluk, green gram in the Shimoga Taluk are reported to be in a fair condition.

Crops harvested.—Sugar-cane is being milled in all the Taluks and Kumsi Sub-Taluk Jola and Bengal gram in the Honnali Taluk are being harvested.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available. Rinderpest is reported to be prevailing in Tavarekere, Karkekoppa and Attigatte villages of Channagiri Taluk.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations* —Nil.

Crops sown.—Nil.

Standing crops.—Sugar-cane in all the Taluks and Sub-Taluks of the District, jolam and bengal gram in Kadur and Tarikere Taluks, wheat, horse gram, and onions in Chikmagalur and Kadur Taluks, coffee in Chikmagalur, Tarikere, Koppa and Mudigere Taluks are reported to be thriving well.

Crops harvested.—Bengal gram, wheat and avare in Kadur Taluk, sugar-cane in Koppa and coffee in Chikmagalur, and Tarikere Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady.

11. Cattle are generally healthy throughout the District, but Rinderpest is reported to be prevailing in Ajjampura village, Tarikere Taluk, and Metricut Roga in Sarasipur, Koppa Taluk. Needful action is being taken.

Water and fodder are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing and thrashing operations are in progress in this District.

Standing crops.—Bilijola, cotton, kadale, paddy, castor, tobacco, wheat, sugar-cane and chillies are reported to be generally in a fair condition.

Seeds sown.—Nil.

Crops harvested.—Chitaldrug—Kadale, bilijola, 8 annas; Chellakere—Paddy 8 annas; Hiriyur—Wheat, kadle and bilijola 4 annas; Holekere—Ragi, togari and avare, Davangere—Sugar-cane, cotton, bilijola and kadle 8 annas; Molakalmuru—Castor and cotton, 8 annas; Jagalur—Kadale and horsegram, 6 annas; Hosdurga—Bilijola.

10. Prospects of the season are fair. Prices of the foodstuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for Naradi disease at Kalledevarpura in Jagalur Taluk and that necessary reference made to the Veterinary Inspector. It is also reported that the foot and mouth disease at Kurudi village in Davangere Taluk is subsiding.

Water and fodder are available.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 24th February 1928.

R. A. NARASIMHA IYENGAR,
For *Revenue Commissioner.*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 18TH FEBRUARY 1928.

A total of 16 attacks with 12 deaths from plague was returned during the week the districts affected being, Kolar, Mysore, Hassan Shimoga and Chitaldrug. The Cities of Bangalore and Mysore returned one attack with nil deaths and 1 attack with 2 deaths respectively while the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 222 attacks with 142 deaths in 1925, and 56 attacks with 34 deaths in 1926.

3. The State continued to remain free from cholera, influenza and relapsing fever.

4. A total of 83 deaths from small-pox was returned for five villages in Chamarajnagar Taluk, the towns of Chamarjnagar, Mandya and Shimoga and the Cities of Bangalore and Mysore.

5. The total mortality for the Bangalore City amounted to 65, representing a calculated annual ratio of 28·50 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 2 under malaria, 16 under pneumonia, 2 under other fevers, 6 under phthisis, 2 under dysentery and diarrhœa and 37 under all other causes.

6. The total mortality for the Mysore City for the week was 133, representing a calculated annual ratio of 82·38 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 73, plague 2, malaria 1, pneumonia 12 phthisis 2, dysentery and diarrhœa 4 and all other causes 40.

7. There were 37 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 21·49 per mille of population against the average ratio of 24·71 for 1926. The deaths numbered pneumonia 3, phthisis 1, dysentery and diarrhœa 5 and all other causes 28.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 25TH FEBRUARY 1928.

A total of 25 attacks with 13 deaths from plague was returned during the week, the Districts affected being Bangalore, Kolar, Tumkur and Shimoga. The City of Mysore and Kolar Gold Fields area reported no cases from the disease while Bangalore City returned 2 attacks with one death.

2. Comparative figures for the corresponding week was 220 attacks with 138 deaths in 1925 and 12 attacks with 11 deaths in 1926.

3. The State continued to remain free from cholera, influenza and relapsing fever.

4. A total of 48 deaths from small-pox was returned during the week for one village in each of Honnali and Tirthahalli Taluks, the towns of Channapatna and Gundlupet, and the Cities of Mysore and Bangalore and the Kolar Gold Fields area.

5. The total mortality for the Bangalore City amounted to 75 representing a calculated annual ratio of 32·80 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 1 under small-pox, 5 under plague, 6 under malaria, 10 under pneumonia, 1 under typhoid, 3 under other fevers, 2 under phthisis, 3 under dysentery and diarrhœa and 44 under all other causes.

6. The total mortality for the Mysore City for the week was 97 equivalent to a calculated annual ratio of 60·00 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 41, malaria 3, pneumonia 7, other fevers 1, phthisis 1, dysentery and diarrhœa 8 and all causes 36.

7. There were 37 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 21·46 per mille of population against the average ratio of 24·71 for 1926. The deaths numbered 1 under plague, 3 under pneumonia, 1 under other fevers, 3 under dysentery and diarrhœa and 29 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner.

Kadle—(Bengal gram) Cicer Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—Nil.

State of standing crops.—Paddy and sugar-cane and mulberry are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in some parts of Bangalore, Magadi, Channapatna and Devanhalli Taluks and Closepet Sub-Taluk.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Chapperoga and Doddaroga" in parts of Channapatna and Anekal Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Nat-ragi and sugar-cane in Bowringpet Taluk and paddy in Goribidnur Taluk.

Crops harvested.—Sugar-cane and togari are being harvested in parts of the District.

Standing crops.—Paddy, sugar-cane and cholum and potatoes are reported to be in good condition.

10. *Prospect of the season.*—Fair. Prices of food grains—Stationary. Labour is available for cooly classes.

11. Cattle—Healthy. Pasture, fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy in some parts of Maddagiri Taluk and Koratagere Sub-Taluk.

Crops harvested.—Sugar-cane in parts of Maddagiri Taluk.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of black quarter in some parts of Tumkur and Maddagiri Taluks, cattle in other parts of the District are reported to be healthy. Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Hunsur and Krishnarajpete Taluks.

Standing crops.—Paddy, tobacco, sugar-cane, mulberry, kadale, til, togari, samé, navane, chillies, groundnut, black and green grams are reported to be fair.

Seeds sown.—Nil.

Crops harvested.—Kadale in parts of Nagamangala Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Malvalli Taluk.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Doddaroga in Kangaki, Erasavadi, Nasanepura of Chamarajnagar Taluk and in Chinkurli of Krishnarajpete Taluk nd Chapperoga in Sadagonahalli of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department, has been written to take necessary reventive measures.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Sugar-cane is being transplanted in parts of Channarayapatna Taluk.

Standing crops.—It is reported that sugar-cane in the Hole-Narsipur, Belur, Arsikere and Channarayapatna Taluks, and the Alur Sub-Taluk and kadale in the Belur and Channarayapatna Taluks and kar paddy in the Manjarabad and Arsikere Taluks are in good condition.

Crops harvested.—It is reported that kadle and sugar-cane in the Belur and Channarayapatna Taluks; Ragi and paddy in the Belur Taluk are being harvested.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy. Water and fodder are generally available. It is reported by the Amildar Arsikere Taluk, that a loan of Rs. 1,000 has been granted for the purchase of fodder in the villages of Kanakatte, Kittanakere and Bommasamudra where scarcity of fodder is felt. It is also reported that the villagers have been allowed to cut and use date leaves as fodder.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Channagiri, Sorab, Nagar and the Sub-Taluk of Kumsi.

Seeds sown.—Sugar-cane is being planted in the Taluks of Shikarpur, Tirthahalli and Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane in all the Taluks and in the Sub-Taluk of Kumsi and cotton in the Taluks of Channagiri and Honnali are reported to be in a fair condition.

Crops harvested.—Sugar-cane is being milled in all the Taluks and in the Sub-Taluk of Kumsi. Cotton is being harvested in the Taluks of Channagiri and Honnal

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy.

Fodder and water are reported to be available. Rinderpest is reported to be prevailing in Rajagondanahalli of Channagiri Taluk and foot and mouth disease in Benkikere village of the same Taluk.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Kadur Taluk.

Crops sown.—Kode paddy is being sown in Mudgere Taluk.

Standing crops.—Sugar-cane in Chikmagalur and Kadur, Tarikere and Koppa Taluks; coffee in Chikmagalur, Tarikere, Koppa and Mudgere Taluks, jolum in Kadur and Tarikere Taluks, bengal gram, and onions in Chikmagalur Taluk are reported to be thriving well.

Crops harvested.—Coffee in Chikmagalur and Koppa Taluks, sugar-cane in Chikmagalur, Kadur, Koppa Taluks, and Narasimharajapura Sub-Taluk, paddy and bengal gram in Chikmagalur Taluk, wheat in Kadur Taluk and horse gram in Tarikere Taluk.

10. Prospects of the season are fair.

Food grains are available, but their prices are steady.

11. Cattle are generally healthy throughout the District, but Rinderpest is reported to be prevailing in Sunklapura, Hulihalli and Anthargatta villages in Kadur Taluk and Ajjampur, Bettadahalli, Kottigehalli and Kudlur in Tarikere Taluk. Metricut roga is prevailing in Sarasipura, Koppa Taluk, and in Gonibede, Mudgere Taluk.

Water and fodder are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing and thrashing operations are still in progress in this District.

Standing crops.—Cotton, paddy, kadale, castor, tobacco, bilijola, sugar-cane, wheat, ground-nut and chillies are reported to be generally in a fair condition.

Seeds sown.—Nil.

Crops harvested.—Chellakere—Paddy, cotton and castor, 8 annas; Hiriyur—Kadle, bilijola and cotton, 4 to 6 annas; Davangere—Cotton, kadale and sugar-cane, 8 annas; Molakalmuru—Cotton, castor and wheat, 8 annas; Jagalur—Bilijola, and kadale, 6 annas; Hosdurga—Castor and bilijola; Harihar—Cotton, 5 annas.

10. Prospects of the season are fair. Prices of the foodstuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for foot and mouth disease at Devasamudra and Rinderpest at Hirekerehalli in Molakalmuru Taluk. It is reported that the cattle in Namalihalli village, Jagalur Taluk are dying and that the nature of the disease is not known and the Veterinary Inspector attached to the Taluk has been addressed to take necessary steps in the matter.

Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore, Dated 13th March 1928.

P. G. D'SOUZA,
Revenue Commissioner.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 10TH MARCH 1928.

A total of 22 attacks with 12 deaths from plague was returned during the week, the districts affected being Bangalore, Kolar, Mysore and Shimoga. The Cities of Bangalore and Mysore returned 3 attacks with nil deaths and 2 attacks with 2 deaths respectively while the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 152 attacks with 83 deaths in 1925, and 54 attacks with 20 deaths in 1926

3. The State continued to remain free from relapsing fever.

4. Sixteen attacks with thirteen deaths from cholera were returned for Thalagunda of Shikarpur Taluk.

4. A total of 77 attacks with 59 deaths from small-pox was returned for the Towns of Channapatna and Hassan and the Cities of Mysore and Bangalore.

6. The total mortality for the Bangalore City amounted to 80, representing a calculated annual ratio of 35·08 per mille of population against the average ratio of 27·05 for 1926. Classified according to causes, the deaths numbered 2 under influenza, 2 under small-pox, 1 under malaria, 17 under pneumonia, 4 under other fevers, 5 under phthisis, 2 under dysentery and diarrhœa and 47 under all other causes.

7. The total mortality for the Mysore City for the week was 134, equivalent to a calculated annual ratio of 83·00 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 56, plague 2, malaria 6, pneumonia 10, other fevers 2, phthisis 5, dysentery and diarrhœa 7, and all other causes 46.

8. There were 46 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 26·67 per mille of population against the average ratio of 26·18 for 1926. The deaths numbered 3 under pneumonia, 1 under other fevers, 4 under phthisis, 6 under dysentery and diarrhœa, and 32 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner,

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that sugar-cane is being sown in some parts of Channapatna Taluk.

State of standing crops.—Paddy, sugar-cane and mulberry are reported to be in good condition.

Crops harvested.—Sugar-cane, ragi and potatoes are being harvested in some parts of Bangalore, Magadi, Nelamangala, Channapatna, Kankanhalli and Devanhalli Taluks and Closepet Sub-Taluk.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Chapperoga and Doddaroga in some parts of Dodballapur, Magadi and Anekal Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Sugar-cane in Bowringpet and Bagepalli Taluks.

Crops harvested.—Sugar-cane, potatoes, chillies and cholam are being harvested in parts of Kolar, Mulbagal, Chikballapur and Goribidnur Taluks and the Gudibanda Sub-Taluk.

Standing crops.—Paddy, sugar-cane, cholam and potatoes are reported to be in good condition.

10. *Prospects of the season.*—Fair. Prices of food grains—Stationary. Labour is available for cooly classes.

11. Cattle—Healthy. Pasture, fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy in some parts of Madhugiri.

Crops harvested.—Sugar-cane in some parts of Madhugiri; yields 8 annas. Paddy in some parts of Sira Taluk; yield 4 to 8 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of black quarter in some parts of Tumkur and Madhugiri Taluks and Anthrax in some parts of Sira Taluk, cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Krishnarajpete Taluk.

Standing crops.—Paddy, tobacco, sugar-cane, mulberry, kadale, til, chillies, groundnut are reported to be fair.

Seeds sown.—Nil.

Crops harvested.—Kadale in parts of Nagamangala Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Mandya and Malvalli Taluks.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Chapperoga in Chokkanahalli and Doddaroga in Chekka Tarahalli, Santhe Bachahalli, Hubbanahalli and in Hadanur Villages of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department, has been written to take necessary preventive measures.

HASSAN.

8. Well supplied.

9. *Standing crops.*—It is reported that sugar-cane in the Alur Sub-Taluk; sugar-cane and kar paddy in the Arsikere Taluk; sugar-cane in the Hole-Narsipur Taluk; kadle and sugar-cane in the Belur Taluk; sugar-cane in the Channarayapatna Taluk; and kode paddy in the Manjarabad Taluk are in good condition.

Crops harvested.—Kadle and paddy in the Belur Taluk and sugar-cane in the Hassan Taluk are reported to have been harvested.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy. Water and fodder are generally available. It is reported by the Amildar of Arsikere Taluk, that a loan of Rs. 1,000 has been granted for the purchase of fodder in the villages of Kanakatte, Kittanakere and Bommasamudra where scarcity of fodder is felt. It is also reported that the raiyats of eleven villages have been allowed to cut and use date leaves as fodder for their cattle.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Nil.

Seeds sown.—Sugar-cane is being planted in the Taluks of Shikarpur, Sagar and Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane in all the Taluks and in the Sub-Taluk of Kumsi, cotton in the Taluks of Channagiri and Honnali and green-gram in the Shimoga Taluk are reported to be in good condition.

Crops harvested.—Sugar-cane is being milled in all the Taluks and Sub-Taluk of Kumsi. Cotton is being harvested in the Taluks of Channagiri and Honnali.

10. The prospects of the season are reported to be good.

11 Cattle are reported to be generally healthy.

Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Kadur and Mudgere Taluks.

Crops sown.—Kode paddy is being sown in Mudgere Taluk.

Standing crops.—Sugar-cane in Chikmagalur, Kadur, Tarikere and Koppa Taluks; bengal gram in Chikmagalur and Tarikere Taluks; jolum in Kadur and Tarikere Taluks; coffee in Chikmagalur, Tarikere, Koppa and Mudgere Taluks, and wheat and onions in Chikmagalur Taluk are reported to be thriving well.

Crops harvested.—Sugar-cane in Chikmagalur, Kadur and Koppa Taluks; bengal gram in Chikmagalur and Kadur Taluks and Arecanut in Koppa Taluk.

10. Prospects of the season are fair.

Food grains are available, but their prices are steady.

11. Cattle are generally healthy throughout the District, but Rinderpest is reported to be prevailing in Sanklapura, Hulihalli and Anthargatte villages in Kadur Taluk and Ajjampura, Bettadahalli, Kottigehalu and Kudlur in Tarikere Taluk. Metricut roga is prevailing in Sarsipura, Koppa Taluk, and in Gonibid, Mudgere Taluk.

Water and fodder are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing and thrashing operations are yet in progress in this District.

Standing crops.—Cotton, paddy, kadle, castor, tobacco, bilijola, horsegram sugar-cane, wheat and chillies are reported to be generally in a fair condition.

Seeds sown.—Nil.

Crops harvested.—Challakere—Kadle, 8 annas; Hiriyur—Bilijola, cotton and paddy, 8 annas; Davangere—Cotton, kadle and sugar-cane, 8 annas; Molakalmuru—Cotton, castor and wheat, 8 annas; Jagalur—Bilijola, kadle and cotton, 6 annas; Hosdurga—Castor and bilijola and Harihar—Cotton, 5 annas,

10. Prospects of the season are fair. Prices of foodstuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for rinderpest at Kenchammanahalli village, Davangere Taluk and foot and mouth disease at Karadihalli, Molakalmuru Taluk. It is reported that the cattle at Aralikere village in Hiriyur Taluk and Thamalihalli village in Jagalur Taluk are dying and that the nature of the disease is not known. It is also reported that sheep are dying of small-pox at Huvinahole village in Hiriyur Taluk. The Veterinary Inspectors attached to Taluks have been addressed to take necessary steps in the matter.

Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore, Dated 27th March 1928.

P. G. D'SOUZA,
Revenue Commissioner.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 17TH MARCH 1928.

A total of 66 attacks with 39 deaths from plague was returned during the week, the Districts affected being Bangalore, Kolar, Tumkur and Shimoga. The Cities of Bangalore and Mysore returned 2 attacks with nil deaths and 1 attack with 1 death respectively while the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 97 attacks with 70 deaths for 1926, and 25 attacks with 20 deaths in 1925.

3. Five attacks with 3 deaths from cholera were returned for Thalagunda Village of the Shikarpur Taluk.

4. Twenty-one attacks with five deaths from Influenza were returned during the week for Hirikote of Belur Taluk and the City of Bangalore.

5. A total of 75 attacks with 42 deaths from small-pox was returned during the week for one village in each of Seringapatam Thirthahalli, Belur and Shikarpur Taluks, the towns of Sringeri and Channapatna, the cities of Mysore and the Kolar Gold Fields area.

6. The State continued to remain free from Relapsing Fever during the week.

7. The total mortality for the Bangalore City amounted to 98, representing a calculated annual ratio of 42·07 per mille of population against the average ratio of 27·06 for 1926. classified according to causes, the deaths numbered 1 under influenza, 22 under pneumonia 1 under malaria, 1 under typhoid, 4 under other fevers, 3 under phthisis, 6 under dysentery and diarrhœa and 60 under all other causes.

8. The total mortality for the Mysore City for the week was 119, equivalent to a calculated annual ratio of 73·70 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 38, plague 1, malaria 2, pneumonia 14, other fevers 1, phthisis 1, dysentery and diarrhœa 14, and all other causes 48.

9. There were 55 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 31·89 per mille of population against the average ratio of 26·18 for 1926. The deaths numbered 6 under pneumonia, 2 under phthisis, 2 under dysentery and diarrhœa, and 45 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner,

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Market well supplied.

9. *Agricultural operations.*—It is reported that sugar-cane is being sown in some parts of Channapatna Taluk.

State of standing crops.—Paddy, sugar-cane and mulberry are reported to be in good condition.

Crops harvested.—Sugar-cane, paddy, ragi and potatoes are being harvested in some parts of Bangalore, Hoskote, Dodballapur, Nelamangala, Kankanhalli, Magadi, Channapatna, Anekal and Devanhalli Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy all over the District, except for the prevalence of Chappe roga and Dodda roga in some parts of Hoskote, Magadi and Kankanhalli Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Crops sown.*—Sugar-cane in parts of Bowringpet, Chikballapur, Bagepalli and Goribidnur Taluks.

Crops harvested.—Sugar-cane in Kolar, Chintamani, Mulbagal, Chikballapur and Malur Taluks. Potatoes in Chikballapur Taluk and chillies and cholum in Goribidnur Taluk.

Standing crops.—Paddy, cholum and potatoes are reported to be in good condition.

10. *Prospects of the season.*—Fair. Prices of food grains—Stationary. Labour—is available for cooly classes.

11. Except for the prevalence of rinderpest in Narasapur and Nagalaveni villages of Goribidnur Taluk, blackquarter in the Mittemari Hobli in Bagepalli Taluk and some diseases among cattle in Vakkaleri and Kasaba Hoblis of Kolar Taluk, the cattle are reported to be healthy.

Fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy in parts of Chiknayakanhalli Taluk.

Crops harvested.—Paddy and castor in parts of Sira Taluk, yield 4 to 8 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except in some parts of Tiptur Taluk where foot and mouth disease is said to be prevailing the cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be available and adequate.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Hunsur, Malavalli and Krishnarajpete Taluks.

Standing crops.—Sugar-cane, mulberry, cotton and wheat.

Seeds sown.—Jola and til in parts of Chamarajnagar and Nagamangala Taluks, jola in parts of Gundlupet Taluk.

Crops harvested.—Sugar-cane in parts of Chamarajnagar Taluk.

10. Prospects of the season are reported to be fair.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Doddaroga in Aligodu villages of T.-Narsipur and in Bannenahalli and Jaginkere villages of Krishnarajpete Taluks.

The Superintendent, Civil Veterinary Department, has been written to take necessary preventive measures.

HASSAN.

8. Well supplied.

9. Ploughing operations are going on in the Channarayapatna and Hole-Narsipur Taluks.

Crops sowns.—Nil.

Standing crops.—Kode paddy in the Manjarabad Taluk, kar paddy in the Arsikere Taluk and sugar-cane in the Belur, Arsikere and Hole-Narsipur Taluks and in the Alur Sub-Taluk, are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in the Hassan Taluk.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for "Rinderpest" in the Muthige village, Hassan Taluk. It is reported that the Veterinary Inspector has been written to for taking preventive measures owing to insufficiency of fodder in 11 villages of the Kanakatte Hobli, Arsikere Taluk, the villagers are allowed to use date leaves as fodder for their cattle.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Channagiri, Shikarpur, Sorab, Nagar and Tirthahalli and the Sub-Taluk of Kumsi.

Seeds sown.—Sugar-cane is being planted in the Taluks of Shimoga, Shikarpur, Sagar, Nagar and in the Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane in all the Taluks and in the Sub-Taluk of Kumsi; cotton in the Taluks of Shimoga, Channagiri and Honnali are reported to be in good condition.

Crops harvested.—Sugar-cane is being milled in all the Taluks and in the Sub-Taluk of Kumsi, cotton is being harvested in the Taluks of Channagiri and Honnali.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available. Rinderpest is reported to be prevailing in the Hornahalli village of the Kumsi Sub-Taluk.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Kadur, Tarikere, Chikmagalur and Mudgere Taluks.

2. *Crops sown.*—Nil.

3. *Standing crops.*—Sugar-cane in Chikmagalur, Kadur and Tarikere Taluks; jolam in Kadur and Tarikere Taluks; coffee in Chikmagalur, Tarikere, Koppa and Mudgere Taluks; wheat and onions in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well.

Crops harvested.—Sugar-cane in Chikmagalur and Kadur Taluks; Bengal gram in Chikmagalur and Kadur Taluks; and garlic in Kadur Taluk.

10. Prospects of the season are fair.

Food grains are available, but their prices are steady.

11. Cattle are generally healthy throughout the District, but foot and mouth disease is reported to be prevailing in Bettagere village, Mudgere Taluk.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operation.*—Ploughing operations is yet in progress in the District.

Standing crops.—Paddy, cotton, castor, sugar-cane and chillies are reported to be generally in a fair condition.

Seeds sown.—Nil.

Crops harvested.—Chitaldrug—Cotton, 4 annas; Hiriyur—Cotton and paddy, 6 to 8 annas; Davangere—Cotton and sugar-cane, 8 annas; Molakalmuru—Cotton, paddy and castor, 8 annas; Hosdurga—Paddy, 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for rinderpest at Kenchammanahalli and Kurki villages in Davangere Taluk, Devasamudra in Molakalmuru Taluk and Madhure village, in Hosadurga Taluk. It is reported that the Veterinary Inspectors attached to Taluks are taking necessary action in the matter.

Water and fodder are available.

BANGALORE,
Dated 2nd—3rd April 1928.

R. ANANTASUBRAMANYAM,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 24TH MARCH 1928.

A total of 22 attacks with 16 deaths from plague was returned during the week, against 20 attacks with 13 deaths in the week previous, the districts affected being Kolar, Mysore, Hassan and Chitaldrug. The City of Mysore and the Kolar Gold Fields area continued to remain free from the disease while the City of Bangalore returned 4 attacks with 1 death during the week.

2. Comparative figures for the corresponding week were 88 attacks and 60 deaths in 1926, and 11 attacks with 5 deaths in 1927.

3. Three attacks with 3 deaths from cholera were returned for Thalagunda village of Shikarpur Taluk.

4. Twenty-one attacks with four deaths from Influenza were returned for one village in Kadur Taluk and the City of Bangalore.

5. The State continued to be free from Relapsing Fever during the week.

6. A total of 58 attacks with 42 deaths from small-pox was returned for one village in Narasimharajpura Taluk, the towns of Channapatna, Melkote, Sringere and the City of Mysore.

7. The total mortality for the Bangalore City amounted to 109, representing a calculated annual ratio of 47·80 per mille of population against the average ratio of 27·06 for 1926. Classified according to causes, the deaths numbered 4 under influenza, 1 under plague, 5 under malaria, 29 under pneumonia, 9 under other fevers, 6 under phthisis, 3 under dysentery and diarrhœa and 52 under all other causes.

8. The total mortality for the Mysore City for the week was 91, equivalent to a calculated annual ratio of 56·35 per mille of population against the average ratio of 24·71 for 1926. The causes of deaths were small-pox 32, malaria 3, pneumonia 16, phthisis 2, dysentery and diarrhœa 5, and all other causes 33.

9. There were 59 deaths from all causes reported from the Kolar Gold Fields equivalent to a calculated annual ratio of 34·20 per mille of population against the average ratio of 26·18 for 1926. The deaths numbered 8 under pneumonia, 1 under typhoid, 1 under other fevers, 4 under dysentery and diarrhœa, and 45 under all other causes.

S. SHIVA RAO,
For *Sanitary Commissioner*.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that sugar-cane is being sown in some parts of Channapatna Taluk.

State of standing crops.—Sugar-cane, mulberry, paddy and ragi are reported to be in good condition.

Crops harvested.—Sugar-cane, paddy, ragi and potatoes are being harvested in some parts of Bangalore, Hoskote, Dodballapur, Nelamangala, Kankanhalli, Magadi, Channapatna, Anekal and Devanhalli Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Chappe roga, Dodda roga and Rinderpest in some parts of Magadi, Nelamangala, Hoskote, and Anekal Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Bowringpet and Bagepalli Taluks.

Standing crops.—Paddy, cholum and potatoes are reported to be in good condition.

Crops sown.—Sugar-cane in parts of Bowringpet, Chikballapur, Bagepalli and Goribidnur Taluks; and paddy in Goribidnur Taluk.

Crops harvested.—Sugar-cane in Kolar, Bowringpet, Chintamani, Mulbagal, Chikballapur and Malur Taluks. Potatoes in Chikballapur Taluk and cholum and chillies in Goribidnur Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains Stationary. Labour is available for cooly classes.

11. Except for the prevalence of rinderpest in Narasapur and Kadalaveni villages of Goribidnur Taluk, and some cattle disease in Kolar Taluk, the cattle are reported to be healthy.

Fodder and drinking water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Sugar-cane in parts of Madhugiri Taluk yields 4 to 8 annas. Paddy in parts of Sira Taluk, yields 4 to 8 annas.

Standing crops.—Paddy, sugar-cane and cotton are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of black quarter in some parts of Madhugiri Taluk cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Hunsur, Heggaddevankote and Krishnarajpete Taluks.

Standing crops.—Sugar-cane, mulberry and wheat.

Seeds sown.—Jola in parts of Seringapatam, Nanjangud, Malvalli and Nagamangala Taluks; Til Nanjangud and Nagamangala Taluks.

Crops harvested.—Sugar-cane in parts of Krishnarajapete Taluk.

10. Prospects of the season are reported to be fair.

11. (1) Water and fodder are available.

(2) Cattle are reported to be generally healthy except for Doddaroga in Arakalavadi, Manchigudipura, Amachavadi, Zanagahalli and Bisalvadi villages of Chamrajnagar Taluk and in Doddakyathanahalli and Ikanahalli villages of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department, has been written to take necessary preventive measures.

HASSAN.

8. Well supplied.

9. It is reported that ploughing operations are going on in the Arkalgud and Channarayapatna Taluks.

Crops sown.—Nil.

Standing crops.—Kode paddy in the Manjarabad Taluk, kar paddy in the Arsikere Taluk, sugar-cane in the Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk, are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in the Hassan and Hole-Narsipur Taluks and in the Alur Sub-Taluk.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for "Chappe roga" in the Grama village, Hassan Taluk. The Veterinary Inspector has been written to, to take preventive measures. It is reported that "Rinderpest" is abating in the Kasaba and Sravanabelagola hoblies in the Channarayapatna Taluk. Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Shimoga, Channagiri, Shikarpur, Sorab, Nagar and Tirthahalli and in the Kumsi Sub-Taluk.

Seeds sown.—Sugar-cane is being planted in the Taluks of Shimoga, Sagar and in the Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane in all the Taluks and in the Sub-Taluk of Kumsi; cotton in the Taluks of Channagiri and Honnali are reported to be in good condition.

Crops harvested.—Sugar-cane is being milled in all the Taluks and in the Sub-Taluk of Kumsi, cotton is being harvested in the Taluks of Channagiri and Honnali.

10. The prospects of the season are reported to be good

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available. Rinderpest is reported to be prevailing in the Gondihosahalli of village Cahnnagiri taluk and foot and mouth disease in Sheregiri village of Kumsi Sub-Taluk.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Chikmagalur Kadur, Tarikere and Mudgere Taluks.

Crops sown.—Nil.

Standing crops.—Sugar-cane in Chikmagalur, Kadur and Tarikere Taluks; jolam in Kadur and Tarikere Taluks; coffee in Chikmagalur, Tarikere, Koppa and Mudgere Taluks; wheat, onions, garlic in Chikmagalur, Kadur and Tarikere Taluks, kode paddy in Chikmagalur Taluk are reported to be thriving well.

Crops harvested.—Sugar-cane in Chikmagalur, Kadur and Koppa Taluks; and also in Narasimharajapura Sub-Taluk, Bengal gram in Chikmagalur and Kadur Taluks.

10. Prospects of the season are fair.

Food grains are available, but their prices are steady.

11. Cattle are generally healthy throughout the District, but Rinderpest in Dornahal and Mundre villages in Tarikere Taluk and foot and mouth disease in Banakal Hobli in Mudgere Taluk, is reported to be prevailing. The Veterinary Inspector has been addressed to do the needful.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing operation is in progress in this District.

Standing crops.—Cotton, paddy, sugar-cane and tobacco are reported to be generally in a fair condition.

Seeds sown.—Nil

Crops harvested.—Chitaldrug—Cotton and kadle; Challakere—wheat and paddy, 8 annas; Hiriyur—Cotton and paddy, 6 annas; Davangere—Cotton and sugar-cane, 8 annas; Molakalmuru—sugar-cane and cotton, 8 annas;

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for rinderpest at Aralikere and Krishnapur villages in Hiriyur Taluk and Chikkayagati in Hosdurga Taluk and foot and mouth disease in Gollarhalli village, Davangere Taluk. Necessary steps have been taken in the matter by the Veterinary Inspectors attached to Taluks and rinderpest in Kurki and Kenchammanahalli villages is reported to be subsiding. Water and fodder are available. Drinking water difficulty is felt in many villages, as the wells are beginning to dry up. Rains are lagerly awaited.

Kadle—(Bengal gram) Ciser Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing is going on in parts of Anekal, Kankanhalli and Channapatna Taluks; sugar-cane is being harvested in parts of Dodballapur, Devanhalli, Kankanhalli and Nelamangala Taluks.

State of standing crops.—Paddy, sugar-cane and Mulberry are reported to in good condition.

Crops harvested.—*Vide* para 2 above.

10. *Prospects of the season.*—Good. Cooly classes find labour.

11. Cattle are reported to be healthy except in certain parts of Magadi, Anekal, Kankanhalli, Hoskote and Nelamangala Taluks, where Chepperoga and Doddaroga are prevalent.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Bowringpet, Chikballapur and Srinivaspur Taluks.

Standing crops.—Vaisakhy paddy, sugar-cane, potatoes and mulberry are reported to be in good condition. But the standing crops in Bagepalli Taluk are reported to be in urgent need of rains.

Crops sown.—Sugar-cane in parts of Bowringpet and Chikballapur Taluks.

Crops harvested.—Sugar-cane in Bowringpet, (Yield 8 to 10 annas), Chintamani, (yield 8 to 12 annas), Malur (yield 12 annas) and Chikballapur Taluks.

10. *Prospects of the season.*—Fair. Prices of food grains Stationary. Labour is available for cooly classes.

11. Except for the prevalence of rinderpest in Huttoor village of Kolar Taluk, and Avani Hobli in Mulbagal Taluk, black quarter and anthrax in some of the villages of kasaba Murugamalla, Ambajidurga, Chikballapur and Kaivara of Chintamani Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Paddyin parts of Tumkur, Madhugiri and Sira Taluks; yield 4 to 8 annas. sugar-cane in parts of Madhugiri jola in parts of Pavagada Taluk; yield 8 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Black quarter is reported to be prevailing in some parts of Tumkur Taluk. The Veterinary Inspector is reported to have been informed of the matter. Rinderpest is stated to have broken out in some parts of Pavagada Taluk. In other places cattle are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Sugar-cane mulberry and jola, are reported to be fair.

Seedssown.—Jola and til in parts of Hunsur Taluk.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Chamarajnagar and Mandya Taluks.

11. Cattle are reported to be generally healthy except for Doddaroga in Arakala vadi, Manchigudipura, Yanogahalli, Bisalavadi and Bedrapura villages of Chamrajnanagar Taluk and in Ooganahalli, Ipnahalli Mudlapura villages of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department, has been written to, to take necessary preventive measures.

Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in almost all the Taluks.

Crops sown.—Paddy in the Belur and Arsikere Taluks and in the Alur Sub-Taluk, til in the Channarayapatna and Arsikere Taluks, green-gram in the Channarayapatna and Hole-Narsipur Taluks and jolam in the Channarayapatna Taluk being sown.

Standing crops.—Kode paddy in the Manjarabad Taluk, sugar-cane in the Belur, Channarayapatna and Arsikere Taluks, kar paddy in the Arsikere Taluk, are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in the Hassan and Hole-Narsipur Taluks.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy; water and fodder are available.

SHIMOGA

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the Taluks except Sagar and Sub-Taluk of Kumsi.

Seeds sown.—Sugar-cane is being planted in the Taluks of Shimoga, Sorab and in the Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane is reported to be in good condition in all the Taluks and in the Kumsi Sub-Taluk.

Crops harvested.—Sugar-cane is being milled in the Taluks of Channagiri and Honnali.

10. The prospects of the season are reported to be generally healthy.

11. Cattle are reported to be generally healthy.

Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the Taluks and Sub-Taluks of the District.

Crops sown.—Nil.

Standing crops.—Sugar-cane in Chikmagalur, Kadur and Tarikere Taluks. Kode paddy and onions in Chikmagalur Taluk are reported to be thriving well.

Crops harvested.—Nil

10. Prospects of the season are fair but their prices are steady.

11. Cattle are generally healthy throughout the District, but it is reported that Rinderpest is prevailing in A sandi, Chiknallur, Anthragatte and Sankalapura in Hirenallur Hobli, Kadur Taluk, Gondenahalli in Tarikere Taluk, Sunkadamakki and Nemmar villages in Koppa Taluk and Narasimharajapura village. The Veterinary Inspector has been addressed to take the needful steps.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing operations are in progress in some of the Taluks of this District.

Standing crops.—Cotton, paddy, sugar-cane, and chillies are reported to be generally in a fair condition.

Seeds sown.—Nil.

Crops harvested.—Challakere—Paddy, 8 annas; Hiriyur—Cotton and paddy, 8 annas; Davangere—Cotton and sugar-cane, 8 annas; Jagalur—Cotton, 6 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be much the same as in the previous week. Cooly classes generally find labour.

11. The cattle are reported to be generally healthy except for rinderpest at Chikkayagati village in Hosdurga Taluk. It is reported that the foot and mouth and rinderpest diseases are subsiding at Gollarhalli and Kurki villages in the Davangere Taluk. Owing to the timely action taken by the Veterinary Inspectors.

Water and fodder are available. Drinking water difficulty is felt in many villages, as the wells are beginning to dry up. Rains are eagerly awaited.

BANGALORE,
Dated 24th April 1928.

H. K. RAMIENGAR,
For *Director*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 21ST APRIL 1928.

A total of 10 attacks with 7 deaths from plague was returned during the week against 3 attacks with onedeath during the week previous, the Districts affected being Bangalore Mysore, Hassan and Kolar. The Cities of Bangalore and Mysore and the Kolar Gold Field area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 37 attacks with 26 deaths in 1926 and 16 attacks with 11 deaths in 1927.

3. No cases from cholera or relapsing fever were returned during the week.

4. Two attacks with 2 deaths from influenza were reported for the Bangalore City.

5. A total of 72 attacks with 29 deaths from small-pox was returned for 2 villages in each of the Chamrajnagar and Arkalgud Taluks, one village in each of the Honnali and Tirthahalli Taluks, the towns of Chamrajnagar and Narasimharajapura and the Cities of Bangalore and Mysore.

6. The total mortality for the Bangalore City amounted to 81 representing a calculated annual ratio of 35·52 per mille of population against the average ratio of 27·06 for 1926. Classified according to causes, the deaths numbered 3 under small-pox, 4 under malaria, 17 under pneumonia, 3 under other fevers, 4 under phthisis, 4 under dysentery and diarrhœa and 46 under all other causes.

7. The total mortality for the Mysore City for the week was 68 representing a calculated annual ratio of 42·11 per mille of population against the average ratio of 35·30 for 1926. The causes of deaths were small-pox 6, pneumonia 5, other fevers 3, phthisis 7, dysentery and diarrhœa 6 and all other causes 41.

8. There were 33 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 19·13 per mille of population against the average ratio of 26·18 for 1926. The deaths numbered 3 under pneumonia, 3 under dysentery and diarrhœa and 27 under all other causes.

S. SIVA RAO,
For *Sanitary Commissioner.*

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that raiyats are busily engaged in ploughing and manuring their fields in parts of Kankanhalli, Magadi, Channapatna and Anekal Taluks.

State of standing crops.—Sugar-cane, Mulberry, ragi and paddy are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in parts of Kankanhalli, Magadi, Dodballapur and Devanhalli Taluks.

10. *Prospects of the season.*—Fair; Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Naradi Roga, Dodda Roga and Chappe Roga" in parts of Hoskote, Dodballapur, Magadi and Anekal Taluks.

Water and fodder are available; but rain is badly wanted.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Mulbagal and Chikballapur Taluks.

Standing crops.—Vaisakhy paddy, sugar-cane, mulberry and potatoes are reported to be in good condition. But the standing crops in Bagepalli Taluk are reported to be in urgent need of rains.

Crops sown.—Sugar-cane in Bowringpet, Mulbagal, Chikballapur and Goribidnur Taluks.

Crops harvested.—Sugar-cane in Bowringpet (Yield 8 to 10 annas), Chintamani (yield 8 to 12 annas), Malur (yield 12 annas) and Mulbagal, Chikballapur. Paddy in Goribidnur and Kolar and Gudibanda Sub-Taluks.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for cooly classes.

11. Except for the prevalence of rinderpest in parts of Kolar Taluk and in the villages of Kadalveni and Nakalahalli in Goribidnur Taluk, Avani Hobli in Mulbagal Taluk, black quarter and anthrax in some of the villages of kasaba, Murugamalle, Ambajidurga, Chilkal nerpu and Kaivara Hoblis of Chintamani Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Paddy in parts of Tumkur, Madhugiri and Gubbi Taluks; yields 4 to 8 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Black quarter is reported to be prevailing in some parts of Madhugiri and Gubbi Taluk. Rinderpest is reported to have broken out in some parts of Pavagada Taluk. It is reported that the Veterinary Inspector has been addressed in the matter. In other parts of the District cattle are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Sugar-cane mulberry, jola are reported to be fair.

Seeds sown.—Jola and til in parts of Hunsur, horsegram and till in parts of Yedatore and ragi and til in parts of Heggaddevankote Taluk.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Chamarajnagar, Malvalli and Mandya Taluks.

11. 1. Cattle are reported to be generally healthy except for Doddaroga in Nanje Devanapura, (2) Doddamole, (3) Udigala, (4) Yanagumba in Chamrajnagar Taluk and Chappe roga in Nada Boganahalli of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department, has been written to, to take necessary preventive measures.

Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Agricultural operations.*—Ploughing operations are going in almost all the Taluks.

Crops sown.—Paddy in the Manjarabad, Arkalgud and Belur Taluks and in the Alur Sub-Taluk, ti[1] and jolam in the Arsikere Taluk and green-gram and blackgram in the Hole-Narsipur Taluk are being sown.

Standing crops.—Kode paddy in the Manjarabad Taluk, kar paddy in the Arsikere Taluk, and sugar-cane in the Belur, Arsikere and Channarayapatna Taluks, are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in the Hassan and Hole-Narsipur Taluks.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy; water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Taluks of Channagiri, Honnali, Shikarpur and Sorab.

Seeds sown.—Sugar-cane is being planted in the Taluks of Shimoga, Sorab and in the Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane is reported to be in good condition in all the Taluks and Sub-Taluk of Kumsi.

Crops harvested.—Sugar-cane is being milled in the Taluks of Channagiri and Nagar.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy.

Fodder and water are reported to be available.

Rinderpest is reported to be prevailing in Chikk Uda village of Channagiri Taluk and in some villages of Holalur hobli of the Shimoga Taluk.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the Taluks and Sub-Taluks of the District.

Crops sown.—Nil.

Standing crops.—Sugar-cane in Chikmagalur, Kadur and Tarikere Taluks. Kode paddy and onions in Chikmagalur Taluk are reported to be thriving well.

Crops harvested.—Sugar-cane in Chikmagalur, Kadur and Tarikere Taluks.

10. Prospects of the season are fair.

Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the District ,but Rinderpest is reported to be prevailing in Bagguvalli village, Tarikere Taluk, Sunkadamakki and Nemmar villages, Koppa Taluk and Narasimharajapura village. The Veterinary Inspector has been addressed to take needful steps.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing operations are in progress in some of the Taluks of this District.

Standing crops.—Cotton, paddy, sugar-cane, and chillies are reported to be generally in a fair condition.

Seeds sown.—Nil.

Crops harvested.—Challakere—Paddy, 10 annas; Hiriyur—paddy 8 annas Davangere—Cotton and paddy, 8 annas; Molakalmuru—Cotton, and paddy and sugar-cane, 8 annas; Jagalur—Cotton and paddy, 6 annas; Hosdurga—Paddy 12 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationery. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for rinderpest at Visvanathanahalli village, Jagalur Taluk and Honnanaikanhalli village in Davangere Taluk. It is reported that the Veterinary Inspectors attached to Taluks have been addressed to take necessary steps in the matter.

Water and fodder are available. Drinking water difficulty is felt in many villages, as the wells are beginning to dry up. Rains are eagerly awaited.

BANGALORE,
Dated 30th April 1928.

H. K. RAMIENGAR,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 28TH APRIL 1928.

One attack and 2 deaths from plague were returned during the week against 10 attacks with 7 deaths during the previous week, the districts affected being Mysore and Kolar. The cities of Bangalore and Mysore and the Kolar Gold Fields area continued to remain free from infection.

2. Comparative figures for the corresponding week were 53 attacks with 35 deaths in 1926 and 5 attacks with 6 deaths in 1927.

3. No cases from cholera or relapsing fever were returned during the week.

4. A total of 49 attacks with one death from influenza was returned for one village in Channarayapatna Taluk and the city of Bangalore.

5. Under small-pox, a total of 23 attacks with 10 deaths was returned for 2 villages in Holalkere Taluk, one village in Chamrajnagar Taluk, the town of Narasimharajapura, Sringeri and Channapatna and the cities of Bangalore and Mysore.

6. The total mortality for the Bangalore City amounted to 86 representing a calculated annual ratio of 37·72 per mille of population against the average ratio of 27·03 for 1926. Classified according to causes, the deaths numbered 2 under small-pox, 4 under malaria, 16 under pneumonia, 1 under other fevers, 5 under phthisis, 6 under dysentery and diarrhœa and 52 under all other causes.

7. The total mortality for the Mysore City for the week was 47 representing a calculated annual ratio of 29·11 per mille of population against the average ratio of 35·30 for 1926. The causes of deaths were small-pox 1, malaria 2, pneumonia 4, typhoid 1, phthisis 3, dysentery and diarrhœa 9 and all other causes 27.

8. There were 45 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 26·09 per mille of population against the average ratio of 26·18 for 1926. The causes of deaths were pneumonia 2, other fevers 2, phthisis 3, dysentery and diarrhœa 2, and all other causes 36.

B. MOHAMED USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that raiyats are engaged in ploughing and manuring their fields in parts of Nelamangala, Kankanhalli, Magadi, Channapatna, Anekal and Devanhalli Taluks and Closepet Sub-Taluk. Sugar-cane is being sown in parts of Anekal and Channapatna Taluks.

State of standing crops.—Sugar-cane, mulberry, paddy and ragi are in good condition, except in Hoskote Taluk where paddy and sugar-cane are stated to be withering on account of failure of water in Hoskote tank.

Crops harvested.—Sugar-cane and Vaisakhi paddy are being harvested in parts of Kankanhalli, Magadi, Dodballapur and Devanhalli Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Chappe Roga, Dodda Roga and Naradi Roga in parts of Anekal, Closepet and Magadi Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Mulbagal Taluk and raiyats are engaged in carting manure in Chikballapur Taluk.

Standing crops.—Vaisaky paddy, sugar-cane, potatoes, jolum and mulberry are reported to be in good condition. In Bagepalli Taluk the standing crops are reported to be in urgent need of rains.

Crops sown.—Sugar-cane is being sown in Bowringpet Taluk and in parts of Chikballapur Taluk.

Crops harvested.—Sugar-cane in Bowringpet (yield 8 to 10 annas), Chintamani (yield 8 to 12 annas), Mulbagal and Chikballapur Taluks. Vaisaky paddy in Kolar and Gudibanda Sub-Taluks.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in parts of Kolar Taluk and in Avan village of Mulbagal Taluk, black quarter and anthrax in some of the villages of Kasaba Murugamalla, Ambajidurga, Chilkalnerpu and Kaivara Hoblis of Chintamani Taluk, the cattle are reported to be generally healthy.

Water and fodder are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Paddy in parts of Madhugiri, Sira and Pavagada Taluks; yield 4 to 8 annas.

Standing crops.—Paddy and sugar-cane are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in some parts of Gubbi and Pavagada Taluks, cattle in other parts of the District are reported to be healthy. Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Sugar-cane, mulberry, jola are reported to be fair.

Seeds sown.—Jola and til in parts of Hunsur; ragi in parts of Heggaddevankote; castor, togari in parts of Gundlupet Taluk.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Nanjangud, T.-Narsipur, Malvalli and Mandya Taluks.

11. Cattle are reported to be generally healthy except for Doddaroga in Arakalwadi, Manchigudipura, Bisalwadi of Chamrajnagar Taluk and Jaginakere village of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department, has been written to, to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Agricultural operations.*—Ploughing operations are going in almost all the taluks.

Crops sown.—Paddy in the Manjarabad Taluk, jolam and til in the Arsikere Taluk, and ragi in the Hole-Narsipur Taluk are being sown.

Standing crops.—Kode paddy in the Manjarabad Taluk, jolam, til and green gram in the Channarayapatna Taluk, kar paddy in the Arsikere Taluk, and sugar-cane in the Hassan, Belur, Channarayapatna and Arsikere Taluks, and in the Alur Sub-Taluk are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in the Hole-Narsipur Taluk.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for 'chappe roga' in the Banavase-village, Hassan Taluk. It is reported that the Veterinary Inspector has been written to for taking remedial measures. Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the taluks and Sub-Taluk of Kumsi.

Seeds sown.—Sugar-cane is being planted in the Taluks of Shimoga, Sorab and Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane is reported to be in a fair condition in all the Taluks and Sub-Taluk of Kumsi.

Crops harvested.—Nil.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be vailable. Some contagious disease is reported to be prevailing in the Kohalli village of Kumsi Sub-Taluk as a result of which the cattle die within a day of the attack. It is also reported that the concerned Veterinary Inspector has been written to in the matter.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the taluks and sub-taluks of the district.

Crops sown.—Paddy and ragi in Chikmagalur Taluk; paddy in Tarikere, Mudgere and Koppa Taluks.

Standing crops.—Sugar-cane in Chikmagalur Taluk and Kadur and Tarikere Taluks.

Crops harvested.—Sugar-cane in Chikmagalur, Kadur and Tarikere Taluks, Onions in Chikmagalur Taluk.

10. Prospects of the season are fair.

Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the district, but it is reported that foot and mouth disease is prevailing in Kallapura and Nagondanahalli villages, Kadur Taluk and Harandur village, Koppa Taluk and rinderpest in Narasimharajapura Town. The Veterinary Inspector has been addressed to take immediate needful steps.

Water and fodder for cattle are available in all the taluks and sub-taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing and carting manure to the fields are in progress in the district.

Standing crops.—Paddy, cotton sugar-cane, groundnut and chillies are reported to be generally in a fair condition.

Seeds sown.—Nil.

Crops harvested.—Challakere—Paddy, 10 annas; Hiriyur—Paddy 8 annas. Davangere—Cotton 8 annas. Molakalmuru—paddy, cotton, and sugar-cane, 8 annas. Jagalur—Cotton and paddy, 6 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for "Rinderpest" at Honnanaikanhalli village, in Davangere Taluk and for "Cotton contageous disease" at Suranahalli village, Challakere Taluk. It is reported that necessary steps are being taken in the matter by the Veterinary Inspectors attached to the taluks.

Water and fodder are available. Drinking water difficulty is felt in many villages, as the wells have dried up largely. There were a few showers during the week under report but more rains are urgently needed all over the district.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore, Dated 8th May 1928.

R. A. NARASIMHA IYENGAR,
Assistant Commissioner,
For *Revenue Commissioner*
absent from the station.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

A BRIEF REVIEW ON THE RECORDED VITAL STATISTICS FOR THE QUARTER ENDING 31ST DECEMBER 1927.

A statement showing by districts, the number of deaths, classified according to principal causes and the infantile mortality recorded during the quarter ending 31st December 1927, is appended.

Births.—The total number of births registered during the quarter ending 31st December 1927, was 27,069 as against 27,285 in the preceding quarter equivalent to a calculated annual ratio of 18·47 and 18·62 respectively per mille of population. The highest birth rate (21·74) was returned for the Bangalore District, the rates for the other districts ranging between 20·86 (Chitaldrug) and 12·98 (Hassan).

Deaths.—The number of deaths from all causes returned for the quarter totalled 22,092 yielding an annual ratio of 15·07 per mille of population as compared with 19,568 and 13·35 per mille respectively in the preceding quarter. The death rate for the Mysore District (15·21) was the lowest and that for the Shimoga District (22·72) the highest, the rates for the other districts ranging between 13·31 (Tumkur) and 18·52 (Kadur).

Deaths exceeded births in three districts, *viz.*, Hassan, Shimoga and Kadur.

The deaths among infants under one year of age were 2,458 as against 2,218 in the previous quarter. This gives an average of 90·72 per 1,000 of recorded births. The highest infantile mortality rate was returned for Kadur District (116·76). The rates were also high for Kolar (116·25) and Tumkur (103·73). In the other districts ther ecorded rates ranged between (54·66) Mysore and (94·93) Chitaldrug.

Plague.—Plague was returned for all the districts the total deaths from this cause being 1,026 as compared with 1,188 in the previous quarter, the highest number of deaths (268) being reported for Shimoga. The next highest rate was returned for Mysore (241) and Kolar (162).

The total number of anti-plague inoculations performed by the Medical Officers and Subordinates including District Health Officer Shimoga, was 17,627.

Cholera.—Six deaths were returned under this cause from Tumkur and Mysore Districts as against a total of 281 deaths reported in the preceding quarter.

Small-pox.—The recorded deaths under this cause were 167 as against 129 in the precedihg quarter, the district most affected being Mysore (74). The number of vaccinations performed during the quarter totalled 29,100.

During the quarter 10,983 deaths were returned as due to fevers as against 9,143 during the preceding quarter. The incidence of fevers in Mysore, Shimoga, Kolar and Tumkur was high as compared with other districts. Free distribution of quinine was made in the affected villages of the Malnad Districts.

The preliminary survey for Malaria and Hook-worm diseases under the direction of the International Health Board is in progress.

Eight hundred and eighty-one deaths from respiratory diseases were reported as against 612 in the previous quarter.

A total of 866 deaths under dysentery and diarrhœa was reported during the quarter as compared with 783 in the preceding quarter.

Three hundred and thirteen deaths were recorded as due to injuries including accidents, snake bite and suicide.

Under all other causes 7,850 deaths were returned as against 7,121 in the previous quarter.

General.—Viewed on whole, the public health during the quarter may be said to have been fairly satisfactory.

Statement showing the Vital Statistics for the quarter ending 31st December 1927.

Cholam—Sorghum Vulgare
Kadle—(Bengal gram) Cicer Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that raiyats are engaged in ploughing and manuring their fields throughout the District. Til and sugar-cane are being sown in parts of Anekal and Bangalore Taluks.

State of standing crops.—Sugar-cane, mulberry, ragi and paddy are reported to be in good condition except in Hoskote Taluk where paddy and sugar-cane are stated to be withering for want of water in Hoskote tank.

Crops harvested.—Sugar-cane is being harvested in parts of Magadi and Dodballapur Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Chappe Roga, Dodda Roga and Naradi Roga" in parts of Dodballapur, Bangalore, Anekal, Kankanhalli and Magadi Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in Bowringpet and Chikballapur Taluks.

Standing crops.—Sugar-cane, paddy, potatoes and mulberry are reported to be in good condition, but in Bagepalli Taluk the standing crops are reported to be in urgent need of rain.

Crops sown.—Sugar-cane is being sown in Bowringpet Taluk.

Crops harvested.—Sugar-cane in Chintamani Taluk, (yield 8 to 12 annas), Vaisaky paddy in Kolar, Goribidnur and Gudibanda Sub-Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Kathalavane, Nakkallahalli, Ranipur and Hosur villages of Goribidnur Taluk and in parts of Kolar Taluk. Black quarter and anthrax in some of the villages of Kasaba Murugamalla, Ambajidurga, Chilkalnerpur and Kaivara Hoblis, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Groundnuts in parts of Tumkur Taluk.

Crops harvested.—Paddy in parts of Tumkur, Sira and Pavagada Taluks; yield 8 annas.

Standing crops.—Paddy and sugar-cane are in good condition.

10. *Prospects of the season.*—Fair.

11. Except in some parts of Pavagada Taluk, cattle in other parts of the District are reported to be healthy.

Water and fodder are also reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Malvalli Taluk.

Standing crops.—Sugar-cane, mulberry, jola are reported to be fair.

Seeds sown.—Ragi and jola in parts of Heggaddevankote Taluk.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair.

11. 1. Cattle are reported to be generally healthy except for Doddaroga in Nanjedevanapura, Udigala, Yanagamba and Bisalwadi villages of Chamrajnagar Taluk.

The Superintendent, Civil Veterinary Department, has been written to, to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in some of the taluks.

Crops sown.—Giddaragi in the Hassan, Arkalgud, Belur and Hole-Narsipur Taluks, and in the Alur Sub-Taluk, paddy in the Hassan, Manjarabad, Arkalgud and Belur Taluks and in the Alur Sub-Taluk, til, jolam and cotton in the Belur and Arsikere Taluks and chillies and corriander in the Arsikere Taluk are being sown.

Standing crops.—Kode paddy in the Manjarabad Taluk, Sugar-cane in the Hassan, Belur, Arsikere and Channarayapatna Taluks, jolam and til in the Channarayapatna Taluk and kar paddy in the Arsikere Taluk are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in the Hole-Narsipur Taluk.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for "Rinderpest" in the Jodi Somanahalli, Belur Taluk, and "Foot and mouth disease" in parts of Agasarahalli and Aggdahalli villages in the Belur Taluk. The Veterinary Inspector has been written to take remedial measures. Water and fodder are available.

SHIMOGA

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the taluks and Sub-Taluk of Kumsi.

Seeds sown.—Paddy is being sown in the Taluks of Shimoga, Sagar and Nagar and Tirthahalli, Sugar-cane is being planted in the Sorab Taluk.

State of standing crops.—Sugar-cane is reported to be in a fair condition in all the Taluks and Sub-Taluk of Kumsi.

Crops harvested.—Nil.

10. The prospects of the season are reported to be good.

11. Cattle are reported to be generally healthy. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the taluks and sub-taluks of the District.

Crops sown.—Paddy and ragi in Chikmagalur Taluk; paddy in Tarikere, Mudgere and Koppa Taluks, til, green-gram, black-gram and jolam in Kadur Taluk.

Standing crops.—Sugar-cane in Chikmagalur Taluk, Kadur and Tarikere Taluks is reported to be thriving well.

Crops harvested.—Nil.

10. Prospects of the season are fair

Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the district, but it is reported that rinderpest is prevailing in Niduvale village Kadur Taluk, Sankadamakki and Nemmar villages, Koppa Taluk, and foot and mouth disease in Kelagoor and Kelagoor Estate villages, Mudgere Taluk. The Veterinary Inspector has been written to, to take necessary action.

Water and fodder for cattle are available in all the taluks and sub-taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing and carting manure to the fields are in progress in the district.

Standing crops.—Cotton, paddy, sugar-cane, and groundnut are reported to be generally in a fair condition.

Seeds sown.—Jola is being sown in Hosdurga Taluk.

Crops harvested.—Challakere—Paddy, 10 annas; Hiriyur—Paddy 8 annas. Davangere—Cotton, 8 annas. Molakalmuru—Cotton and paddy, 8 annas. Jagalur—Paddy and cotton, 6 annas.

10 Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for "Rinderpest" at Dodda Bathi in Davangere Taluk and Burudekatte in Hosdurga Taluk. It is reported that Veterinary Inspectors have been addressed to take necessary steps in the matter.

Water and fodder are available. There were good showers of rains in some of the taluks during the week under report but rains are needed all over the district generally.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 15th May 1928.

P. G. D SOUZA,
Revenue Commissioner,

Statement showing the prices current (retail) of rice (2nd sort), ragi and horsegram at the several Taluk Headquarters for the week ending Saturday, the 12th May 1928.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that raiyats are engaged in ploughing and manuring their fields. Sugar-cane and til are being sown in parts of Bangalore, Anekal and Kankanhalli Taluks.

State of standing crops.—Sugar-cane, mulberry, paddy and ragi are reported to be in good condition except in Hoskote Taluk, where sugar-cane and paddy are reported to be withering for want of adequate supply of water in Hoskote tank.

Crops harvested.—Vaisaki paddy is being harvested in parts of Devanhalli Taluk.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Dodroga and Naradi Roga in parts of Magadi, Nelamangala, Anekal and Kankanhalli Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. Raiyats are reported to be engaged in carting manure in Chikballapur Taluk. Sowing operations have been stopped for want of rain in Mulbagal Taluk.

Standing crops.—Standing crops such as sugar-cane, potatoes, mulberry and Vaisakhi paddy are reported to be in good condition, but in Bagepalli and Srinivaspur Taluks the standing crops are reported to be in urgent need of rain.

Crops sown.—Sugar-cane already sown is drying for want of rain in Mulbagal Taluk.

Crops harvested.—Vaisakhi paddy in Kolar, Gudibanda, Goribidnur and in some parts of Siddlaghatta and sugar-cane is harvested in Mulbagal Taluk, (yield 8 annas to 12 annas).

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Kathalavani, Nakkalahalli, Ranipur, and Hosur villages of Goribidnur and some parts of Gudibanda, and Kolar Black quarter in some villages of Kasaba Murugamalla, Ambajidurga, Kaivara and Chilkalnerpu Hoblies, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Black-gram, greengram, Jola in parts of Chiknayakanhalli Taluk.

Crops harvested.—Paddy in parts of Tumkur, Madhugiri, Sira and Pavagada Taluks, yield 8 annas.

Standing crops.—Paddy, sugar-cane in parts of Tumkur, Madhugiri, Chiknayakanhalli Taluks and Koratagere and Turuvekere Sub-Taluks, and are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in some parts of Pavagada Taluk, cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Malvalli Taluk.

Standing crops.—Jola, mulberry, till tadaguni, sugar-cane, paddy, black-gram, green-gram, ragi, avare, cotton, castor and togari reported to be in fair condition.

Seeds sown.—Ragi in parts of Hunsur and coriander in parts of Gundlupet Taluk.

Crops harvested.—Sugare-cane in parts of Yedatore and Krishnarajpete Taluks. (8 to 12 annas).

10. Prospects of the season are reported to be fair.

11. 1. Cattle are reported to be generally healthy except for Doddaroga in parts of Krishnarajpete, Nagamangala, Chamrajnagar Taluks and Chapperoga in parts of Krishnarajpete and Nagamangala Taluks.

The Superintendent, Civil Veterinary Department, has been written to, to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in some Taluks.

Crops sown.—Giddaragi in the Hassan, Belur and Hole-Narsipur Taluks; paddy in the Hassan and Belur Taluks; til, jolam and cotton in the Belur Taluk are being sown.

Standing crops.—Paddy in the Manjarabad and Channarayapatna Taluks; sugar-cane in the Belur, and Arsikere Taluks; jolam, til and green-gram in the Channarayapatna Taluk; ragi in the Hole-Narsipur Taluk; kar paddy in the Arsikere Taluk are reported to be good.

Crops harvested.—Sugar-cane is being harvested in the Hole-Narsipur Taluk.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for "Rinderpest" in Andale, Kamgdau and Gonisomanahalli in the Belur Taluk, Kittanakere in the Arsikere Taluk and in some parts of the Kasaba Hobli in the Hole-Narsipur Taluk. The Veterinary Inspector has been addressed to take remedial measures. Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the Taluks and Sub-Taluk of Kumsi.

Seeds sown.—Paddy is being sown in the Taluks of Sagar, Nagar and Tirthahalli.

State of standing crops.—Sugar-cane is reported to be in good condition in all the Taluks and Sub-Taluk of Kumsi.

Crops harvested.—Nil.

10. The prospects of the season are reported to be good. Cattle are reported to be generally healthy.

11. Fodder and water are reported to be available. Rinderpest is reported to be prevailing in Doddamallapur, Halemallapur, and Mudigere villages of Channagiri Taluk and Shettigalakoppa of the Tirthahalli Taluk.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the Taluks and Sub-Taluks of the District.

Crops sown.—Paddy and ragi in Chikmagalur Taluk; paddy in Tarikere, Koppa and Mudigere Taluks; til, jolam green-gram, black-gram and thadagani in Kadur Taluk.

Standing crops.—Sugar-cane in Chikmagalur, Kadur and Tarikere Taluks; paddy and ragi in Chikmagalur Taluk are reported to be thriving well.

Crops harvested.—Sugar-cane in Chikmagalur and Tarikere Taluks, kode paddy in Chikmagalur Taluk.

10. Prospects of the season are fair.

Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the District, but rinderpest is reported to be prevailing in Nemmar village, Koppa Taluk.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing and carting manure to the fields are in progress in the District.

Standing crops.—Sugar-cane, paddy, groundnut and cotton are reported to be generally in a fair condition.

Seeds sown.—Chitaldrug—Ground-nut, jola and sugar-cane; Hosdurga—Jola and til, etc.

Crops harvested.—Chitaldrug—Paddy. Challakere—Paddy 8 annas. Hiriyur—Paddy, 8 annas. Molakalmuru—Paddy 8 annas. Jagalur—Paddy 10 annas; cotton 6 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for "Rinderpest" at Kalapanahalli, Davangere Taluk and at Burudekatte in Hosdurga Taluk. It is reported that Veterinary Inspectors attached to Taluks are taking necessary steps in the matter.

Water and fodder are available. Drinking water difficulty is keenly felt in many of the villages as wells have dried up largely. Rains are badly all needed over the District.

BANGALORE,
Dated 21*st May* 1928.

R. ANANTASUBRAMANYAM,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 12TH MAY 1928.

A total of 3 attacks with 2 deaths from plague was returned during the week against nil attacks with nil deaths during the previous week, the districts affected being Bangalore and Mysore. The Cities of Bangalore and Mysore and the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 55 attacks with 28 deaths in 1926 and nil attacks with nil deaths in 1927.

3. No cases from cholera or Relapsing fever were returned during the week.

4. One attack with one death from influenza were returned for the Bangalore City.

5. A total of 24 attacks with 10 deaths from small-pox was returned for one village in each of the Channagiri, Koppa and Narasimharajpura Taluks. Two villages in Sagar Taluk and the town of Sagar and Channapatna and Cities of Bangalore and Mysore.

6. The total mortality for the Bangalore City amounted to 82 representing a calculated annual ratio of 36·80 per mille of population against the average ratio of 27·06 for 1926. Classified according to causes, the deaths numbered 2 under small-pox, 5 under malaria, 11 under pneumonia, 1 under typhoid, 6 under other fevers, 8 under phthisis, 5 under dysentery and diarrhœa and 44 under all other causes.

7. The total mortality for the Mysore City for the week was 50 representing a calculated annual ratio of 30·97 per mille of population against the average ratio of 35·30 for 1926. The causes of deaths were small-pox 1, malaria 4, pneumonia 5, phthisis 2, dysentery and diarrhœa 10 and all other causes 31.

8. There were 34 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 19·76 per mille of population against the average ratio of 26·18 for 1926. The deaths numbered 5 under pneumonia, 2 under other fevers, 1 under phthisis, 8 under dysentery and diarrhœa and 18 under all other causes.

S. SHIVA RAO,
For *Sanitary Commissioner*.

Ragi—Eleusine Corocana
Kulthi—(Horse gram) Dolichios Biflorus
Cholum—Sorgaum Vulgere
Kadle—(Bengal gram) Ciser Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9. *Agricultural operations.*—It is reported that raiyats are busily engaged in ploughing and manuring their fields and that sugar-cane and til are being sown in parts of Bangalore, Anekal and Hoskote Taluks.

State of standing crops.—It is reported that sugar-cane, mulberry, paddy and ragi are in good condition except under Hoskote Tank, where sugar-cane and paddy are stated to be withering for want of sufficient water in that tank.

Crops harvested.—Vaisaki paddy is being harvested in parts of Devanhalli and Dodballapur Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Chapperoga", "Doddaroga" and "Naradiroga" in parts of Dodballapur, Magadi and Anekal Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Raiyats are reported to be engaged in carting manure in Chikballapur Taluk. Ploughing operations has been stopped for want of rain in Mulbagal Taluk.

Standing crops.—Standing crops such as sugar-cane, potatoes, mulberry and Vaisakhy paddy are reported to be in good condition, but in Bagepalli and Srinivaspur Taluks the standing crops are reported to be in urgent need of rain.

Crops sown.—Sugar-cane already sown is drying for want of rain in Mulbagal Taluk.

Crops harvested.—Vaisakhy paddy in Kolar, Gudibanda, Goribidnur and in some parts of Siddlaghatta and sugar-cane is harvested in Mulbagal Taluk (yield 8 annas to 12 annas).

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Kathalvani, Naklahalli, Ranipur, and Hosur villages of Goribidnur and in some parts of Gudibanda, and Black quarter in some villages of Kasaba Murugamalla, Ambajidurg, Kaivara and Chilkalnerpu hoblies, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Til, black-gram, green-gram, and jola in parts of Chiknayakanhalli Taluk.

Crops harvested.—Paddy, sugar-cane in parts of Madhugiri, Chiknayakanhalli and Sira Taluks; yield 8 annas.

Standing crops.—Paddy, sugar-cane in parts of Tumkur, Madhugiri, Chiknayakanhalli, Gubbi, Pavagada Taluks and are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in some parts of Tumkur and Pavagada Taluks, cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

A few cases of Cholera have occurred at Chiknayakanhalli and one or two cases in Pallavalli, Pavagada Taluk.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Malvalli Taluk.

Standing crops.—Sugar-cane, mulberry, jola, horse-gram, togari, and til are reported to be fair.

Seeds sown.—Coriander in parts of Gundlupet Taluk.

Crops harvested.—Sugar-cane in parts of Yedatore Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Nanjangud Taluk.

11. (1) Cattle are reported to be generally healthy.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Giddaragi and paddy in the Arkalgud and Belur Taluks; jolam and til in the Belur Taluk have been sown.

Standing crops.—Sugar-cane in the Hassan, Belur, Channarayapatna and Arsikere Taluks; jolam, til and green-gram in the Channarayapatna Taluk; karpaddy in the Arsikere Taluk and ragi in the Hole-Narsipur Taluk are reported to be in a good condition.

Crops harvested.—Sugar-cane is being harvested in the Hole-Narsipur Taluk.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for "Foot and mouth disease" in Andale, Gopanahalli, Settigere villages and in some parts of Haebid Hobli, Belur Taluk; "Rinderpest" in parts of Kasaba and Doddakadanur Hoblies, Hole-Narsipur Taluk and "Parastic Diarrhœa" in the Yadur village, Alur Sub-Taluk. The concerned Veterinary Inspectors have been addressed to take remedial measures to arrest the diseases prevailing in these parts.

Water and fodder are generally available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the Taluks and Sub-Taluk of Kumsi.

Seeds sown.—Paddy is being sown in the Taluks of Sagar, Nagar and Tirthahalli.

State of standing crops.—Sugar-cane is reported to be in good condition in all the Taluks and Sub-Taluk of Kumsi.

Crops harvested.—Nil.

10. The prospects of the season are reported to be good. Cattle are reported to be generally healthy.

11. Rinderpest is reported to be prevailing in the Hulikere village of Channagiri Taluk. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the Taluks and Sub-Taluks of the district.

Crops sown.—Paddy and ragi in Chikmagalur Taluk; paddy in Tarikere, Koppa and Mudgere Taluks and also in Narasimharajapura and Sringeri Sub-Taluks; til, jolam, green-gram, black-gram and thadagani in Kadur Taluk.

Standing crops.—Sugar-cane in Chikmagalur, Kadur and Tarikere Taluks. Paddy and ragi in Chikmagalur Taluk. Paddy in Tarikere, Koppa and Mudgere Taluks and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

Crops harvested.—Sugar-cane and kode paddy in Chikmagalur and Mudgere Taluks.

10. Prospects of the season are fair. Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the district, but it is reported that rinderpest in Nidavalli village, Kadur Taluk, Chapperoga in Hosahalli village, Tarikere Taluk, and foot and mouth disease in Narsipur village, Koppa Taluk, are prevailing.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the district.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing and carting manure, etc., are in progress in this district.

Standing crops.—Paddy, sugar-cane and groundnut are reported to be generally in a fair condition.

Seeds sown.—Chitaldrug—Groundnut and jola. Holalkere—Groundnut and jola. Hosdurga—Jola and til.

Crops harvested.—Challakere—Paddy, 8 annas; Hiriyur—Paddy, 8 annas; Jagalur—Paddy, 10 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for rinderpest at Karur and Kalapanahalli village in Davangere Taluk. It is reported that Veterinary Inspector attached to the Taluk has been addressed to take necessary steps in the matter.

Water and fodder are available. Drinking water difficulty is felt in many villages as the wells have largely dried up. It is reported that some of the tanks in Chitaldrug Taluk got some supply by the recent rains. More rains are needed all over the district.

BANGALORE,
Dated 28--29th May 1928.

D. SESHAGIRI RAO,
For *Director.*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 19TH MAY 1928.

A total of 4 attacks with 2 deaths from plague was returned during the week against 3 attacks with 2 deaths during the previous week, the districts affected being Bangalore and Kolar. The Cities of Bangalore and Mysore and the Kolar Gold Field area continued to remain free from the disease.

2. Comparative figures for the corresponding week were One attacks with nil death in 1925 and 46 attacks with 31 deaths in 1926.

3. Two imported attacks of cholera were returned for the Bangalore City.

4. One attack with one death from influenza were returned for the Bangalore City.

5. The State continued to remain free from relapsing fever during the week.

6. A total of 31 attacks with 4 deaths from small-pox was returned for two villages in Narasimharajapura Taluk, one village in Belur Taluks the towns of Narasimharajapura and the Sringeri and Cities of Bangalore and Mysore.

7. The total mortality for the Bangalore City amounted to 87, representing a calculated annual ratio of 39·00 per mille of population against the average ratio of 27·06 for 1926. Classified according to causes, the deaths numbered 1 under influenza, 3 under small-pox, 2 under malaria, 26 under pneumonia, 1 under typhoid, 2 under other fevers, 5 under phthisis, 7 under dysentery and diarrhœa and 46 under all other causes.

8. The total mortality for the Mysore City for the week was 47, representing a calculated annual ratio of 29·11 per mille of population against the average ratio of 35·30 for 1926. The causes of deaths were small-pox 1, malaria 1, pneumonia 11, phthisis 6, dysentery and diarrhœa 6 and all other causes 22.

9. There were 40 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 23·19 per mille of population against the average ratio of 26·18 for 1926. The deaths were pneumonia 4, other fevers 1, phthisis 1, dysentery and diarrhœa 3, and all other causes 31.

B. MAHOMED USMON,
Sanitary Commissioner.

NOTE.—Rice (husked)—Oryza Sativa.
Ragi—Eleusine Coracana
Kulthi—(Horse gram) Dolichos Biflorus
Cholum—Sorghum Vulgare
Kadle—(Bengal gram) Cicer Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Markets supply :—Well supplied.

9. *Agricultural operations.*—Raiyats are busily engaged in ploughing and manuring their fields. It is reported that til and ground nuts are being sown in parts of Hoskote and Bangalore Taluks and Closepet Sub-Taluk.

State of standing crops.—It is reported that sugar-cane, mulberry, paddy, ragi and til are in good condition.

Crops harvested.—Vaisaki paddy is being harvested in parts of Dodballapur, Hoskote and Devanhalli Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for prevalence of "Chapperoga" and "Doddaroga" in parts of Anekal, Magadi, Kankanhalli and Dodballapur Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Raiyats are reported to be engaged in carting manure, in Chikballapur and Srinivaspur Taluks. Ploughing operations are going on in Kolar and Mulbagal Taluks, but in Kolar Taluk rain is not enough for commencing ploughing operations.

Standing crops.—Standing crops such as sugar-cane, potatoes, and paddy are in good condition, all over except in the Kolar, Bagepalli and Mulbagal Taluks.

Crops sown.—Sugar-cane is being sown in Gudibanda Taluk. Sowing operation has not yet been commenced for want of rain in Chikballapur Taluk.

Crops harvested.—Vaisaky paddy is being harvested in Sidlaghatta Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Except for the prevalence of rinderpest in Holur village of Kolar Taluk, Black-quarter and anthrox in Duggasandra Hobli of Mulbagal Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Sugar-cane in parts of Kunigal Taluk and jola in parts of Turuvekere Sub-Taluk.

Crops harvested.—Paddy in parts of Madhugiri, Chiknayakanhalli, Sira, Kunigal Taluks and Koratagere Sub-Taluk; yield 8 annas.

Standing crops.—Paddy and sugar-cane in parts of Tumkur, Madhugiri, Gubbi, Kunigal Taluks and Koratagere and Turuvekere Sub-Taluks. black-gram, green-gram and jola in parts of Chiknayakanhalli and Tiptur Taluks are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in some parts of Tumkur, Gubbi and Pavagada Taluks, cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Sugar-cane, mulberry, jola, horse-gram, togari, and til are reported to be fair.

Seeds sown.—Nil.

Crops harvested.—Sugar-cane in parts of Hunsur and Krishnarajpet Taluks.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Chamrajnagar, Seringapatam, Hunsur, Nanjangud, T.-Narsipur and Malavalli Taluks.

11. (1) Cattle are reported to be generally healthy except for Chappe-roga in Sundahalli of Mandya Taluk and Doddaroga in Jainanahalli of Krishnarajpet Taluk.

2. The Superintendent Civil Veterinary Department has been written to take necessary preventive measures.

3. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy, giddaragi, jolam and til are being sown in the Belur Taluk.

Standing crops.—Paddy in the Manjarabad Taluk; sugar-cane in the Hassan, Belur, Arsikere and Channarayapatna Taluks; and in the Alur Sub-Taluk, jolam, til and green-gram in the Channarayapatna Taluk; are reported to be in good condition. Standing crops in almost all the Taluks are reported to be in need of rains early.

Crops harvested.—Kodepaddy in the Manjarabad Taluk, sugar-cane in the Hole-Narsipur Taluk are being harvested.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be healthy except for "Rinderpest" in Gorur and Mallenahalli villages in the Hassan Taluk; and in jodi Settigere and Karigada, in the Belur Taluk and "Parastic Darrahoea" in the Yadur village, Alur Sub-Taluk.

The Veterinary Inspectors concerned have been addressed to take remedial measures to arrest the diseases.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the Taluks and in the Sub-Taluk of Kumsi.

Seeds sown.—Paddy is being sown in the Taluks of Chennagiri, Sagar, Nagar, Tirthahalli and in the Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane is reported to be in good condition in the Taluks of Shimoga, Shikarpur, Nagar and in the Sub-Taluk of Kumsi.

Crops harvested.—Nil.

10. The prospects of the season are reported to be generally good and cattle are reported to be generally healthy.

11. Rinderpest is reported to be prevailing in the Kasipura village of Channagiri Taluk. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. 1. *Agricultural operations.*—Lands are being ploughed in all the Taluks and Sub-Taluks of the district.

2. *Crops sown.*—Paddy in all the Taluks and Sub-Taluks of the District; ragi in Chikmagalur Taluk; til, jolam, green-gram, black-gram and thadagani in Kadur and Tarikere Taluks.

3. *Standing crops.*—Sugar-cane, ragi, and paddy in Chikmagalur Taluks. Sugar-cane, jolam, til, tadagani green-gram and black-gram in Kadur and Tarikere Taluks, kodepaddy in Chikmagalur and Mudgere Taluks are reported to be thriving well.

4. *Crops harvested.*—Kode paddy in Chikmagalur and Mudgere Taluks, sugar-cane in Tarikere Taluk and paddy in Devanur Hobli Kadur Taluk.

10. Prospects of the season are fair. Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the district, but rinderpest in Nimmar village, and foot and mouth disease in Narsipura village, Koppa Taluk, are reported to be prevailing. The Veterinary Inspector has been addressed to take early necessary action.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the district.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing sowing and carting manure, etc., are being carried on in the district.

Standing crops.—Sugar-cane paddy and groundnut are reported to be generally in a fair condition.

Seeds sown.—Chitaldrug—Jola and groundnut. Holalkere—Jola, groundnut and togari. Hosdurga—Jola and til.

Crops harvested.—Challakere—Paddy, (8 annas); Jagalur—Paddy 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for rinderpest at Thanikehalli in Holalkere Taluk and "Chappe" disease at Hirearikere village in Jagalur Taluk. It is reported that cattle at Dodda Inganahalu village in Chitaldrug are dying on account of nervous disease. Necessary steps are reported to have been taken by the Veterinary Inspectors of the Taluks.

Water and fodder are available. Drinking water difficulty is felt in some of the places as the wells have dried up. Rains are needed all over the district generally.

C. SESHACHAR,
Meteorological Reporter.

Bangalore,
Dated 6th June 1928.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 26TH MAY 1928.

A total of one attack with nil death from plague was returned during the week as against 4 attacks with 2 deaths in the previous week, the districts affected being Bangalore. The Cities of Bangalore and Mysore and the Kolar Gold Field area continued to remain free from the disease.

2. Comparative figures for the corresponding weeks were 20 attacks with 13 deaths in 1926 and 2 attacks with nil deaths in 1927.

3. A total of 61 attacks with 30 deaths from cholera was returned for one village in Pavagada Taluk and the Chiknayakanhalli Town.

4. One attack with one death from influenza was returned for Bangalore City.

5. The State continued to remain free from relapsing fever during the week.

6. A total of 4 attacks with nil deaths from small-pox was returned for Bangalore City.

7. The total mortality for the Bangalore City amounted to 92, representing a calculated annual ratio of 40·36 per mille of population against the average ratio of 27·06 for 1926. Classified according to causes, the deaths numbered 1 under influenza, 4 under malaria, 19 under pneumonia, 1 under typhoid, 7 under fevers, 7 under phthisis, 4 under dysentery and diarrhœa and 49 under all other causes.

8. The total mortality for the Mysore City for the week was 45, representing a calculated annual ratio of 27·87 per mille of population against the average ratio of 35·30 for 1926. The causes of deaths were malaria 1, pneumonia 10, typhoid 1, phthisis 2, dysentery and diarrhœa 9. and all other causes 22.

9. There were 32 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 18·55 per mille of population against the average ratio of 26·18 for 1926. The deaths were pneumonia 2, phthisis 1, dysentery and diarrhœa 3 and all other causes 26.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Markets supply :—Well supplied.

9. *Agricultural operations.*—It is reported that ryots are busily engaged in ploughing and manuring their fields and that sugar-cane, til and groundnuts are being sown in several parts of the District.

State of standing crops.—It is reported that sugar-cane, mulberry, paddy, ragi and til are in good condition.

Crops harvested.—Vaisaki paddy is being harvested in Magadi and Dodballapur Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for prevalence of 'Naradiroga' and Doddaroga and Chapperoga in parts of Nelamangala, Kankanhalli and Magadi Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Ploughing operation is going on in the Kolar, Bowringpet, Mulbagal, Chikballapur, Srinivaspur and Gudibanda Taluks. But rain is not enough for tilling the ground in the Mulbagal Taluk.

Standing crops.—Standing crops such as sugar-cane and paddy are reported to be in good condition. But the standing crop in Kolar and Bagepalli Taluks is in urgent need of rain.

Crops sown.—Groundnut is being sown in Bowringpet Taluk.

Crops harvested.—Vaisaky paddy is being harvested in Sidlaghatta, Mulbagal and Goribidnur Taluks.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Except for the prevalence of rinderpest in Guthahalli village of Kolar Taluk and in villages of Kondamari, Kasettipalli, Manchuneelakota of Srinivaspur Taluk, Dupetti of Gudibanda Sub-Taluk in some villages of Goribidnur Taluk and Avani Hobli in Mulbagal Taluk; Blackquarter and anthrox in Chintamani Bagepalli Taluks, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Sugar-cane in parts of Kunigal Taluk and jola in parts of Turuvekere Sub-Taluk.

Crops harvested.—Paddy in parts of Madhugiri. Chiknayakanhalli, Sira, Kunigal Taluks and Koratagere Sub-Taluk. Sugar-cane in parts of Kunigal Taluk and Turuvekere Sub-Taluk yield 8 annas.

Standing crops.—Paddy and sugar-cane in parts of Madhugiri, Kunigal Taluks, Keratagere and Turuvekere Sub-Taluks. Jola, black-gram, green-gram in parts of Chiknayakanhalli and Tiptur Taluks and are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in some parts of Tumkur, Chiknayakanhalli and Pavagada Taluks, cattle in other parts of the District are reported to be healthy.

Water and fodder are reported to be available and adequate at present.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Seringapatam and Malvalli Taluks.

Standing crops.—Sugar-cane, jola, mulberry, horse-gram, togari, til and coriander are reported to be fair.

Seeds sown.—Castor, togari and groundnut in parts of Gundlupet Taluk.

Crops harvested.—Sugar-cane in parts of Yedatore Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Chamrajnagar, Nanjangud, T.-Narsipur. Malvalli, Mandya and Nagamangala Taluks.

11. (1) Cattle are reported to be generally healthy except for Doddaroga in Bhadrasana Koppal of Krishnarajpete Taluk.

2. The Superintendent Civil Veterinary Department has been written to take necessary preventive measures.

3. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Ragi and jolam are being sown in the Hole-Marsipur Taluk, giddaragi is being transplanted in the Arkalgud Taluk.

Standing crops.—Paddy in the Manjarabad and Belur Taluks and in the Alur Sub-Taluk; sugar-cane in the Hassan, Arsikere and Channarayapatna Taluks; and in the Alur Sub-Taluk, ragi in the Belur Taluk and in the Alur Sub-Taluk; jolam in the Belur and Channarayapatna Taluks; til in the Belur, Arsikere and Channarayapatna Taluks; green-gram and menthya in the Channarayapatna Taluk are reported to be in good conditions.

Crops harvested.—Sugar-cane is being harvested in the Hole-Narsipur Taluk.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for "Rinderpest" in the Gorur and Mallenahalli villages in the Hassan Taluk. The Veterinary Inspector has been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the Taluks and Sub-Taluk of Kumsi.

Seeds sown.—Paddy in the Taluks of Shimoga, Channagiri, Shikarpur, Nagar, Tirthahalli and in the Kumsi Sub-Taluk, ragi and jola in the Channagiri Taluk are being sown.

State of standing crops.—Sugar-cane is reported to be in good condition.

Crops harvested.—Nil.

10. The prospects of the season are reported to be good. It is reported that rain is wanted in the Honnali Taluk. Cattle are reported to be generally healthy.

Fodder and water are reported to be available. Rinderpest is reported to be prevailing in the villages of Kasipura and Sompur of Channagiri Taluk.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the Taluks and Sub-Taluks of the District.

Crops sown.—Paddy in all the Taluks and Sub-Taluks of the District; ragi in Chikmagalur Taluk; til, jolam, green-gram, black-gram, thadagani, garlic and coriander in Kadur and Tarikere Taluks.

Standing crops.—Sugar-cane, ragi and paddy in Chikmagalur Taluk, jolam, til, tadagani green-gram, black-gram, garlic and coriander in Kadur and Tarikere Taluks are reported to be thriving well.

Crops harvested.—Kode paddy in Chikmagalur and Mudgere Taluks, sugar-cane in Tarikere Taluk and Kadur Taluk.

10. Prospects of the season are fair. Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the district, but it is reported that rinderpest in Sakrepatna, Basur and Nidavally villages in Kadur Taluk, Nemmar village in Koppa Taluk and Kanur and Varkata villages, Koppa Taluk, foot and mouth disease in Kunchur and Narsipura villages, Koppa Taluk are prevailing. The Veterinary Inspector has been addressed to take needful steps.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 12th June 1928.

P. G. D'SOUZA,
Revenue Commissioner.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY, THE 2ND JUNE 1928.

A total of four attacks with one death from plague were returned during the week against one attack with nil death in the previous week, the district affected being Bangalore. The Cities of Bangalore, the Mysore and the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 1 attack with nil death in 1927 and 9 attacks with 5 deaths in 1926.

3. A total of 91 attacks with 73 deaths from cholera were returned for three villages in each of the Pavagada and Chiknayakanhalli Taluks, one village in each of the Malvalli, Tarikere and Hosdurga Taluks and the Town of Chikanayakanhalli.

4. The State continued to remain free from influenza and relapsing fever during the week.

5. The total mortality for the Bangalore City amounted to 85, representing a calculated annual ratio of 37·28 per mille of population against the average ratio of 27·06 for 1926. The causes of deaths numbered 1 under small-pox, 2 under malaria, 15 under pneumonia, 1 under typhoid, 4 under other fevers, 11 under phthisis, 6 under dysen- tery and diarrhœa and 46 under all other causes.

6. The total mortality for the Mysore City for the week was 30, representing a calculated annual ratio of 18·58 per mille of population against the average ratio of 35·30 for 1926. The causes of deaths were malaria 2, pneumonia 2, phthisis 2, dysentery and diarrhœa 4, and all other causes 20.

7. There were 38 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 22·03 per mille of population against the average ratio of 26·18 for 1926. The deaths numbered 3 under pneumonia, 2 under phthisis, 5 under dysentery and diarrhœa, and 28 under all other causes.

J. V. KARVE,
For *Sanitary Commissioner.*

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 9TH JUNE 1928.

The State remained free from plague during the week.

2. Comparative figures for the corresponding week were 33 attacks and 16 deaths in 1926 and nil attacks with nil deaths in 1927.

3. A total of 64 attacks with 26 deaths from cholera was returned for two villages in each of the Chiknayakanhalli and Pavagada Taluks, one village in Hosdurga Taluk and the towns of Periyapatna and Chiknayakanhalli.

4. No cases of influenza or of relapsing fever were returned.

5. Eight attacks with 3 deaths from small-pox were returned for the Bangalore and Mysore Cities.

6. The total mortality for the Bangalore City amounted to 84 representing a calculated annual ratio of 36·84 per mille of population as against the average ratio of 27·06 for 1927. The deaths numbered 3 under small-pox, 5 under malaria, 14 under pneumonia, one under typhoid, 3 under other fevers, 6 under phthisis, 6 under dysentery and diarrhoea and 46 under all other causes.

7. The total mortality for the Mysore City for the week was 44 representing a calculated annual rotio of 27.25 per mille of population as against the average ratio of 35·30 for 1927. The causes of deaths were malaria 1. pneumonia 10, fevers 1, phthisis 3, dysentry and diarrhoea 5, and all other causes 24.

8. There were 53 deaths from all causes reported from the Kolar Gold Fields area equivalen t to a calculated annual ratio of 30·78 per mille of population against the average ratio of 2 6·18 for 1927. The deaths numbered, 4 under pneumonia, 2 under other fevers, 8 under dysentery and diarrhoea and 39 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Markets supply :—Well supplied.

9 *Agricultural operations.*—It is reported that raiyats are busily engaged in ploughing and manuring their fields and that rain is urgently wanted for ploughing purposes.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, til and groundnuts are reported to be in good condition.

Crops harvested.—Vaisaki paddy is being harvested in parts of Dodballapur and Magadi Taluks.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. *Conditions of Agricultural stocks.*—Cattle are reported to be healthy. Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Ploughing operation are going on in Kolar, Chikballapur, and Mulbagal Taluks. Rains are wanted for sowing purposes in parts of the district. Raiyats are reported to be engaged in carting manure in some parts of Chikballapur Taluk. Ploughing operations are not in good condition in Bagepalli for want of rains.

Standing crops.—Standing crops such as Vaisakhy paddy, sugar-cane and gingelly are reported to be in good condition.

Crops sown.—Ragi, avare, groundnut are being sown in some of the villages of Chikballapur Taluk.

Crops harvested.—Paddy is being harvested in Mulbagal Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Except for the prevalence of rinderpest in Holur, Guttahalli and Muduvadi Hosahalli villages of Kolar Taluk, Avani Hobli in Mulbagal Taluk, Mustur village Kasaba Hobli in Chikballapur Taluk, some of the villages of Kasaba, Mittemari and Pathapalya Hoblies in Bagepalli Taluk and Dapparthi and Kondaralapalli villages in Gudibanda Sub-Taluk, the cattle are reported to generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Ground nut, castor, ragi in parts of Pavagada Taluk. Paddy in parts of Kunigal Taluk and til in parts of Turuvekere Sub-Taluk.

Crops harvested.—Paddy in parts of Sira, Gubbi Taluks and Koratagere Sub-Taluk. Sugar-cane in parts of Turuvekere Sub-Taluk; yield 8 annas.

Standing crops.—Paddy and sugar-cane in parts of Madhugiri, Kunigal Taluks; Kortagere and Turuvekere Sub-Taluks. Black-gram, green-gram, jola and til in parts of Chiknayakanhalli, Tiptur Taluks are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in parts of Tumkur, Gubbi Taluks, cattle in other parts of the District are reported to be healthy. Water and fodder are reported to be available and adequate at present. Cholera prevailed in parts of Chiknayakanhalli, Pavagada Taluks and Turuvekere Sub-Taluk.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being manured in parts of Malvalli Taluk.

Standing crops.—Sugar-cane, jola, mulberry, horse-gram, til, togari, coriander, cotton, tadagani are reported to be fair.

Seeds sown.—Transplantation of Chillies is going on in parts of Heggaddevankote Taluk.

Crops harvested.—Sugar-cane in parts of Yedatore and Heggaddevankote Taluks.

10. Prospects of the season are reported to be fair. It is reported that rain is wanted in parts of Yedatore, Chamrajnagar, Hunsur, Gundlupet, Nanjangud, T.-Narsipur, Malvalli, Krishnarajpete and Nagamangala Taluks.

11. (1) Cattle are reported to be generally healthy except for Doddaroga in Bisalwadi, Nagavalli, Manchigudipura, Chandakavadi, Yedagumba and Nanjedevanapur of Chamarajanagar Taluk in Ambigarahalli of Krishnarajpete and in Alasandra of Nagamangala Taluks.

The Superintendent, Civil Veterinary Department has been written to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy is being shown in the Hole-Narsipur Taluk.

Standing crops.—Paddy in the Hassan, Manjarabad and Belur Taluks and in the Alur Sub-Taluk; ragi in the Hassan and Belur, Taluks; and in the Alur Sub-Taluk, sugar-cane in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk, jolam and til in the Belur and Channarayapatna Taluks, green-gram and menthya in the Channarayapatna Taluk are reported to be generally in good condition.

Standing crops are reported to be in need of rains early.

Crops harvested.—Nil.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for 'Rinderpest' in some parts of Ramanathpur Hobli, Arkalgud Taluk, in Mylanhalli Kasaba Hobli and Halkur, Kanakatte Hobli, in the Arsikere Taluk and in Cholenahalli Kasaba Hobli, Channarayapatna Taluk, and for 'Chappe Rōga' and 'Mettare Kattu' in the Harabihalli, Belua Taluk. The Veterinary Inspectors are reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the parts of the district.

Seeds sown.—Paddy in all the taluks and sub-taluk of Kumsi, ragi and jola, avare and togari in the Channagiri Taluk; groundnut and jola in the Honnali Taluk are being sown.

State of standing crops.—Sugar-cane is reported to be in a fair condition in all the taluks and sub-taluk of Kumsi.

Crops harvested.—Nil.

10. The prospects of the season are reported to be good. Food grain are available and their prices are steady. It is reported that rain is wanted in the Honnali and Shikarpur.

Cattle are reported to be generally healthy except for foot disease. (Kunta Roga) at Birsi village in the Tirthahalli Taluk. The Veterinary Inspector has been addressed to take needful steps. Water and fodder are reported to be available throughout the District.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the taluks and sub-taluks of the district, for transplanting of pady.

Crops sown.—Paddy in all the taluks and sub-taluks of the district: ragi, avare, jolam, til, black-gram, green-gram, coriander in Chikmagalur, Kadur and Tarikere Taluks.

Standing crops.—Paddy and sugar-cane in all the taluks and sub-taluks of the district; jolam, til, ragi, green-gram, black-gram, garlic and coriander in Chikmagalur, Kadur and Tarikere Taluks.

Crops harvested.—Sugar-cane in Tarikere Taluk.

10. Prospects of the season are fair. Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the district, but it is reported that rinderpest in Niduvalli village, Kadur Taluk, and Nemmar village, Koppa Taluk and foot and mouth disease in Narsipur and Kunchur village, Koppa Taluk, are prevailing.

Water and fodder for cattle are available in all the taluks and sub-taluks of the district.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing carting manure, and sowing operations are in progress in this district.

Standing crops.—Sugar-cane, giddaragi, paddy, groundnut, til, cotton, jola, togari. It is reported that standing crops in Hosdurga Taluk are fading for want of rains.

Seeds sown.—Chitaldrug cotton, togari, jola, green-gram, til and paddy and groundnut; Challakere:—Castor, togari and groundnut; Holalkere:—Ragi, togari, avare and jola; Davangere:—Groundut, til and paddy; Jagalur—Groundnut, cotton, jola and til; Hosdurga:—Jola; Harihar:—Groundnut and til.

Crops harvested.—Hiriyur:—Groundnut 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary; cooly classes generally find labour.

11. Cattle are reported to be generally healthy except for rinderpest at Hirekandavadi in Holalkere Taluk, Alur and Narganahalli, Davangere Taluk, Yeralakatte in Jagalur Taluk and Mathodu, Srirampur and Nerlakere in Hosdurga Taluk and black quarter in Syabanur in Davangere Taluk. It is reported that the Veterinary Inspectors have been addressed to take immediate necessary steps in the matter to check the spread of the disease. Water and fodder are available.

BANGALORE,
Dated 25th June 1928.

R. ANANTASUBRAMANYAM,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 23RD JUNE 1928.

The State remained free from plague during the week with the exception of Hassan District which returned one attack with nil death.

2. Comparative figures for the corresponding week were 20 attacks and 16 deaths in 1926 and nil attacks with nil deaths in 1927.

3. A total of 11 attacks with 7 deaths from cholera was returned for one village in each of the Turuvekere, Pavagada, Chiknayakanahalli Taluks, in Tumkur District and Krishnarajpete Taluk in Mysore District.

4. No cases of influenza or of relapsing fever were returned.

5. Thirteen attacks with one death from small-pox were returned for one village in each of the Closepet and Arkalgud Taluks and the City of Bangalore.

6. The total mortality for the Bangalore City amounted to 81 representing a calculated annual ratio of 35·52 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes the deaths numbered 1 under small-pox, 6 under malaria, 11 under pneumonia, 7 under other fevers, 6 under phthisis, 2 under dysentery and diarrhoea and 48 under all other causes.

7. The total mortality for the Mysore City for the week was 53 representing a calculated annual ratio of 32·82 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were malaria 1, pneumonia 9, typhoid 1, phthisis 8, dysentery diarrhoea 7, and all other causes 27.

8. There were 38 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 22·03 per mille of population against the average ratio of 30·78 for 1927. The deaths numbered, 1 under malaria, 1 under other fevers, 2 under phthisis, 4 dysentery and diarrhoea and 30 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations. state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural operations.*—It is reported that raiyats are busily engaged in ploughing and manuring their fields and that ragi and paddy are being sown in parts of Anekal and Magadi Taluks. Rain is urgently wanted all over the District.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, til and groundnut are reported to be in good condition.

Crops harvested.—Nil.

10. *Fair.*—Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Dodroga in parts of Dodballapur, Magadi, Anekal and Closepet Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Ploughing operations are goingon in Bowringpet, Chintatamani, Mulbagal, Bagepalli, Goribidnur Taluks and Gudibanda Sub-Taluk.

Standing crops.—Sugar-cane and paddy have been reported to be in good condition.

Crops sown.—Groundnut is being sown in Bagepalli and Mulbagal Taluks, ragi, avare, and groundnuts in the Taluk of Chikballapur. But, rain is wanted in all the Taluks.

Crops harvested.—Vaisakhy paddy, is being harvested in the Mulbagal, Sidlaghatta and Goribidnur Taluks.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour:—Labour is available.

11. Except for the prevalence rinderpest of black quarter and Anthrax in Chintamani Taluk, rinderpest and anthrax in Avani hobli, black quarter in Duggasandra hobli of Mulbagal Taluk, rinderpest in Kasaba, Mittemari hoblies of Bagepalli Taluk, and rinderpest in Dupparthi of Gudibanda Sub-Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Paddy and ground nuts, in parts of Kunigal Taluk. Ragi and Ballar in parts of Turuvekere Sub-Taluk.

Crops harvested.—Paddy in parts of Chiknaiknahalli, and Gubbi Taluks and Koratagere Sub-Taluk. Sugar-cane in parts of Kunigal Taluk and Turuvekere Sub-Taluk; yield 8 annas.

Standing crops.—Paddy and sugar-cane in parts of Tumkur, Madhugiri, Kunigal Taluks, Kortagere and Turuvekere Sub-Taluks. Black-gram, green-gram and til in parts of Chiknayakanhalli Taluk are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in parts of Tumkur Taluk, and Koratagere Sub-Taluk, cattle in other parts of the District are reported to be healthy. Cholera prevailed in parts of Pavagada Taluk.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being manured in parts of Malvalli Taluk and lands are being ploughed for sowing purposes in parts of Mandya Taluk.

Standing crops.—Sugar-cane, jola, mulberry, horse-gram, til, togari, coriander, cotton, tadaguni, black and green grams are reported to be fair.

Seeds sown.—Nil.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair.

11. Cattle are reported to be generally healthy.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy is being sown in the Hole-Narsipur Taluk.

Standing crops.—Paddy in the Manjarabad and Belur Taluks and in the Alur Sub-Taluk; sugar-cane in the Belur and Channarayapatna Taluks and in the Alur Sub-Taluk, ragi in Belur Taluk and in the Alur Sub-Taluk, jolam in the Belur and Channarayapatna Taluk, green-gram and menthya in the Channarayapatna Taluk and til in the Belur Taluk are reported to be generally in good condition. Standing crops in almost all the Taluks are reported to be in need of rains urgently.

Crops harvested.—Nil.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally good except for 'Rinderpest' in the Karagad and Andale villages in the Belur Taluk and in Chowdavalli village in Alur Sub-Taluk. It is reported that the Veterinary Inspector has been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Ploughing operations.*—Ploughing operations are going on in all the taluks and the Sub-Taluk of Kumsi.

Seeds sown.—Paddy in all the taluks and sub-taluk of Kumsi, ragi jola, avare and togari in the Channagiri Taluk; ragi and jola in the Honnali Taluk are being sown.

State of standing crops.—Sugar-cane is reported to be in a fair condition in all the taluks and sub-taluk of Kumsi.

Crops harvested.—Nil.

10. The prospects of the season are reported to be fair. It is reported that rain is wanted in all the taluks. Prices of food grains contiune to be stationary.

Cattle are reported to be generally healthy except for rinderpest in the villages of Maradi Kerebilichi of the Channagiri Taluk. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in all the taluks and sub-taluks of the district, for transplanting paddy.

Crops sown.—Paddy in Koppa Taluk, jolam, til, ragi, and coriander in Kadur and Tarikere Taluks.

Standing crops.—Paddy and sugar-cane in all the taluks and sub-taluks of the district; jolam, til, ragi, green-gram, black-gram, garlic and coriander in Chikmagalur, Kadur and Tarikere Taluks; cardamom in Koppa, Mudgere and Chikmagalur Taluks are reported to be thriving well.

Crops harvested.—Nil.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11 Cattle are generally healthy throughout the district. It is reported that rinderpest at Nemmar village, Koppa Taluk, and Metreout Roga in Mekangadde village, Mudgere Taluk are prevailing and the Veterinary Inspectors concerned have been addressed to take needful action.

Water and fodder for cattle are available in all the taluks and sub-taluks of the district.

CHITALDRUG.

8. Markets were adequately supplied.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural operations.*—It is reported that raiyats are busily engaged in ploughing and manuring their fields; and that ragi, paddy and avare are being sown in parts of Bangalore, Dodballapur and Kankanhalli Taluks.

State of standing crops.—It is reported that sugar-cane, mulberry, paddy, ragi, til and groundnuts are in good condition.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. *Condition of Agricultural stock.*—Cattle are reported to be healthy except for the prevalence of Doddaroga in parts of Dodballapur, Magadi and Anekal Taluks. Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Ploughing operation is going on in every taluk of the District.

Standing crops.—Sugar-cane, paddy and groundnut are reported to be in good condition.

Crops sown.—Groundnut in parts of Mulbagal Taluk, ragi, avare, and groundnut in Chikballapur Taluk, and Sajje, Thogari and groundnut in Goribidnur Taluk are being sown.

Crops harvested.—Vaisakhy paddy is being harvested in Mulbagal, Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Except for the prevalence of rinderpest in Holur, Guttehalli and Muduvadi Hosehalli villages of Kolar Taluk, Avani hobli in Mulbagal Taluk, Mittemari Hobli of Bagepalli Taluk and in some parts of Kasaba hobli of Gudibanda Sub-Taluk, black-quarter in Duggasandra hobli of Mulbagal Taluk, Mustur and Naduvanahalli villages of Chikballapur Taluk and Anthrax in Avani hobli of Mulbagal Talulk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are fairly well supplied.

9. *Seeds sown.*—Ragi, paddy in all parts of the District and cholam in Tiptur and Chiknaikanahlli Taluks.

Crops harvested.—Paddy in Madhugiri and Koratagere Sub-Taluks; yield 8 annas.

Standing crops.—Cholam, sugar-cane and paddy, black-gram, green-gram and til in parts of Chiknaikanhalli and Tiptur Taluks are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in parts of Gubbi and Tiptur Taluks and black-quarter in parts Tumkur, Madhugiri and Koratagere, cattle are reported to be healthy in other parts of the District. Cholera prevails in parts of Pavagada.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being manured in parts of Mandya. Lands are being made ready for sowing purposes in parts of Krishnarjapete Taluk.

Standing crops.— Ragi, Jola, Sugar-cane, horsegram, til, castor, togari, tadaguni, corriandor, cotton, black and green grams are reported to be fair.

Seeds sown.—Ragi in parts of Mysore and T.-Narsipur Taluks, til in parts of Gundlupet Taluk.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair.

11. 1. Cattle are reported to be generally healthy except for Doddaroga in Baborayana Koppalu village of Seringapatam Taluk.

The Superintendent, Civil Veterinary Department has been written to to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Doddaragi is being sown in the Belur, Channarayapatna and Arsikere Taluks and paddy is being sown in the Hole-Narsipur Taluk.

Standing crops.—Paddy in the Manjarabad and Belur Taluks and in the Alur Sub-Taluk; sugar-cane in the Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; ragi in the Belur Taluk and in the Alur Sub-Taluk; til, castor and avare in the Belur Taluk and green-gram and menthya in the Channarayapatna Taluk are reported to be generally in good condition. Standing crops in almost all the taluks are reported to be in need of more rains.

Crops harvested.—Til is being harvested in the Channarayapatna Taluk.

10 Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Rinderpest" in the Harubihalli, Hirikole, Karagada and Thattehalli, Belur Taluk and "Chapperoga" in the Kadanur and Halekote Hoblis, Hole-Narsipur Taluk. The Veterinary Inspectors concerned are reported to have been addressed to take remedial measures. It is reported that "Rinderpest and Chapperoga" are abating in the Chowdavalli, Hunasavalli and Yadur villages in the Alur Sub-Taluk.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the parts of the district.

Seeds sown.—Paddy in the taluks of Channagiri, Sorab, Tirthahalli and the sub-taluk of Kumsi; ragi and jola in the taluks of Channagiri and Honnali; avare and togari in the Channagiri Taluk are being sown.

State of standing crops.—Sugar-cane is reported to be in a fair condition in all the taluks and the sub-taluk of Kumsi.

Crops harvested.—Nil.

10. The prospects of the season are reported to be fair. It is reported that rain is wanted in the taluks of Shimoga, Channagiri and Honnali. Food grains are available and their prices are steady.

11. Cattle are reported to be generally healthy. Rinderpest is reported to be prevailing in Kagatoor and Ramagondanahalli villages of the Channagiri Taluk. It is further reported that the Veterinary Inspector attached to the taluk has been addressed to in the matter of taking needful steps.

Water and fodder are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being prepared for transplanting paddy in all the taluks and sub-taluks of the district.

Crops sown.—Paddy in Chikmagalur, Koppa and Mudigere Taluks, and also in Narasimharajapura and Sringeri Sub-Taluks; ragi, til, jolam, garlic, castor and chillies in Chikmagalur, Kadur and Tarikere Taluks.

Standing crops.—Sugar-cane, paddy and ragi in all the taluks of the district; jolam, til, garlic, castor, black-gram, green-gram and coriander in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well.

Crops harvested.—Nil.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the district. But rinderpest is reported to be prevailing, in Makanahalli village, Tarikere Taluk and the Veterinary Inspector has been addressed for needful action being taken.

Water and fodder for cattle are available in all the taluks and sub-taluks of the district.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and carting of manure are going on in the district.

Standing crops, viz.—Jola, ragi, til, sugar-cane, paddy, togari, avare, groundnut, halasandi, castor, green-gram and black-gram are reported to be generally in fair condition and it is reported that the standing crops in the Hosdurga Taluk and Harihar Sub-Taluk are fading for want of rain.

Seeds sown.—Chitaldrug Taluk—Cotton, navane, togari, paddy, ragi and jola. Challakere Taluk—Cotton, navane, sajje, castor and groundnut. Hiriyur Taluk—Natu ragi. Holalkere Taluk—Ragi, togari and avare. Davangere Taluk—Chillies. Jagalur Taluk—Groundnut, cotton, jola and ragi. Harihar Sub-Taluk—Groundnut and cotton.

Crops harvested.—Hiriyur Taluk—Groundnut, 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy except for foot and mouth disease at Bommanahalli village, Holalkere Taluk and rinderpest at Srirampura, Nerlakere and Mathodu villages in the Hosdurga Taluk. The diseases in the Davangere Taluk are reported to be decreasing. It is also reported that the Veterinary Inspectors concerned are taking needful action in the matter.

Water and fodder are available.

REVENUE COMMISSIONER'S OFFICE,

P. G. D'SOUZA,
Revenue Commissioner.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 30TH JUNE 1928.

The State continued to remain free from plague with the exception of Hassan District and the Mysore City which returned one attack with one death and one attack with nil death respectively.

2. Comparative figures for the corresponding week were 12 attacks with 8 deaths in 1926 and nil attacks with nil deaths in 1927.

3. Eight attacks with 4 deaths from cholera were returned for one villages in Pavagada Taluk.

4. No cases of influenza or of relapsing fever were reported during the week.

5. A total of 11 attacks with 4 deaths from small-pox were returned for two villages in Hole-Narsipur Taluk and the Bangalore City.

6. The total mortality for the Bangalore City amounted to 76 representing a calculated annual ratio of 33·34 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes the deaths numbered 2 under small-pox, 5 under malaria, 7 under pneumonia, 1 under typhoid, 5 under other fevers, 4 phthisis, 7 under dysentery and diarrhoea and 45 under all other causes.

7. The total mortality for the Mysore City for the week was 34 representing a calculated annual ratio of 20·96 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were pneumonia 5, other fevers 1 phthisis 5, dysentery and diarrhoea 7, and all other causes 16.

8. There were 34 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 19·71 per mille of population against the average ratio of 30·78 for 1927. The deaths numbered, 2 under pneumonia, 1 under typhoid, 1 under other fevers, 1 under phthisis, 2 under dysentery and diarrhoea and 27 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural operations.*—It is reported that raiyats are busily engaged in ploughing and manuring their fields; and that ragi, paddy, avare and groundnuts are being sown in Channapatna, Closepet, Bangalore, Hoskote, Nelamangala and Anekal Taluks.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, til and groundnuts are reported to be in good condition.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Dodroga in parts of Anekal, Magadi and Nelamangala Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Ploughing operation is in progress in all the Taluks of the District.

Standing crops.—Sugar-cane, groundnut and ragi are reported to be in good condition.

Crops sown.—Ragi, avare, thogari, groundnut, same and sajje in almost all the Taluks and paddy in Malur Taluk, and onions in Chikballapur Taluk, are being sown.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Holur, Guttahalli and Muduvadi villages of Kolar Taluk, blackquarter, anthrax in Avani hobli of Mulbagal Taluk, rinderpest in Kasaba, Mittemari and Pathapalya Hoblies of Bagepalli Taluk and rinderpest in Hosur, Bondehalli, Nakkalahalli and Jodi Mutchattahalli of Goribidnur Taluk, the cattle are generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets arewell supplied.

9. *Seeds sown.*—Ragi in all the Taluks, paddy in Madhugiri, groundnuts in Madhugiri, Tumkur and Kunigal Taluks, avare in Kunigal, Tumkur and Turuvekere Sub-Taluk.

Crops harvested.—Paddy in Gubbi and Turuvekere Sub-Taluk, sugar-cane and til in the Turuvekere Sub-Taluk; yield 8 annas.

Standing crops.—Ragi and paddy in Madhugiri, Gubbi, Tumkur and Kunigal Taluks, sugar-cane in Tumkur, Kunigal and Turuvekere Sub-Taluk, cholam in Tiptur and Chiknayakanhalli Taluks are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in parts of Koratagere, Madhugiri, Gubbi, Tumkur Taluks, the cattle are reported to be healthy. Black-quarter is reported to have subsided in the Tumkur Taluk.

Water and fodder are reported to be available and adequate.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Mandya Taluk. Transplantation of paddy is going in parts of Seringapatam and Yedatore Taluks.

Standing crops.—Ragi, jola, sugar-cane, horsegram, til, castor, togari, tadaguni, corriandor, cotton, black and green grams are reported to be fair.

Seeds sown.—Ragi in parts of Gundlupet, T.-Narsipur, Malvalli and Krishnarjpete, paddy in parts of Gundlupet, avare, same in parts of Malvalli and ramtil and sugar-cane in parts of Krishnarajpete Taluk.

Crops harvested.—Jola in parts of Mysore, T.-Narsipur and Malvalli Taluks, til in parts of Mysore and Malvalli Taluks.

10. Prospects of the season are reported to be fair.

11. 1. Cattle are reported to be generally healthy except for Doddaroga in Gudugana-halli village of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department has been written to to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Ragi, castorand chillies are being sown in the Channarayapatna Taluk, Doddaragi is being transplanted in the Arsikere and Hole-Narsipur Taluks.

Standing crops.—Paddy in the Manjarabad and Belur Taluks and in the Alur Sub-Taluk, sugar-cane in the Belur, Arsikere and Channarayapatna Taluks, ragi in the Belur Taluk and in the Alur Sub-Taluk, jolam and til in the Belur and Arsikere Taluks, avare, cotton and castor in the Belur Taluk, greengram in the Channarayapatna Taluk and coriander in the Arsikere Taluk are reported to be generally in good condition. Standing crops in almost all the taluks are reported to be in need of more rains.

Crops harvested.—Nil.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for 'Rinderpest' in the Doddakadanur and Halekote hoblies in the Hole-Narsipur Taluk and Chowdavalli in the Alur Sub-Taluk and 'Chappe Roga' in the Jodi Gubbi village, Hole-Narsipur Taluk. The Veterinary Inspectors are reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the parts of the District.

Seeds sown.—Paddy, jola, avare and togari in the Channagiri Taluk, ragi and jola in the Honnali Taluk and ragi in the Kumsi Sub-Taluk, are reported to have been sown during the week. Transplantation of paddy is going in the Taluks of Sagar and Nagar.

State of standing crops.—Sugar-cane and paddy in all the Taluks and Sub-Taluk of Kumsi, ragi and jola in the Taluks of Shimoga, Channagiri and Honnali; til and groundnut in the Honnali Taluk are reported to be in fair condition

Crops harvested.—Nil.

10. The prospects of the season are reported to be fair. It is reported that rain is wanted in all the taluks especially is Sagar and Tirthahalli and Shimoga Taluks, where paddy crop needs more rain.

11. Cattle are reported to be generally healthy except for Rinderpest in the Garaga village of the Channagiri Taluk.

Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being prepared for transplanting paddy throughout the District.

Crops sown.—Jolam, castor and chillies in Tarikere Taluk.

Standing crops.—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the District. Jolam, til, garlic, castor, black-gram, greengram, groundnut and coriander in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well.

Crops harvested.—Nil.

10. Prospects of the season are fair. Food grains are available but their prices are steady. Rain is wanted all over the District.

11. Cattle are generally healthy throughout the District but it is reported that Rinderpest in Nemmar village, Koppa Taluk and Metrecut Roga in Guthi village, Mudigere Taluk are prevailing. The Veterinary Inspector has been addressed in the matter.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the district.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and carting of manure are going on in this District.

Standing crops.—Cotton,ragi, jola, avare,til, groundnut, castor, togari, sajje, navane and paddy are reported to be generally in fair condition.

Seeds sown.—Chitaldrug—Cotton, paddy, ragi, jola, til and avare. Challakere—Cotton, sajje and castor. Hiriyur—Togari, cotton, sajje, navane, jola and ragi. Holalkere—Ragi, togari and avare Davangere—Ragi. Molakalmuru—Navane, cotton, jola and groundnut. Jagalur—Jola, castor, cotton and ragi. Hosdurga—Ragi and avare. Harihar—Groundnut, til, greengram and cotton.

Crops harvested.—Hiriyur—Groundnut, 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy except for "Rinderpest" at Alur and Naraganahalli in Davangere Taluk, Srirampur, Mottodu and Neriakere in Hosdurga Taluk and in Jagalur Town and "Black quarter" at Syabanur in Davangere Taluk. It is reported that Veterinary Inspectors attached to these Taluks are taking necessary steps in the matter.

Water and fodder are available.

BANGALORE,
Dated 17th July 1928.

R. ANANTASUBRAMANYAM,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 7TH JULY 1928.

A total of 7 attacks with 4 deaths from plague was returned during the week against 2 attacks with one death in the previous week, the Districts affected being Hassan, Shimoga and Kadur. The Cities of Bangalore and Mysore and the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 25 attacks with 16 deaths in 1926 and 12 attacks with 10 deaths in 1927.

3. Cholera accounted for one attack with two deaths, one village in Pavagada Taluk and the Town of Malvalli being affected

4. The State continued to remain free from influenza and relapsing fever.

5. A total of 18 attacks with 2 deaths from small-pox was returned for one village in each of the Goribidnur and Sorab Taluks and the City of Bangalore.

6. The total mortality for the Bangalore City amounted to 67 representing a calculated annual ratio of 29·88 per mille of population against the average ratio of 27·06 for 1927. The deaths numbered 1 under small-pox, 5 under malaria, 10 under pneumonia, 1 under typhoid, 4 under other fevers, 6 under phthisis, 4 under dysentery and diarrhoea and 36 under all other causes.

7. The total mortality for the Mysore City for the week was 52 representing a calculated annual ratio of 32·20 per mille of population against the average ratio of 35·30 for 1927. The deaths were malaria 5, pneumonia 7, other fevers 1, phthisis 4, dysentery and diarrhoea 9, and all other causes 26.

8. There were 43 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 26·04 per mille of population against the average ratio of 30·78 for 1927. The deaths numbered, 4 under pneumonia, 4 under other fevers, 8 under dysentery and diarrhoea and 27 under all other causes.

J. V. KARVE,
For *Sanitary Commissioner*.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural operations.*—It is reported that raiyats are busily engaged in ploughing and manuring their fields; and that paddy, ragi, avare, togari and kadle are being sown in parts of Closepet, Hoskote Anekal and Nelamangala Taluks.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, til and groundnuts are reported to be in good condition.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Doddaroga in parts of Anekal, Magadi and Nelamangala Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Ploughing operations are in progress in all the Taluks of the District.

Standing crops.—The standing crops, such as, sugar-cane, ragi, groundnut and til (gingelly) are reported to be in good condition.

Crops sown.—Ragi, avare, groundnut, thogari, same and sajje in almost all the Taluks and Puniji paddy in Mulbagal and Malur Taluks, are being sown.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Holur, Guttahalli and Iytharasanahalli villages of Kolar Taluk, in Konganahalli village of Bowringpet Taluk, blackquarter, anthrax and rinderpest in Chintamani Taluk, blackquarters in Duggasandra Hobli of Mulbagal Taluk, blackquarter and rinderpest in some of the village of Bagepalli Taluk, rinderpest in Goribidnur Taluk and Gudibanda Sub-Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are adequately supplied.

9. *Seeds sown.*—Ragi, avare, cholam, thogari, groundnut, blackgram, greengram, in all parts of the Taluks.

Crops harvested.—Paddy in the Gubbi Taluk; yields from 8 to 12 annas.

Standing crops.—Ragi, paddy in all the Taluks, sugar-cane in Tumkur, Madhugiri, Tiptur and Turuvekere Sub-Taluk, cholam in Tumkur and Chiknayakanhalli and Turuvekere Sub-Taluk, avare and togari in parts of Tumknr, Kunigal, Koratagere and Turuvekere.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in parts of Tumkur and Gubbi Taluks, and black-quarter in parts of Tiptur Taluk, cattle are reported to be healthy. Cholera is reported to be prevailing in one village in Gubbi and Turuvekere Sub-Taluks.

Water and fodder are reported to be available and adequate.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Mandya Taluk, for sowing purpose. Transplantation of paddy is going on in parts of Seringapatam, Yedatore and Gundlupet Taluks.

Standing crops.—Ragi, jola, sugar-cane, horsegram, til, togari, tadaguni, castor, paddy, coriandor, cotton, chillies, groundnut, black and green grams are reported to be fair.

Seeds sown.—Ragi in parts of T.-Narsipur and Mandya Taluks.

Crops harvested.—Nil.

10. Prospects of the season are reported to be fair.

11. 1. Cattle are reported to be generally healthy.
2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy in Hole-Narsipur Taluk; Doddaragi in the Arsikere and Hole-Narsipur Taluks are being transplanted; avare in the Arkalgud and Channarayapatna Taluks; Doddaragi in the Belur and Channarayapatna Taluks; togari in the Channarayapatna Taluk are being sown.

Standing crops.—Sugar-cane and jolam in the Belur, Arsikere and Channarayapatna Taluks; til in the Belur and Arsikere Taluks; coriander in the Arsikere Taluk.

Crops harvested.—Til and greengram are being harvested in the Channarayapatna Taluk.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for 'Rinderpest' in the Andale village, Macnihalli Hobli, Karagada village in the Kasba Hobli and Madaghatta village in the Bikkodu Hobli, Belur Taluk. 'Chappe Roga' in the Gubbi village, Doddakadanur Hobli and Theranya village in the Halekote Hobli, Hole-Narsipur Taluk. The Veterinary Inspectors concerned have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the parts of the district.

Crops sown.—Paddy in the Taluks of Channagiri, Sorab and the Sub-Taluk of Kumsi; ragi and jola in the Taluks of Channagiri and Honnali and avare in the Channagiri Taluk are reported to have been sown during the week. Transplantation of paddy is going on in the Taluks of Sagar, Nagar and Tirthahalli.

State of standing crops.—Sugar-cane in all the Taluks and the Sub-Taluk of Kumsi; paddy in the Taluks of Channagiri, Shikarpur and Sub-Taluk of Kumsi; jola and ragi in the Taluks of Channagiri, Honnali and Shikarpur and navane in the Shikarpur Taluk are reported to be in fair condition.

10. The prospects of the season are reported to be good. It is reported that rain is not copious in the Taluks of Shimoga, Honnali, Sagar and Tirthahalli, for paddy crop.

11. Cattle are reported to be generally healthy, except for Rinderpest in the Maradi village of the Channagiri Taluk and Bilave, Yedehalli, Tudur villages of the Tirthahalli Taluk. It is further reported that the Veterinary Inspectors attached to the respective taluks have been addressed to take needful measures in the matter. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed for transplanting paddy throughout the district.

Crops sown.—Transplanting of paddy in Koppa, Tarikere and Mudgere Taluks and also in Narasimharajpura and Sringeri Sub-Taluks; Dodragi in Tarikere and Kadur Taluks; avare, save and castor in Kadur Taluk.

Standing crops.—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the district; jolam, til, garlic, castor, blackgram, greengram, groundnut, coriander and chillies in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well.

Crops harvested.—Sugar-cane and paddy in some parts of the Kadur Taluk.

10. Prospects of the season are fair. Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the district, but it is reported that Rinderpest in Turuvanahalli and Sadarahalli villages, Kadur Taluk, Koranahalli and Rangapura villages, Tarikere Taluk and Nemmar village in Koppa Taluk and foot and mouth disease in Attikodige village, Koppa Taluk and Siragalale village, Narasimharajpura Sub-Taluk are prevailing. The Veterinary Inspectors concerned have been addressed for immediate needful action being taken.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the district.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and carting manure to the fields are in progress in this district.

Standing crops.—Ragi, castor, groundnut, togari, til, jola, paddy, sugar-cane, avare, alasandi, cotton, greengram, save, sajje and navane are reported to be generally in fair condition.

Seeds sown.—Chitaldrug—Ragi, horsegram and jola. Challakere—Navane, cotton and sajje. Hiriyur—Navane, ragi, haraka, togari, castor, sajje and alasande. Holalkere—Ragi, navane and cotton. Davangere—Nil. Molakalmuru—Cotton, navane, groundnut, sajje and ragi. Jagalur—Castor, cotton and togari. Hosdurga—Ragi, avare, save, sajje and navane. Harihar—Groundnut, til, greengram and cotton.

Crops harvested.—Hiriyur—Groundnut, 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy except for Rinderpest at Talikatte village in Holalkere Taluk, Sri Rampura and Sanehalli in Hosdurga Taluk and in Jagalur Town, and Black quarter at Alur village in Davangere Taluk. It is reported that the Veterinary Inspectors attached to taluks have been addressed to take necessary steps in the matter. Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 24th July 1928.

R. A. NARASIMHA IYENGAR,
Assistant Commissioner,
For *Revenue Commissioner,*
Absent from the station.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 14TH JULY 1928.

A total of 14 attacks with 6 deaths from plague was returned during the week against 7 attacks with 4 deaths in the week previous, the Districts affected being Mysore, Hassan, Shimoga and Kolar. The City of Bangalore and the Kolar Gold Fields area continued to remain free from the disease, while the Mysore City returned one fatal attack.

2. Comparative figures for the corresponding week were 16 attacks with 10 deaths in 1927 and 62 attacks with 30 deaths in 1926.

3. Seven attacks with 4 deaths from cholera were returned for one village in each of the Magadi and Pavagada Taluks.

4. The State continued to remain free from influenza and relapsing fever during the week.

5. A total of 18 attacks with 2 deaths from small-pox was returned for one village in Goribidnur Taluk and the Bangalore City.

6. The mortality for the Bangalore City amounted to 81 representing a calculated annual ratio of 35·52 per mille of population against the average ratio of 27·06 for 1927. The deaths numbered 1 under small-pox, 4 under malaria, 10 under pneumonia, 10 under other fevers, 10 under phthisis, 8 under dysentery and diarrhoea and 38 under all other causes.

7. The total mortality for the Mysore City for the week was 38 representing a calculated annual ratio of 23·53 per mille of population against the average ratio of 35·30 for 1927. The deaths were plague 1, malaria 2, pneumonia 2, typhoid 1, phthisis 6, dysentery and diarrhoea 7, and all other causes 19.

8. There were 37 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 21·45 per mille of population against the average ratio of 30·78 for 1927. The deaths numbered, 4 under pneumonia, 1 under other fevers, 6 under dysentery and diarrhoea and 26 under all other causes.

B. MD. USMAN,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Market supply.—Well supplied.

9 *Agricultural operations.*—It is reported that raiyats are busily engaged in ploughing, manuring and sowing their fields and that ragi, paddy, avare, togari and horse-gram are being sown in parts of Bangalore, Nelamangala and Closepet Taluks.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, til and ground-nuts are reported to be in good condition.

Crops harvested.—Nil.

10. Fair; cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Chapperoga" and Doddaroga in parts of Hoskote, Dodballapur, Nelamangala, Kankanhalli, Magadi and Anekal Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Agricultural operations are practically complete except in the Goribidnur Taluk.

Standing crops.—Standing crops such as sugar-cane, ragi, togari, avare, onions, sajje and groundnut are reported to be in good condition. But the standing crops of the District are in urgent need of rain.

Crops sown.—Paddy in Sidlaghatta, avare, thogari, groundnut, potatoes, onions and sajje throughout the District are being sown. But the sowing operation is delayed in Srinivaspur Taluk for want of rain. The withholding of rain and the prevalence of heavy winds have affected the crops recently sown to a little extent in Bowringpet Taluk.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Holur, Guttahalli and Iyrasanahalli villages of Kolar Taluk, Konganahalli Village of Bowringpet Taluk, Govanipalli, Jangalahalli Mittemari, Kasaba Hobli and Pathapalya of Bagepalli Taluk, Hosur, Narasapur and Hudugur villages of Goribidnur Taluk, Dupparti, Kondavalahalli, Upparahalli and Kasaba Hobli of Gudibanda Sub-Taluk and black-quarter and anthrax in Chintamani Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are well supplied.

9. *Seeds sown.*—Ragi, avare, thogari, in all parts of the Taluks. Paddy and cholam, in Tumkur, Chiknaikanahalli and Turuvekere Sub-Taluk Ground-nut in Tumkur, Sira and Korategere Sub-Taluk and til and sugar-cane in Turuvekere Sub-Taluk.

Crops harvested.—Paddy in Gubbi Taluk; yields 8 to 12 annas and Giddaragi in Pavagada Taluk; yields 8 annas.

Standing crops.—Ragi, avare, thogari in all parts of the Taluk, paddy in Tumkur, Madhugiri, and Turuvekere Sub-Taluk. Cholam, greengram, blackgram and til in Chiknayakanhalli and Tiptur Taluks. Sugar-cane and ground-nut in Tumkur, Turuvekere and Koratagere Sub-Taluk.

10. *Prospects of the season.*—Fair.

11. Black-quarter is reported to be prevailing in some villages of Gubbi Taluk. Rinder-pest and black-quarter which was prevailing in parts of Hebbur are reported to be subsiding. Cattle are reported to be healthy otherwise.

Water and fodder are reported to be available and adequate.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Hunsur Taluk, for sowing purposes. Transplantation of paddy is going on in parts of Seringapatam, Yedatore, T.-Narsipur and Krishnarajpete Taluks.

Standing crops.—Ragi, jola, sugar-cane, horsegram, til, tadagani, togari, castor, paddy, coriander, cotton, chillies, groundnut, black and green grams are reported to be fair.

Seeds sown.—Ragi avare togari and ground-nut in parts of Seringapatam Taluk.

Crops harvested.—Jola and til in parts of Mysore, Gundlupet and Malvalli Taluks.

10. Prospects of the season are reported to be fair.

11. 1. Cattle are reported to be generally healthy except for dodroga in Honganoor and Masanapura of Chamarajnagar Taluk, in Madegowdanahundi, Hosakote, Kannahalli, Sujjalur of T.-Narasipur Taluk and in Somanahalli and Kanuvekoppalu of Krishnarajapete Taluk.

The Superintendent, Civil Veterinary Department has been written to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Doddaragi is being sown in the Belur and Channarayapatna Taluks and paddy and ragi are being transplanted in the Channarayapatna and Arsikere Taluks, respectively.

Standing crops.—Paddy in the Hassan, Manjarabad and Belur Taluks and in the Alur Sub-Taluk; ragi in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; sugar-cane in the Hassan, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk. Avare in the Hassan, Belur and Channarayapatna Taluks; til and jolam in the Belur and Arsikere Taluks; cotton and castor in the Belur Taluk and coriander in the Arsikere Taluk are reported to be generally in good condition.

Crops harvested.—Nil.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for 'Chappe Roga' in the Theranya Village, Halekote Hobli, Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the parts of the District.

Crops sown.—Paddy in the Taluks of Shimoga and Channagiri; ragi and jola in the Taluks of Channagiri and Honnali; ragi in the Kumsi Sub-Taluk and avare and thogari in the Channagiri Taluk are reported to have been sown during the week. Transplantation of paddy is going on in the Taluks of Sagar, Nagar and Tirthahalli.

State of standing crops.—Sugar-cane and paddy in all the Taluks and Sub-Taluk of Kumsi; ragi and jola in the Channagiri and Honnali Taluks and groundnut in the Honnali Taluk are reported to be in a fair condition.

Crops harvested.—Nil.

10. The prospects of the season are reported to be good. Food-grains are available and their prices are steady.

11. Cattle are reported to be generally healthy, except for Rinderpest in the villages of Mungalihalli and Kagatur of the Channagiri Taluk, and Yedehalli and Indoor of the Tirthahalli Taluk. It is further reported that the Veterinary Inspectors attached to the respective taluks, have been addressed to take needful steps in the matter. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being prepared for transplanting paddy throughout the district.

Crops sown.—Transplanting of paddy in Tarikere; Koppa and Mudgere Taluks and also in Narasimharajpura and Sringeri Sub-Taluks.

Standing crops.—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the District; jolam, til, garlic, castor, blackgram, greengram, groundnut, coriander, chillies and thadaguni in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well.

Crops harvested.—Nil.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the District, but it is reported that Rinderpest in Turuvanahalli and Sadaraballi in Kadur Taluk, and foot and mouth disease in

Attikodige Village in Koppa Taluk are prevailing. The Veterinary Inspectors concerned have been addressed for taking necessary action.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and weeding operations are going on in this District.

Standing crops.—Ragi, castor, togari, til, groundnut, sugar-cane, paddy, jola, avare, alasandi, cotton, greengram, save, sajje and navane are reported to be generally in fair condition.

Seeds sown.—Chitaldrug—Save, horsegram and natu ragi; Challakere—ragi, navane, sajje and cotton; Hiriyur—ragi, jola, sajje; Holalkere—ragi, navane and cotton; Molakalmuru—sajje and navane; Jagalur—castor, and togari; Hosdurga—ragi, avare, and sajje; Harihar—jola, ragi, horsegram, togari, cotton, til, groundnut and greengram.

Crops harvested.—Nil.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy except for Rinderpest at Konapur in Molakalmuru Taluk, Sanehalli and Srirampur in Hosdurga Taluk and in Jagalur Town. It is reported that the Veterinary Inspectors attached to taluks have been addressed to take necessary steps in the matter. Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 31st July 1928.

R. A. NARASIMHA IYENGAR,
Assistant Commissioner,
For *Revenue Commissioner,*
Absent from the station.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 21ST JULY 1928.

A total of 13 attacks with 9 deaths from plague was returned during the week as against 14 attacks with 6 deaths in the week previous, the Districts affected being Mysore, Hassan, and Kolar. The City of Bangalore and the Kolar Gold Fields area continued to remain free from the disease, while Mysore City returned one attack with one death.

2. Comparative figures for the corresponding week were 51 attacks with 27 deaths in 1927 and 80 attacks with 46 deaths in 1926.

3. The State continued to remain free from cholera, influenza and relapsing fever.

4. Small-pox accounted for four attacks with nil deaths, one village in each of the Alur Sub-Taluk and Channarayapatna Taluk and the Bangalore City being affected.

5. The total mortality for the Bangalore City amounted to 73 representing a calculated annual ratio of 32·10 per mille of population against the average ratio of 27·06 for 1927. The deaths numbered 2 under malaria, 5 under pneumonia, 1 under typhoid, 3 under other fevers, 5 under phthisis, 7 under dysentery and diarrhœa and 50 under all other causes.

6. The total mortality for the Mysore City for the week was 52 representing a calculated annual ratio of 32·20 per mille of population against the average ratio of 35·30 for 1927. The deaths were plague 1, malaria 1, pneumonia 7, typhoid 1, phthisis 5, dysentery and diarrhœa 9, and all other causes 28.

7. There were 43 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 24·93 per mille of population as against 30·78 for 1927. The deaths numbered 1 under phthisis, 5 under dysentery and diarrhœa and 37 under all other causes.

B. MD. USMON,
Sanitary Commissioner.

NOTE.—Rice (husked)—Oryza Sativa.
Ragi—Eleusine Corocana
Kulthi—(Horse gram) Dolichios Biflorus
Cholum—Sorghum Vulgare
Kadle—(Bengal gram) Cicer Arietinum.

8. Markets are well supplied.

9. Progress of agricultural operations. state of standing crops. prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Market supply.—Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are busily engaged in ploughing, weeding and sowing operations in their wet and dry lands, and that ragi, paddy, avare, and togari are being sown in parts of Bangalore, Nelamangala and Closepet Taluks.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari, and ground-nuts are reported to be in good condition.

Crops harvested.—Til and jola are being harvested in parts of Channapatna Taluk.

10. Fair; cooly classes find sufficient labour.

11. Cattle are reported to be in good condition except for the prevalence of "Chapperoga" Doddaroga and Naradiroga in parts of Dodballapur, Nelamangala, Kankanhalli, Magadi, Channapatna and Anekal Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Agricultural operations are going on in Goribidnur Taluk and are practically complete in all other Taluks in the District.

Standing crops.—Standing crops such as sugar-cane, ragi, avare, togari, kadle, sajje and ground-nut are reported to be in good condition. But the standing crops in Kolar, and Mulbagal Taluks are affected by cater-pillars. The standing crops of Kolar, Mulbagal, Sidlaghatta, Bagepalli and Srinivaspur are in need of urgent rain.

Crops sown.—Sowing operations are going on in Chintamani Taluk, and paddy is sown in Sidlaghatta, Chikballapur, and Bagepalli Taluks.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Holur, Guttahalli and Iyrasanahalli of Kolar Taluk, Kathalaveni, Bandarhalli, Comnahalli, Hudgur, Jodihalli and Complapura of Goribidnur Taluk, Dupparthi, Kondavalahalli, Upparahalli, and Kasaba Hobli of Gudibanda Sub-Taluk, Black quarter and anthrox in Chintamani Taluk, rinderpest and Black quarter in Kasaba, Pathapalya, Chelur and Mittemari villages of Bagepalli Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are well supplied.

9. *Seeds sown.*—Ragi, avare, thogari, in all the Taluks, paddy and ground-nut in Sira Taluk.

Crops harvested.—Paddy in the Gubbi Taluk; yields 8 to 12 annas.

Standing crops.—Paddy, ragi, avare, thogari, jolam in Tumkur, Pavagada and Kunigal Taluks. Sugar-cane in Madhugiri, Turuvekere and Tumkur Taluks and til in the Turuvekere Sub-Taluk are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. "Karlu" disease is reported to be prevailing in a village of Tumkur Taluk and black-quarter in parts of Madhugiri and Gubbi Taluks. It is peported that the Veterinary Inspectors have been written to in all the other parts of the District, the cattle are reported to be healthy.

Water and fodder are reported to be available and adequate.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Transplantation of paddy is going on in parts of Yedatore Taluk

Standing crops.—Ragi, jola, sugar-cane, horsegram, til, ramtil ಹುಚ್ಚೆಳ್ಳು togari, tadaguni, castor, paddy, coriander, chillies, cotton, ground-nut, black and green grams are reported to be fair.

Seeds sown.—Avare in parts of Krishnarajpete Taluk.

Crops harvested.—Jola and til in parts of Chamarajnagar and Gundlupet Taluks.

10. Prospects of the season are reported to be fair.

11. Cattle are reported to be generally healthy except for Doddaroga in Karinanjanapura, Nellooru and Ammanapura of Chamarajnagar Taluk, Chapperoga in Boranakoppalu of Seringapatam Taluk; Doddaroga in Basavapatna and Kenchenahalli of Yedatore Taluk and Doddaroga in Dodda Yachenahalli of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department has been written to to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Doddaragi is being sown in the Belur Taluk and paddy is being transplanted in the Belur and Channarayapatna Taluks.

Standing crops.—Paddy in the Hassan, Manjarabad and Belur Taluks and in the Alur Sub-Taluk; ragi in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; sugar-cane in the Hassan, Belur, Channarayapatna and Arsikere Taluks; jolam in the Belur and Arsikere Taluks; Avare and togari in the Hassan, Belur and Channarayapatna Taluks; chillies in the Belur Taluk; castor in the Channarayapatna Taluk and til and coriander in the Arsikere Taluk are reported to be generally in good condition.

Crops harvested.—Nil.

10. Prospects of the season are generally good.

11. Cattle are reported to be generally healthy except for 'Chappe Roga' in the Theranya Village, Halekote Hobli, Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the parts of the District.

Crops sown.—Ragi, jola, avare and togari are reported to have been sown in the Channagiri Taluk. Transplantation of paddy is going on in the Taluks of Sagar, Nagar and Tirthahalli.

State of standing crops.—Sugar-cane and paddy in all the Taluks and Sub-Taluk of Kumsi; ragi and jola in the Taluks of Channagiri and Honnali and groundnut in the Channagiri Taluk are reported to be in a fair condition. It is reported that garden crops are suffering much on account of koleroga in the Sagar Taluk. The Director of Agriculture has been written to in the matter of making arrangements to arrest the spread of the disease.

Crops harvested.—Nil.

10. The prospects of the season are reported to be good. Food-grains are available and their prices are satisfactory.

11. Cattle are reported to be generally healthy, except for Rinderpest in the villages of Ramagondanahalli, Hirordu, Kagatoor and Maradi of the Channagiri Taluk. It is further reported that the Veterinary Inspector attached to this Taluk has been addressed to take needful steps in the matter. Fodder and water are available.

KADUR.

8. Markets are fairly well supplied

9. *Agricultural operations*—Lands are being prepared for transplanting paddy throughout the District.

Crops sown.—Transplanting of paddy in in all the Taluks and the Sub-Taluks of the District. Doddaragi in Chikmagalur Taluk.

Standing crops.—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the District; jolam, til, garlic, castor, blackgram, greengram, groundnut, coriander, chillies and thadaguni in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well.

Crops harvested.—Potatoes in Chikmagalur Taluk.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the District, but it is reported that Rinderpest in Turuvanahalli and Sadarahalli Villages in Kadur Taluk, and foot and mouth disease in Attikodige Village, Koppa Taluk, are prevailing. The Veterinary Inspectors concerned have been addressed for taking early necessary action.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing, sowing and weeding operations are going on in this District.

Standing crops.—Ragi, jola, til, castor, togari, avare, groundnut, navane, save, sajje, paddy, sugar-cane, alasandi, and cotton are reported to be generally in fair condition.

Seeds sown.—1. Chitaldrug—Cotton, ragi, paddy, horsegram, togari and groundnut. 2. Challakere—ragi. 3. Hiriyur—Sajje, navane, cotton and haraka. 4. Holalkere—Ragi, togari and navane. 5. Molakalmuru—Paddy. 6. Jagalur—Togari and navane. 7. Hosdurga—ragi, sajje, avare and save.

Crops harvested.—Nil.

It is reported that jola crop at Kadleguddu, Malali and Hunasekatte Villages is being destroyed by grasshoppers and the Agricultural Department has been addressed in the matter.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy except for Rinderpest at Sricampur in Hosadurga Taluk.

Water and fodder are available.

BANGALORE,
Dated the 7th August 1928.

H. K. RAMIENGAR,
For *Director of Industries and Commerce in Mysore.*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 28TH JULY 1928.

A total of 13 attacks with 3 deaths from plague was returned during the week as against 13 attacks with 9 deaths in the previous week, the Districts affected being Mysore, Hassan, Chitaldrug and Kolar. The Cities of Bangalore, Mysore and the Kolar Gold Fields area remained free from the disease.

2. Comparative figures for the corresponding week were 86 attacks with 56 deaths in 1927 and 145 attacks and 80 deaths in 1926.

3. No cases reported either from influenza or relapsing fever.

4. Sixteen attacks with 11 deaths from cholera were returned for one village in each of the Gubbi and Turuvekere Sub-Taluks.

5. A total of six attacks with 3 deaths from small-pox was returned for the Cities of Bangalore and Mysore.

6. The total mortality for the Bangalore City amounted to 87 representing a calculated annual ratio of 38·16 per mille of population against the average ratio of 27·06 for 1927. The deaths numbered 4 under small-pox, 2 under malaria, 10 under pneumonia, 1 under typhoid, 3 under other fevers, 7 under phthisis, 16 under dysentery and diarrhœa and 44 under all other causes.

7. The total mortality for the Mysore City for the week was 45 representing a calculated annual ratio of 27·87 per mille of population against the average ratio of 35·30 for 1927. The deaths were small-pox 1, malaria 2, typhoid 1, phthisis 6, dysentery and diarrhœa 7, and all other causes 28.

8. There were 44 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 25·51 per mille of population as against the average ratio of 30·78 for 1927. The deaths numbered 1 under pneumonia, 2 under other fevers, 1 under phthisis, 4 under dysentery and diarrhœa and 36 under all other causes.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are engaged in sowing and weeding operations and that ragi, avare and togari are being sown in parts of Hoskote Taluk.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari and ground nuts are reported to be in good condition.

Crops harvested.—Til is being harvested in parts of Channapatna Taluk.

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Doddaroga in parts of Nelamangala, Anekal and Dodballapur Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Harrowing operations are going on in Bowringpet and Chikballapur Taluks.

Standing crops.—Standing crops such as sugar-cane, ragi, avare, togari, onions, sajje, and ground-nut are reported to be in good condition. But the standing crops in Kolar, Bowringpet, Mulbagal, Srinivaspur, Bagepalli and Gudibanda, are in need of rain, and the standing crops in Bowringpet are affected by cater pillars.

Crops sown.—Paddy is being sown in Sidlaghatta Taluk.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Holur, Guttahalli and Iyrasanahalli villages of Kolar Taluk, Annudee and Hodugur villages of Goribidnur Taluk, Dupparthi, Kóndanalahalli, Upparahalli, Somelapur and Kasaba Hobli of Gudibanda Sub-Taluk; Black quarter and rinderpest in Kasaba Pathapalya, Mittemari and Chelur of Bagepalli Taluk; Black-quarter and anthrox in the Kasaba Hobli of Chintamani Taluk; and anthrox in Kurudumalee of Mulbagal Taluk; the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are well supplied.

9. *Seeds sown.*—Ragi, paddy and jolam in Tumkur, Madhugiri and Sira Taluks; Avare, thogari and horsegram in Madhugiri, Chiknayakanhalli and Sira Taluks, and ground-nut in Sira Taluk.

Crops harvested.—Til and paddy in parts of Turuvekere Sub-Taluk; yield 8 annas.

Standing crops.—Ragi, jolam, avare, thogari in all parts of the District. Paddy in Tumkur, Madhugiri and Gubbi Taluks; Sugar-cane in Tumkur and Turuvekere Sub-Taluk, and ground-nut in Tumkur Taluk.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in parts of Tumkur and Gubbi Taluks; the cattle are reported to be healthy.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Transplantation of paddy is going on in parts of Seringapatam, Gundlupet and Nagamangala Taluks.

Standing crops.—Ragi, jola, sugar-cane, horsegram, til, ramtil ಹುಚ್ಚೆಳ್ಳು togari, tadaguni, castor, paddy, coriander, chillies, cotton, ground nut, black and green grams are reported to be fair.

Seeds sown.—Ragi and horsegram in parts of Mysore Taluk.

Crops harvested.—Jola and til in parts of Chamarajnagar.

10. (1) Prospects of the season are reported to be fair.
(2) It is reported that rain is wanted in Seringapatam, Gundlupet and Nagamangala Taluks.
11. (1) Cattle are reported to be generally healthy.
(2) Water and fodder are available.

HASSAN.

8. Well supplied.
9. *Crops sown.*—Kulthi is being sown in some parts of Arkalgud and Hole-Narsipur Taluks; Doddaragi and paddy are being sown and transplanted respectively in the Belur Taluk.
Standing crops.—Paddy in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; ragi in the Hassan, Arkalgud, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; sugar-cane in the Hassan, Belur, Arsikere and Channarayapatna Taluks; togari and avare in the Hassan, Belur and Channarayapatna Taluks; jolam in the Belur and Arsikere Taluks; chillies in the Belur Taluk; castor in the Channarayapatna Taluk and til and coriander in the Arsikere Taluk are reported to be generally in good condition.
Crops harvested.—Til is being harvested in the Channarayapatna Taluk.
10. Prospects of the season are reported to be generally good.
11. Cattle are reported to be generally healthy except for 'Chappe Roga' in the Theranya Village, Halekote Hobli, Hole-Narsipur Taluk. The Veterinary Inspector has been addressed to take remedial measures.
Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.
9. *Agricultural operations.*—Ploughing operations are going on in all the parts of the District.
Crops sown.—Ragi in the Taluk of Channagiri and Sub-Taluk of Kumsi; jola, avare and togari in the Channagiri Taluk; horsegram and navane in the Honnali Taluk are reported to have been sown during the week. Transplantation of paddy is going on in the Taluks of Shimoga, Sagar, Nagar, Tirthahalli and in the Sub-Taluk of Kumsi.
State of standing crops.—Sugar-cane and paddy in all the Taluks and Sub-Taluk of Kumsi; ragi, jola, avare and togari in the Channagiri Taluk are reported to be in a fair condition.
Crops harvested.—Nil.
10. The prospects of the season are reported to be good. It is reported that rain is not copious in the Taluks of Honnali and Shikarpur for paddy crop.
11. Cattle are reported to be generally healthy, except for Rinderpest in the Dodderi village of Shimoga Taluk and in the villages of Tudoor, Bilave and Yedehalli in the Tirthahalli Taluk. It is reported by the Amildar of Sagar Taluk that some contagious cattle disease is prevailing in the villages of Mullusatalu, Devasa, Maloor, Muppani and Ananthapur villages in the Sagar Taluk and that the Veterinary Inspector is treating the animals. The Amildar has been asked to ascertain and report what kind of disease this is. It is also reported that the Veterinary Inspectors attached to the respective taluks have been addressed in the matter. Fodder and water are reported to be available.

KADUR.

8. Markets are fairly well supplied.
9. *Agricultural operations.*—Lands are being prepared for transplanting paddy throughout the District.
Crops sown.—Transplanting of paddy in all the Taluks and Sub-Taluks of the District. Doddaragi and avare in Kadur Taluk and also in some parts of Chikmagalur Taluk, save in Chikmagalur.
Standing crops.—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the District; jolam, til, garlic, castor, blackgram, greengram, groundnut, coriander, chillies and thadaguni in Chikmagalur, Kadur and Tarikere Taluks, coffee and cardamom, in Koppa and Mudgere Taluks, arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajpura and Sringeri Sub-Taluks are reported to be thriving well.
Crops harvested.—Nil.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the District, but Rinderpest is reported to be prevailing in Turuvanahalli and Sadarahalli Villages in the Kadur Taluk, and Balekoppa Village in Narasimharajpura Sub-Taluk.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing, sowing and weeding operations are going on in this District.

Standing crops.—Ragi, jola, til, castor, togari, avare, groundnut, navane, same, sajje, paddy, sugar-cane, alasandi, and cotton are reported to be generally in a fair condition.

Seeds sown.—Chitaldrug—Ragi, jola, horsegram, togari, avare, paddy and cotton. Challakere—Ragi. Hiriyur—Natiragi. Holalkere—Ragi, navane and cotton. Molakalmuru—Ragi and paddy. Jagalur—Togari and navane. Hosdurga—Ragi, save, sajje and horsegram.

Crops harvested.—Nil.

It is reported that crops in kasaba and Hireguntanur hoblis in the Chiraldrug Taluk and Kakkargola in Davangere Taluk are being destroyed by grass hoppers and it is reported that the Agricultural Department has been addressed in the matter.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes find labour.

11. Cattle are reported to be healthy, except for black water at Gode Village in Jagalur Taluk and it is reported that the Veterinary Inspector attached to the Taluk has been addressed in the matter.

Water and fodder are available.

BANGALORE,
Dated 13th August 1928.

R. ANANTASUBRAMANYAM,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

Memo dated 3rd—6th August 1928.

A BRIEF REVIEW ON THE RECORDED VITAL STATISTICS FOR THE QUARTER ENDING 31ST MARCH 1928.

A statement showing by districts, the number of deaths classified according to principal causes and the infantile mortality recorded during the quarter ending 31st March 1928 is appended.

Births.

The total number of births registered during the quarter ending 30th June 1928, was 24,582 as against 27,069 in the preceding quarter equivalent to a calculated annual ratio of 16·77 and 18·47 respectively per mille of population. The highest birth rate (20·41) was returned for the Shimoga District, the rates for the other districts ranging between 19·53 (Kolar) and 12·44 (Mysore).

Deaths.

The number of deaths from all causes returned for the quarter totalled 25,751 yielding an annual ratio of 17·57 per mille of population as compared with 22,092 and 15·07 per mille respectively in the preceding quarter. The death rate for the Chitaldrug District (12·84) was the lowest and that for the Kadur District (26·16) the highest, the rates for the other districts ranging between (15·66) (Mysore) and 25·03 (Shimoga).

Deaths exceeded births in four districts, *viz.*, Mysore, Hassan, Shimoga and Kadur.

The deaths among infants under one year of age were 2,343 as against 2,458 in the previous quarter. This gives an average of 95·31 per 1,000 of recorded births. The highest infantile mortality rate was returned for Kolar District (126·90). The rates were also high for Shimoga (111·77), Kadur (106·55), and Hassan (104·82). In the other districts the recorded rates ranged between (55·44) Mysore and (99·97) Tumkur.

Plague.—Plague was returned for all the Districts except Kadur. The total deaths from this cause was 542 as compared with 1,026 in the previous quarter. The highest number of deaths (195) was reported for Kolar District.

The total number of anti-plague inoculations done by Medical Officers and subordinates including the District Health Officer, Shimoga, was 13,712.

Cholera.—Thirty eight deaths under this cause were reported from Bangalore, Kolar, Mysore and Shimoga Districts as against 6 deaths in the preceding quarter.

Small-pox.—The recorded deaths under this cause were 579 as against 167 in the preceding quarter, the Districts most affected being Mysore (358), Bangalore (110). The number of vaccinations performed during the quarter totalled 41,061.

During the quarter 14,808 deaths were returned as due to "Fevers" as against 10,983 in the preceding quarter. The incidence of Fevers in Mysore, Hassan, Tumkur and Shimoga was high as compared with other districts. As usual free distribution of quinine was made in the Malnad villages.

Seven hundred and seventy-six deaths from dysentery and diarrhoea were returned as compared with 866 in the previous quarter.

A total of 890 deaths under respiratory diseases was reported during the quarter as against 881 in the previous quarter.

Three hundred and eighteen deaths were recorded as due to injuries including accidents, snake-bite and suicide.

Under all other causes, 7,800 deaths were returned as against 7,850 in the previous quarter.

General.—On the whole the Public Health during the quarter may be said to have been fairly satisfactory.

Statement showing the Vital Statistics for the quarter ending 31st March 1928.

District	Population according to census of 1921	Number of births registered	Annual ratio per 1,000 of population	Number of deaths registered	Annual ratio per 1,000 of population	Causes of deaths

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 4TH AUGUST 1928.

A total of 16 attacks with 6 deaths from plague was returned during the week as against 13 attacks with 3 deaths in the week previous, all the districts being affected except Tumkur and Shimoga. The City of Bangalore and the Kolar Gold Fields area continued to remain free from the disease while the Mysore City returned one attack with nil death.

2. Comparative figures for the corresponding week were 86 attacks with 55 deaths in 1927 and 145 attacks with 80 deaths in 1926.

3. No cases were reported either from influenza or relapsing fever.

4. Two fatal cases of cholera were reported for one village in each of the Turuvekere and Magadi Taluks.

5. Two attacks with one death from small-pox were returned for the City of Bangalore and the Kolar Gold Fields area.

6. The total mortality for the Bangalore City amounted to 81, representing a calculated annual ratio of 35·51 per mille of population against the average ratio of 27·06 for 1927. The deaths numbered 2 under malaria, 7 under pneumonia, 1 under typhoid, 4 under other fevers, 4 under phthisis, 9 under dysentery and diarrhœa and 54 under all other causes.

7. The total mortality for the Mysore City for the week was 47, representing a calculated annual ratio of 29·17 per mille of population against the average ratio of 35·30 for 1927. The deaths were malaria 1, Pneumonia 3, typhoid 2, phthisis 6, dysentery and diarrhœa 8, and all other causes 27.

8. There were 49 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 28·40 per mille of population against the average ratio of 30·78 for 1927. The deaths numbered 1 under small-pox, 2 under pneumonia, 1 under other fevers, 1 under phthisis, 12 under dysentery and diarrhœa and 32 under all other causes.

B. MD. USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are engaged in sowing and weeding operations and that grain is being sown in parts of Devanhalli and Closepet Taluks.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, togari, til, ground-nuts and potatoes are reported to be in good condition.

Crops harvested.—Nil

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Doddaroga" in parts of Dodballapur.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Harrowing operations are going on in Bowringpet and Chikballapur Taluks in some parts of Chikballapur Taluk The raiyats are reported to be engaged in removing weeds in their fields.

Standing crops.—Standing crops such as sugar-cane, ragi, avare, togari, onions, ground-nuts and sajje are reported to be in good condition. But the standing crops in the Taluks of Kolar, Bowringpet, Srinivaspur, Mulbagal and Bagepalli are in need of rain, and the standing crops in the Bowringpet Taluk are affected by caterpillar.

Crops sown.—Paddy is being sown in Sidlaghatta Taluk.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Holur, Guttahalli and Iyrasanahalli, villages of Kolar Taluk, Annoodee and Hudagoor villages of Goribidnur Taluk, Dupparthi, Kondanalahalli, Upparahalli, Somalapur and parts of Kasaba Hobli of Gudibanda Sub-Taluk; Blackquarter and rinderpest in Kasaba Pathapalya, Mittemari and Chelur villages of Bagepalli Taluk; Blackquarter and anthrax in parts of Chintamani Taluk; and anthrax in Kurudumale village of Mulbagal Taluk; the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets are well supplied.

9. *Seeds sown.*—Ragi, avare, thogari in all parts of the District except Pavagada. Paddy and ground-nut in Sira Taluk, and horsegram in Koratagere Sub-taluk.

Crops harvested.—Paddy in the Gubbi Taluk yields 8 to 12 annas.

Standing crops.—Ragi, avare, thogari, jolam in all the Taluks. Til in Chiknaikanahalli and Tiptur Taluks, Sugar-cane and paddy Turvekere, Kunigal and Madhugiri Taluks.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of Doddaroga in the parts of Gubbi Taluk, the cattle are reported to be healthy.

Water and fodder are available and adequate.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Transplantation of paddy is going on in parts of Nanjangud Taluk.

Standing crops.—Ragi, jola, sugar-cane, horsegram, til, togari, ramtil, tadaguni, castor, paddy, coriander, chillies, cotton, ground-nut, black and green grams are reported to be fair.

Seeds sown.—Ragi in parts of Mandya Taluk.

Crops harvested.—Nil.

10. (1) Prospects of the season are reported to be fair.

(2) It is reported that rain is wanted in parts of Chamrajnagar, Seringapatam, Yedatore and T.-Narsipur Taluks.

11. (1) Cattle are reported to be generally healthy except for Doddaroga in Kari Nanjanapura, Ammanapura of Chamrajnagar Taluk; Chappe roga in Arakere of Seringapatam Taluk, Dodda roga in Kangalu, Seegooru, Hunasavadi and Bannakuppe of Hunsur Taluk, in Basavapatna and Kanchanmanahalli, Yedatore Taluk; and Chinkurli of Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department has been written to take necessary preventive measures.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy is being transplanted in the Manjarabad and Belur Taluks.

Kulthi is being sown in the Hole-Narsipur Taluk.

Standing crops.—Paddy in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; ragi in the Hassan, Belur and Arsikere Taluks and in the Alur Sub-Taluk; sugar-cane in Hassan, Belur, Arsikere and Channarayapatna Taluks; avare and togari in the Hassan, Belur and Channarayapatna Taluks; jolam in the Belur and Arsikere Taluks; chillies in the Belur Taluk; castor in the Channarayapatna Taluk and til and coriander in the Arsikere Taluk are reported to be generally in good condition. It is reported that standing crops in the Belur and Arkalgud Taluks are in need of rains.

Crops harvested.—Nil.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for 'Chappe Roga' in the Theranya Village, Halekote Hobli, Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in all the parts of the District.

Crops sown.—Horsegram, cotton and navane in the Honnali Taluk and ragi in the Kumsi Sub-Taluk are reported to have been sown during the week. Transplantation of paddy is going on in the Taluks of Sagar, Nagar, Tirthahalli and Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane and paddy in all the Taluks and Sub-Taluk of Kumsi; ragi, jola, avare and togari in the Taluks of Shimoga, Channagiri and Honnali are reported to be in a fair condition.

Crops harvested.—Nil.

10. The prospects of the season are reported to be fair. It is reported that the jola crops in some villages of Anavatti Hobli in the Sorab Taluk and in some villages of Honnali Taluk are effected with a kind of insects (ಜಿಟ್ಟೆಹುಳ) and that the Agricultural Department has been addressed in the matter. Food grains are available and their prices are steady.

11. Cattle are reported to be generally healthy, except for Rinderpest in the villages of Kagatoor, Horagatte, Kerebilachi of the Channagiri Taluk, blackquarter, foot and mouth disease in the villages of Mallu, Devasa and Satalalu of the Sagar Taluk and that the Veterinary Inspectors are treating these animals.

Fodder and water is available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being prepared for transplanting paddy throughout the District.

Crops sown.—Transplanting of paddy in all the Taluks and Sub-Taluks of the District. Doddaragi, avare in Kadur Taluk and in parts of Chikmagalur and Tarikere Taluks.

Standing crops.—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the District, jolam, til, garlic, castor, chillies, blackgram, greengram, groundnut, coriander and tadaguni in Chikmagalur, Kadur and Tarikere Taluks, coffee and cardamom, in Koppa and Mudgere Taluks, arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

Crops harvested.—Potatoes in Chikmagalur Taluk, til and coriander in Kadur Taluk.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the District. It is reported that Metrecut Roga was prevailing in Angadi Village, Mudgere Taluk and that the Veterinary Inspector visited the village and inoculated the cattle and that the disease is now on the decrease.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Sowing and weeding operations are in progress in this District.

Standing crops.—Ragi, jola, til, castor, togari, avare, groundnut, navane, save, sajje, paddy, sugar-cane, alasande, and cotton are reported to be in fair condition.

Seeds sown.—Chitaldrug—Ragi, jola, cotton and paddy. Challakere—Natiragi. Hiriyur—Natiragi. Holalkere—Cotton, navane and horsegram. Jagalur—Togari and navane. Hosdurga—Horsegram. Harihar—Navane and cotton.

Crops harvested.—Nil.

It is reported that crops in kasaba Hireguntanur hobli in Chitaldrug Taluk and Kakkaragola in Davangere Taluk are being destroyed by grasshoppers and it is reported that the Agricultural Department has been addressed in the matter.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes find labour.

11. Cattle are reported to be healthy, except for blackquarter at Dandigahalli in Holalkere Taluk. It is reported that the Veterinary Inspector attached to the taluk has been addressed in the matter.

Water and fodder are available.

BANGALORE,
Dated 20th August 1928.

R. ANANTASUBRAMANYAM,
For *Director.*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE, FOR THE WEEK ENDING SATURDAY THE 11TH AUGUST 1928.

A total of 39 attacks with 28 deaths from plague was returned during the week as against 16 attacks with 6 deaths in the previous week, the districts affected being Bangalore, Kolar, Tumkur, Mysore, Kadur and Chitaldrug. The City of Bangalore and the Kolar Gold Fields area continued to remain free from the disease while Mysore City reported 2 deaths.

2. Comparative figures for the corresponding week were 45 attacks and 23 deaths in 1927 and 172 attacks and 122 deaths in 1926.

3. No cases were reported from relapsing fever during the week.

4. A total of 21 attacks with 15 deaths from Cholera was returned for two villages in each of the Srinivaspur Taluk and Turuvekere Sub-Taluk and one village in each of the Magadi and Gubbi Taluks.

5. Four attacks with nil deaths from influenza were returned for one village in Belur Taluk.

6. Fifteen attacks with three deaths from small-pox were returned for one village in each of the Closepet and Holalkere Taluks and the Cities of Bangalore and Mysore.

7. The total mortality for the Bangalore City amounted to 73, representing a calculated annual ratio of 32·10 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 4 under malaria, 8 under pneumonia, 6 under other fevers, 4 under phthisis, 13 under dysentery and diarrhœa and 38 under all other causes.

As compared with the City, the Civil and Military Station returned 92 deaths for the week ending 5th August 1928, representing a calculated annual ratio of 40·36 per mille of population as against 42·11 for the previous week. The causes of deaths were Pneumonia 8, and brancho pneumonia 8, consumption 4, other fever 6, dysentary and diarrhoea 8, and all other causes 58.

8. The total mortality for the Mysore City for the week was 39, representing a calculated annual ratio of 25·08 per mille of population against the average ratio of 35·30 for 1927. The deaths were plague 2, malaria 1, pneumonia 3, phthisis 7, dysentery and diarrhœa 12, and all other causes 14.

9. There were 50 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 28·99 per mille of population against the average ratio of 30·78 for 1927. The deaths numbered 4 under pneumonia, 1 under other fevers, 1 under phthisis, 9 under dysentery and diarrhœa and 35 under all other causes.

B. MD. USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are engaged in sowing and weeding operations and that gram and hutchallu are being sown in Hoskote, Channapatna, Anekal, Devanhalli, Kankanhalli and Closepet Taluks.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari, til and ground-nuts are reported to be in good condition.

Crops harvested.—Til is being harvested in parts of Anekal Taluk.

10. Fair, cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Chapperoga and Doddaroga in parts of Closepet and Kankanhalli Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Harrowing operations are going on in Bowringpet Taluk and ploughing operations in Chikballapur and Sidlaghatta Taluks for sowing horsegram.

Standing crops.—Standing crops such as ragi, avare, togari, sugar-cane, ground-nut, same and onions are reported to be in good condition. But the avare crop in Bowringpet Taluk is being damaged to a great extent by caterpillars. The standing crops, especially the dry crops in Kolar and Mulbagal are in need of urgent rain.

Crops sown.—Horsegram and jolam are being sown in Chikballapur Taluk.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available for the cooly classes.

11. Except for the prevalence of rinderpest in Kasaba, Beeramanahalli, Veerapura, Devandahalli of Kolar Taluk and in parts of Gudibanda, anthrax in Yalavanahalli and Sultanpet villages of Chikballapur Taluk, Blackquarter and anthrax in Chintamani Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets well supplied.

9. *Seeds sown.*—Ragi, avare, thogari in the taluks of Chiknayakanhalli, Sira and Kunigal. Horsegram in Tumkur, Madhugiri and Turuvekere Sub-Taluks. Navane in Koratagere Sub-Taluk and paddy and ground-nut in Sira Taluk.

Crops harvested.—Paddy in Gubbi Taluk, yields 8 to 12 annas. Til and sugar-cane in Turuvekere Sub-Taluk, yields 8 to 12 annas.

Standing crops.—Ragi, avare, jolam and thogari, in all parts of the District. Sugar-cane in Tumkur, Madhugiri, Kunigal and Turvekere and Koratagere Sub-Taluks, ground-nut in Tumkur, Tiptur Pavagada Taluks. Til, blackgram and greengram in Chiknayakanhalli Taluk and castor in Pavagada Taluk.

10. *Prospects of the season.*—Fair.

11. Public health is generally good.

Except for the prevalence of Doddaroga in parts of Gubbi Taluk, the cattle are reported to be generally healthy. Water and fodder are available.

MYSORE.

8. Well supplied

9. *Agricultural Operations.*—Nil.

Standing crops.—Ragi, jola, sugar-cane, horsegram, til, togari, ramtil, tadaguni, castor, paddy, coriander, chillies, cotton, ground-nut, black and green grams are reported to be fair.

Seeds sown.—Ragi horsegram and green grams in parts of T.-Narsipur Taluk; Horsegram in parts of Malvalli and Mandya Taluks.

Crops harvested.—Jola in parts of Yedatore, Gundlupet and Nanjangud Taluks.

10. (1) Prospects of the season are reported to be fair.

(2) It is reported that rain is wanted in parts of Chamrajnagar, Hunsur and Yedatore Taluks.

11. (1) Cattle are reported to be generally healthy except for Chappe roga in Arakere village of Seringapatam Taluk, Chappe roga and Dodda roga in Chunkurli village of Krishnarajapete Taluk.

The Superintendent, Civil Veterinary Department has been written to take necessary preventive measures.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy is being transplanted in the Manjarabad and Belur Taluks.

Standing crops.—Paddy in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; ragi in the sugar-cane in the Hassan, Belur Arsikere and Channarayapatna Taluks; and in the Alur Sub-Taluk; avare in the Hassan, Belur and Channarayapatna Taluks; jolam in the Belur and Arsikere Taluks; togari and chillies in the Belur and Channarayapatna Taluks; castor in the Channarayapatna Taluk are reported to be generally in good condition. Standing crops in almost all the Taluks are reported to be in need of more rains.

Crops harvested.—Coriander and til in the Arsikere Taluk and sugar-cane in the Hole-Narasipur Taluk are being harvested.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for 'Chappe Roga' in the Theranya Village, Halekote Hobli, Hole-Narsipur Taluk and 'Haemorrhagic Septicaemia' in the Kenchanahallipura village, Palya Hobli, Alur Sub-Taluk. The Veterinary Inspectors concerned are reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the District.

Crops sown.—Horsegram in the Honnali Taluk and in the Kumsi Sub-Taluk, navane and cotton in the Honnali Taluk, and ragi in the kumsi Sub-Taluk are reported to have been sown during the week. Transplantation of paddy is going on in the Taluks of Sagar, Nagar, Tirthahalli and in the Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane and paddy in all the Taluks and Sub-Taluk of Kumsi, ragi, jola, avare and togari in the Taluks of Channagiri and Honnali and Cotton in the Channagiri Taluk are reported to be in a good condition.

Crops harvested.—Nil.

10. The prospects of the season are reported to be fair. It is reported that the jola crops in the Honnali Taluk are effected with a kind of insects (ಹೆಣ್ಣು ಹುಳು) and action has been taken by the Agricultural Department to prevent its spread. Food grains are available and their prices are steady.

11. Cattle are reported to be generally healthy, except for Rinderpest in Bharatipur and Yedagadde villages of the Tirthahalli Taluk. It is reported that the Veterinary Inspector of this taluk has been addressed to take needful steps in the matter.

Fodder and water are available.

KADUR.

8. Markets are fairly well supplied.

9. (1) *Agricultural operations.*—Lands are being prepared for transplanting paddy throughout the District.

(2) *Crops sown.*—Transplanting of paddy in all the Taluks and Sub-Taluks of the District. Doddaragi and avare in Kadur and in parts of Tarikere and Chikmagalur Taluks. Horsegram and save in Kadur Taluk.

(3) *Standing crops.*—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the District, jolam, til, garlic, castor, chillies, blackgram, greengram, ground-nut, coriander and tadaguni in Chikmagalur, Kadur and Tarikere Taluks, coffee and cardamom, in Koppa, Mudgere and Chikmagalur Taluks, arecanut in Chikmagalur; Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

(4) *Crops harvested.*—Til, coriander, Thadagani, blackgram in Kadur Taluk, gidda ragi, potatoes and Thingalavare in Chikmagalur Taluk and arecanut in Tarikere Taluk.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the District, but rinderpest is reported to be prevailing in Narasimharajapura Town, Balekoppa, Menasur and Susalavani Village in Narasimharajapura Sub-Taluk and the Veterinary Inspector is reported to be doing the needful.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing sowing and weeding operations are in progress in this District.

Standing crops.—Ragi, til, castor, togari, avare, ground-nut, navane, save, sajje, paddy, sugar-cane, alasande, blackgram, greengram and cotton are reported to be in fair condition.

The Amildar Hosdurga Taluk, reports that the standing crops are withering for want of rain.

Seeds sown.—Challakere—Natiragi. Hiriyur—Natiragi. Holalkere—cotton, navane and horsegram. Molakalmuru—cotton and paddy. Jagalur—Horsegram and paddy. Hosdurga—Nil.

Crops harvested.—Nil.

It is reported that standing crops in Kasaba Hireguntanur Hoblies in Chitaldrug Taluk and Kakkaragola and some other villages in Davangere Taluk are being destroyed by grasshoppers and it is reported that the Agricultural Department is taking necessary steps.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

Cattle are reported to be healthy, except for Metrukatte disease in Kudalahalli Village in Jagalur Taluk.

11. Water and fodder are generally available. It is reported from the Amildar Hosadurga that the rainfall is very scanty and not well distributed in certain tracts and that food stocks among raiyats are getting short and the fodder is scarce. A special report has been called for in the matter from the Amildar.

BANGALORE,
Dated 27th August 1928.

H. K. RAMIENGAR,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE, FOR THE WEEK ENDING SATURDAY THE 18TH AUGUST 1928.

A total of 25 attacks with 19 deaths from plague was returned during the week as against 39 attacks with 28 deaths in the previous week, all the districts being affected except Shimoga. The Cities of Bangalore and Mysore and the Kolar Gold Fields area remained free from the disease.

2. Comparative figures for the corresponding week were 47 attacks with 25 deaths in 1927 and 171 attacks with 113 deaths in 1926.

3. No cases were reported from relapsing fever during the week.

4. Ten attacks with 5 deaths from cholera were returned for one village in Srinivaspur Taluk.

5. One fatal attack of influenza was returned for the Bangalore City.

6. A total of 16 attacks with 2 deaths from small-pox was returned for the Bangalore City and Saklespur Town.

7. The total mortality for the Bangalore City amounted to 82, representing a calculated annual ratio of 35·96 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 1 under small-pox, 6 under malaria, 9 under pneumonia, 1 under other fevers, 5 under phthisis, 13 under dysentery and diarrhœa and 47 under all other causes.

8. As compared with the City, the Civil and Military Station for the week ending 12th August 1928, returned 94 deaths representing a calculated annual ratio of 41·24 per mille of population as against 40·36 during the previous week. The causes of deaths were pneumonia 5, brancho pneumonia 9, other fevers 4, dysentery and diarrhœa 14, phthisis 5, and all other causes 57.

9. The total mortality for the Mysore City for the week was 45, representing a calculated annual ratio of 27·87 per mille of population against the average ratio of 35·30 for 1927. The deaths were malaria 2, pneumonia 3, other fevers 1, phthisis 5, dysentery and diarrhœa 8, and all other causes 26.

10. There were 49 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 28·40 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 4 under pneumonia, 2 under other fevers, 1 under phthisis, 8 under dysentery and diarrhœa and 34 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are engaged in sowing horse-gram in parts of Bangalore, Hoskote, Nelamagnala, Kankanhalli, Closepet, and Channapatna Taluks and weeding operations are going on throughout the District.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari, and til are reported to be in good condition.

Crops harvested.—Til is being harvested in parts of Hoskote Taluk.

10. Fair, cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Doddaroga" in parts of Hoskote and Dodballapur Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Nil.

Ploughing operations.—Nil.

Standing crops.—Such as ragi, avare, togari, ground-nut, sugar-cane, onions and potatoes are reported to be generally in good condition. But the standing crops both wet and dry in Kolar, Mulbagal, Sidlaghatta and Malur Taluks, are in need of urgent rains.

Crops sown.—Horsegram is being sown in parts of Chikballapur Taluk.

Crops harvested.—Onions and garlic, are being harvested in some parts of Chikballapur Taluk and their outturn is 8 annas and 12 annas respectively.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Except for the prevalence of rinderpest in Kasaba, Beeramanahalli, Holur Hobli, and Gattehalli villages of Kolar Taluk, Anodi, and Mathalvane Villages of Goribidnur Taluk and parts of Gudibanda, Sub-Taluk, and blackquarter and anthrax in Chintmani Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets well supplied.

9. *Seeds sown.*—Horsegram in parts of Tumkur, Madhugiri, Tiptur, Kunigal and Koratagere Sub-Taluks. Til and jolam in Turuvekere Sub-Taluk, Ragi, paddy, jolam, avare and ground-nut in Sira Taluk.

Crops harvested.—Til, black-gram and green-gram in Chiknayakanhalli Taluk; yield 8 annas. Paddy in Gubbi Taluk; yields 8 to 12 annas.

Standing crops.—Ragi, paddy, avare and thogari in all parts of the District. Castor in Pavagada Taluk, sugar-cane and ground-nut in Madhugiri, Tiptur, Kunigal, Koratagere and Turvekere Sub-Taluks and horsegram in Madhugiri Taluk.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of Doddaroga in parts of Tumkur and Gubbi Taluks, the cattle are reported to be healthy.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Transplantation of paddy is going on in parts of Nanjangud Taluk.

Standing crops.—Ragi, jola, sugar-cane, horse-gram, til, togari, ramtil, tadaguni, castor, paddy, coriander, chillies, cotton, ground-nut, black and green grams and Same are reported to be in good condition.

Seeds sown.—Horse-gram in parts of Malvalli Taluk.

Crops harvested.—Ragi, in parts of Heggaddevankote Taluk, jola and ragi in parts of Krishnarajpete Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted in parts of Chamrajnagar, Seringapatam and Mandya Taluks.

11. (1) Cattle are reported to be generally healthy except for Dodda roga in Nelloru, Masanapura, Annanapur, Nanjanaikanahalli of Chamarajnagar Taluk; in Toravalli, Mattikere, Kolagala, Hommarahalli, Belatoru and Bichanahalli of Haggaddevankote Taluk and in Yeregowdahalli of Krishnarajapete Taluk.

The Superintendent, Civil and Veterinary Department has been written to take necessary preventive measures.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy is being transplanted in the Belur and Manjarabad Taluks and Kulthi is being sown in the Belur Taluk.

Standing crops.—Paddy in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; sugar-cane and ragi in the Hassan, Belur Arsikere and Channarayapatna Taluks; and in the Alur Sub-Taluk; avare in the Hassan, Belur and Channarayapatna Taluks; togari and chillies in the Belur and Channarayapatna, castor in the Channarayapatna Taluk and jolam in the Arsikere Taluk are reported to be generally in good condition. More rain is required for standing crops in Belur, Channarayapatna and Hole-Narsipur Taluks and for paddy crop in the Alur Sub-Taluk.

Crops harvested.—Ragi in the Arkalgud and Belur Taluks and in the Alur Sub-Taluk, green-gram, black-gram, jolam, til and coriander in the Arsikere Taluk, sugar-cane in the Hole-Narasipur Taluk are being harvested.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Haemorrhagic Septicaemia" in the Kenchanahallipura village, Palya Hobli, Alur Sub-Taluk. The Veterinary Inspector is reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the District

Crops sown.—Horsegram and ragi in the Shimoga Taluk and Kumsi Sub-Taluk, navane and cotton in the Honnali Taluk, are reported to have been sown during the week. Transplantation of paddy is going on in the Taluks of Sagar, Nagar, Tirthahalli and in the Sub-Taluk of Kumsi.

State of standing crops.—Paddy and sugar-cane in all the Taluks and in Sub-Taluk of Kumsi; ragi, jola, avare and togari in the Taluks of Shimoga, Channagiri and Honnali are reported to be in good condition.

Crops harvested.—Nil.

10. The prospects of the season are reported to be fair. It is reported that the jola crops in the Honnali Taluk are affected with a kind of insects (ಜಿಟ್ಟುಹುಳ) and action has been taken by the Agricultural Department to prevent the spread. Food grains are available and their prices are steady.

11. Cattle are reported to be generally healthy, except for Rinderpest in the Bandya village of the Tirthahalli Taluk. It is also reported that the Veterinary Inspector attached to this taluk has been written to in the matter.

Fodder and water are available.

KADUR.

8. Markets are fairly well supplied.

9. (1) *Agricultural operations*—Nil.

(2) *Crops sown.*—Transplanting of paddy in all the Taluks and Sub-Taluks of the District. Horsegram in Chikmagalur, Kadur and Tarikere Taluks.

(3) *Standing crops.*—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the District. Jolam, til, garlic, castor, chillies, black-gram, green-gram, groundnut, coriander and tadaguni in Chikmagalur, Kadur and Tarikere Taluks, coffee and cardamom in Chikmagalur, Koppa and Mudgere Taluks, arecanut in Chikmagalur Taluk, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

(4) *Crops harvested.*—Til and coriander in Kadur Taluk, gidda ragi, potatoes, coriander and black-gram in Chikmagalur Taluk and arecanut in Tarikere Taluk.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the District, but rinderpest is reported to be prevailing in Narasimharajapura Town, Susalavani Balekoppa, and Menasur in Narasimharajapura Sub-Taluk. The Veterinary Inspector is doing needful to prevent the spread of the disease.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and weeding operations are in progress in this District.

Standing crops.—Ragi, jola, til, togari, avare, paddy, castor, navane, save, sajje, sugarcane, alasande, chillies, black-gram, green-gram and cotton are reported to be in a fair condition in all the taluks except in some parts of Hosdurga and Molakalmuru where it is reported to be withering for want of rain. Early rains are expected in those tracts.

Seeds sown.—Challakere—Cotton and navane. Hiriyur—Naturagi. Holalkere—Cotton, navane and horsegram. Hosdurga—Ragi.

Crops harvested.—Nil.

It is reported that standing crops in Kasaba and Hireguntanur Hoblis in Chitaldrug Taluk and Kakkargolla and some other villages in Davangere Taluk are being destroyed by "grass-hopper" and it is reported that necessary action is being taken by the Agricultural Department in the matter.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

Cattle are reported to be healthy.

11. Water and fodder are generally available.

REVENUE COMMISSIONER'S OFFICE,
Dated Bangalore, 28th August 1928.

P. G. D'SOUZA.
Revenue Commissioner.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE, FOR THE WEEK ENDING SATURDAY THE 25TH AUGUST 1928.

A total of 76 attacks with 48 deaths from plague was returned during the week as against 25 attacks with 19 deaths in the previous week, all the districts being affected except Shimoga. The cities of Bangalore and Mysore and the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 80 attacks with 59 deaths in 1927 and 158 attacks with 85 deaths in 1926.

3. Three attacks with 2 deaths from Small-pox were returned for the towns of Saklespur and Chikmagalur and the city of Bangalore.

4. The State remained free from other epidemics, *viz.*, Cholera, Influenza and Relapsing Fever.

5. The total mortality for the Bangalore City amounted to 81, representing a calculated annual ratio of 35·51 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 4 under Malaria, 4 under Pneumonia, 1 under Typhoid, 2 under other fevers, 8 under phthisis, 3 under dysentery and diarrhœa and 57 under all other causes.

6. As compared with the City, the Civil and Military Station for the week ending 19th August 1928, returned 88 deaths representing a calculated annual ratio of 38·60 per mille of population as against 41·24 during the previous week. The causes of deaths were pneumonia 7, brancho pneumonia 10, other fevers 2, phthisis 6; dysentery 9, and all other causes 54.

7. The total mortality for the Mysore City for the week was 38, representing a calculated annual ratio of 23·53 per mille of population against the average ratio of 35·30 for 1927. The deaths were pneumonia 1, phthisis 8, dysentery and diarrhœa 8, and all other causes 38.

8. There were 41 deaths reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 23·77 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under pneumonia, 2 under other fevers, 1 under phthisis, 8 under dysentery and diarrhœa and 29 under all other causes.

J. V. KARVE,
For *Sanitary Commissioner.*

BANGALORE,
Dated 4th September 1928.

H. K. RAMIENGAR,
For *Director.*

10. Prospects of the season are fair. Food grains are available but their prices are steady.

Cattle are generally healthy throughout the district, but Rinderpest is reported to be prevailing in Narasimharajapura Town, Balekoppa, Susalvani and Menasur Villages in Narasimharajapura Sub-Taluk. The Veterinary Inspector is doing needful to prevent the spread of the disease.

11. Water and fodder for cattle are available in all the taluks and sub-taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. (1) *Agricultural operations.*—Sowing, weeding and ploughing operations are in progress in this district.

(2) *Standing crops.*—Ragi, jola, kulthi, togari, castor, cotton, navane, chillies, paddy, groundnut, sugar-cane, sajje, haraka, til, avare, green-gram, black-gram, kadle, save are reported to be in a fair condition in all the Taluks except in some parts of Hosdurga and Molakalmuru Taluks where it is reported to be withering for want of rain. Rains are wanted urgently.

(3) *Seeds sown.*—Chitaldrug Taluk—sugar-cane and horse-gram, Hiriyur Taluk—naturagi, Holalkere Taluk—horse-gram, Harihar Sub-Taluk—Cotton.

(4) *Crops harvested.*—Chitaldrug Taluk—Groundnut (eight annas), Holalkere Taluk—groundnut and black-gram (eight annas), Hosdurga taluk—Til and groundnut (eight annas).

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy.

Water and fodder are generally available.

P. G. D'SOUZA,
Revenue Commissioner.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 11th September 1928.

P. G. D'SOUZA,
Revenue Commissioner.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are engaged in sowing horse-gram in parts of Channapatna Taluk and that weeding operations are going on throughout the District.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari, til and groundnuts are reported to be in good condition but rain is urgently wanted in Bangalore, Hoskote, Dodballapur, Kankanhalli, Channapatna and Closepet Taluks.

Crops harvested.—Til is being harvested in parts of Hoskote Taluk.

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Chapperoga and Doddaroga in parts of Anekal, Hoskote, Dodballapur and Magadi Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—Nil.

Ploughing operations.—Nil.

Standing crops.—Such as ragi, avare, paddy togari, ground-nuts, sugar-cane, onions and same in Mulbagal Taluk, are reported to be generally in fair condition, but rain is urgently wanted for dry crops throughout the District.

Crops sown.—Nil.

Crops harvested.—Potatoes are being harvested in some parts of Chikballapur Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Except for the prevalence of Black quarter and Anthrox in Chintamany Taluk, and Rinderpest in Nallakadarenahalli village of Chikballapur Taluk, and in parts of Gudibanda, Sub-Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets well supplied.

9. *Seeds sown.*—Horsegram in parts of Tumkur and Madhugiri Taluks.

Crops harvested.—Ragi in Mudhugiri, nati ragi in Pavagada, til in Chiknayakanhalli and Turuvekere, black-gram and green-gram in Chiknayakanhalli Taluk, yield 8 annas.

Standing crops.—Ragi, paddy, avare and thogari in all the Taluks, sugar-cane in Madhugiri, Kunigal and Koratagere Sub-Taluks, horsegram in Madhugiri and ground-nut in Sira, Tiptur, Pavagada and Koratagere Sub-Taluks are reported to be in need of rain.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of rinderpest in parts of Tumkur, Tiptur and Koratagere Sub-Taluks, the cattle are reported to be healthy. It is reported that the Veterinary Inspector has been taking action.

Water and fodder are available at present.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Nil.

Standing crops.—Ragi, jola, sugar-cane, horse-gram, til, togari, ramtil, tadaguni, castor, paddy, coriander, chillies, cotton, ground-nut, black and green grams and same are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Ragi, in parts of Heggaddevankote Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is badly wanted in parts of Chamrajnagar, Seringapatam, Nanjangud, T.-Narsipur and Nagamangala Taluks.

11. (1) Cattle are reported to be generally healthy except for Dodda roga in Udigala Honganuru, Kempapura, Kengare of Chamarajnagar and in Kasaba, Hyrige, Mattikere, Hebbalguppe, Chinnahalli, Betlur and Bichanahalli of Heggaddevankote Taluk.

The Superintendent, Civil and Veterinary Department has been written to take necessary preventive measures.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy is being transplanted in the Manjarabad Taluk.

Standing crops.—Doddaragi in the Belur and Channarayapatna Taluks; Giddaragi in the Hassan Taluk and in the Alur Sub-Taluk; Avare and togari in the Hassan and Belur Taluks; Chillies in the Belur Taluk; Paddy in the Channarayapatna Taluk and in the Alur Sub-Taluk and sugar-cane in the Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk are reported to be generally in good condition. Rain is reported to be urgently needed for standing crops in almost all the taluks.

Crops harvested.—Giddaragi in the Hassan, Belur and Arkalgud Taluks and in the Alur Sub-Taluk; Jolam, black-gram, green-gram and til in the Arsikere Taluk and sugar-cane in the Arsikere and Hole-Narasipur Taluks are being harvested.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Rinderpest" in Yadur village, Kasaba Hobli, Alur Sub-Taluk; "Chappe roga" in Hirebelaguli village and Chikkachagahalli village, Halekote and Kasba Hoblis respectively, Hole-Narsipur Taluk and "Mettarakattu" in the Hanbal and Maranahalli Hoblis in the Manjarabad Taluk and in Kenchanahallipura, Palya Hobli, Alur Sub-Taluk. Veterinary inspector concerned are reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the district.

Crops sown.—Horsegram in the Taluks of Honnali, Shikarpur, Sorab and in the Sub-Taluk of Kumsi; green-gram in the Taluks of Shimoga and Honnalli are reported to have been sown during the week.

Transplantation of paddy is going on in the Taluks of Nagar, Tirthahalli and in the Sub-Taluk of Kumsi.

State of standing crops.—Paddy and sugar-cane in all the Taluks and in Sub-Taluk of Kumsi; ragi, jola, avare togari and cotton in the Taluks of Shimoga, Channagiri and Honnali and groundnut in the Channagiri Taluk are reported to be in a fair condition.

Rain is wanted for paddy crop.

10. The prospects of the season are reported to be fair. Cattle are reported to be generally healthy. Doddaroga is said to be prevailing in Kalloni village in the Tirthahalli Taluk and the Veterinary Inspector is taking needful measures to prevent the spread of the disease.

Food grains are available and their prices are satisfactory.

11. Fodder and water are reported to be available. The paddy crop in Agara, Bannihatti and Guddanahalli villages in the Channagiri Taluk and in Kabatur and Mallapur Villages in the Anavatti Hobli of the Sorab is said to have been infected with a kind of insect called Jatte-hula and that the Agricultural Department are taking steps to weed them out.

KADUR.

8. Markets are fairly well supplied.

9. (1) *Agricultural operations.*—Nil.

Crops sown—Transplanting of paddy in all the Taluks and Sub-Taluks of the District, horse-gram in Chikmagalur, Kadur and Tarikere Taluks.

Standing crops.—Sugar-cane, paddy and ragi in all the Taluks and Sub-Taluks of the District; jolam, til, garlic, castor, chillies, black-gram, greengram, groundnut, coriander and tadaguni in Chikmagalur, Kadur and Tarikere Taluks; coffee and cardamom in Chikmagalur, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

(4) *Crops harvested.*—Groundnut, green-gram, black-gram, tadaguni, til, coriander in Kadur and Chikmagalur Taluks; arecanut in Tarikere Taluk.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 1ST SEPTEMBER 1928.

A total of 26 attacks with 16 deaths from plague was returned during the week as against 76 attacks with 48 deaths in the previous week, all the districts being affected except Bangalore and Shimoga. The Cities of Bangalore and Mysore and the Kolar Gold Fields areas continued to remain free from the disease.

2. Comparative figures for the corresponding week were 158 attacks with 85 deaths in 1926 and 80 attacks with 59 deaths in 1927.

3. Four attacks with 3 deaths from small-pox were returned for one village in Shiralkoppa Taluk and the Town of Sakalespur and Bangalore City.

4. The State remained free from other epidemics, *viz.*, Cholera, Influenza and Relapsing Fever.

5. The total mortality for the Bangalore City amounted to 91 representing a calculated annual ratio of 39·91 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes the deaths numbered 2 under small-pox, 2 under malaria, 7 under pneumonia, 11 under other fevers, 7 under phthisis, 7 under dysentery and diarrhœa and 55 under all other causes.

As compared with the City the Civil and Military Station for the week ending 26 th August 1928 returned 77 deaths representing a calculated annual ratio of 33·78 per mille of population as against 38·60 during the previous week. The causes of deaths were pneumonia 5, Brancho-pneumonia 5, other fevers 1, phthisis 3, dysentery and diarrœa 15 and all other causes 48.

6. The total mortality for the Mysore City for the week was 45 representing a calculated annual ratio of 27·87 per mille of population against the avarage ratio of 35·30 for 1927. The deaths were malaria 2, pneumonia 3, other fevers 1, phthisis 7, dysentery and diarrhœa 8, and all other causes 24.

7. There were 36 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 20·87 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 2 under pneumonia, 2 under other fevers, 1 under phthisis, 3 under dysentery and diarrhœa and 28 under all other causes.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE, FOR THE WEEK ENDING WITH SATURDAY THE 8TH SEPTEMBER 1928.

A total of 96 attacks with 38 deaths from plague was returned during the week as against 26 attacks with 16 deaths in the previous week. The City of Bangalore and the Kolar Gold Fields area continued to remain free from the disease while Mysore City reported one fatal case.

2. Comparative figures for the corresponding week were 46 attacks with 27 deaths in 1927 and 196 attacks with 113 deaths in 1926.

3. A total of 24 attacks with 3 deaths from Small-pox was returned for one village in each of the Tumkur and Kortagere Taluks and the City of Bangalore.

4. The State remained free from other epidemics, *viz.*, Cholera, Influenza and Relapsing Fever.

5. The total mortality for the Bangalore City amounted to 80, representing a calculated annual ratio of 35·08 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 1 under small-pox, 3 under Malaria, 6 under Pneumonia, 5 under other fevers, 9 under phthisis, 6 under dysentery and diarrhœa and 50 under all other causes.

6. As compared with the City, the Civil and Military Station for the week ending 2nd September 1928, returned 82 deaths representing a calculated annual ratio of 35·98 per mille of population as against 33·78 during the previous week. The causes of deaths were pneumonia 3, broncho pneumonia 5, other fevers 4, tuberculosis 9, dysentery and diarrhoea 15 and all other causes 46.

7. The total mortality for the Mysore City for the week was 79, representing a calculated annual ratio of 48·73 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were plague 1, malaria 3, pneumonia 3, typhoid 2, phthisis 10, dysentery and diarrhœa 11, and all other causes 49.

8. There were 34 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 19·71 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under pneumonia, 1 under other fevers, 1 under phthisis, 3 under dysentery and diarrhœa and 28 under all other causes.

Kadle—(Bengal gram) Ciser Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are engaged in sowing horsegram in parts of Magadi Taluk and that weeding operations are going on throughout the District.

State of standing crops.—Sugarcane, mulberry, paddy, ragi, avare, togari, horsegram til and huchellu are reported to be in good condition but rain is urgently wanted in parts of Kankanhalli, Anekal, Channapatna and Closepet Taluks.

Crops harvested.—Nil.

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of Chapperoga and Doddaroga in parts of Hoskote, Anekal, Kankanhalli, Dodballapur and Magadi Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—

Ploughing operations.—Nil.

Standing crops.—Such as ragi, avare, togari, paddy, ground-nuts, same, sugar-cane, are reported to be in good condition in all the Taluks by this weeks rain, but the Amildar, Bagepalli, reports that dry crops are fading for want of urgent rains.

Crops sown.—Ragi, avare and groundnuts are being sown in Goribidnur Taluk.

Crops harvested.—Nil.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Except for the prevalence of black quarter and anthrax in Chintamani Taluk, and rinderpest in Chikballapur Taluk, the cattle are reported to be generally healthy.

Fodder and water are available.

TUMKUR.

8. Markets well supplied.

9. *Seeds sown.*—Ragi, jola, paddy, groundnut, avare and togari in parts of Sira Taluk.

Crops harvested.—Nati ragi in Pavagada; yields 8 annas. Til and cholam in parts of Turuvekere Sub-Taluk; yield 8 annas.

Standing crops.—Ragi, avare, jola, paddy, groundnut and togari in all parts of the District except Sira. Rain is wanted in Sira and Tiptur Taluks.

10. *Prospects of the season.*—Fair.

11. Water and fodder are available. Cattle are reported to be healthy.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Nil.

Standing crops.—Ragi, jola, sugarcane, horsegram, til, togari, ramtil, tadaguni, castor, paddy, coriander, chillies, cotton, groundnut, same, black and green grams are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Ragi, jola, til and castor in parts of Hunsur Taluk, paddy and sugarcane in parts of Krishnarajpete Taluk.

10. Prospects of the season are reported to be fair.

It is reported that rain is wanted for standing crops in parts of Yedatore, Gundlupet, Nanjangud, T.-Narsipur, Malvalli and Mandya Taluks.

11. (1) Cattle are reported to be generally healthy except for Doddaroga in Handrakalli, Arakalavadi, Kilagere, Puttannapura, Jotigowdanapura, Nellooru; Naradi roga in Goolipura and Heggavadi of Chamrajnagar Taluk; Doddaroga in Heggaddevankote Kasaba, Chikkiriyuru, Hosapanahalli, Nanjanaikanahalli, Toravalli, Hebbalaguppe, Chakuru and Jinnahalli of Heggaddevankote Taluk; and in Kikkeri village of Krishnarajpete Taluk.

The Superintendent, Civil and Veterinary Department has been written to, to take necessary preventive measures.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy is being transplanted in the Manjarabad Taluk, kulthi in the Arsikere, Channarayapatna Taluks and Huchellu in the Channarayapatna are being sown.

Standing crops.—Paddy in the Hassan, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; Doddaragi in the Hassan, Belur, Arsikere and Channarayapatna Taluks; Avare, chillies and togari in the Belur and Channarayapatna Taluks; sugar-cane in the Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk, and castor and jolum in the Channarayapatna Taluk are reported to be generally in good condition. Rain is urgently required for standing crops in the Hole-Narsipur Taluk and for paddy crop in the Belur Taluk.

Crops harvested.—Giddaragi in the Hassan, Belur and Arkalgud Taluks in the Alur Sub-Taluk. Til in the Arsikere Taluk and sugar-cane in the Hole-Narsipur Taluk are being harvested.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Rinderpest" in the Chowdanhalli and Keraaya villages in the Hole-Narsipur Taluk. "Chappe roga" in the Mundahalli and Uddur villages, Hole-Narsipur Taluk and "Mettarakattu" in the Honnahalli Kasaba and Hanbal Hoblies, Manjarabad Taluk. Veterinary Inspectors concerned are reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going in the Taluks of Channagiri and Nagar.

Seeds sown.—Horsegram in the taluks of Shimoga, Sorab and in the Sub-Taluk of Kumsi, is reported to have been sown during the week. Transplantation of paddy is still going on in the taluks of Sagar, Nagar and in the Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane and paddy in all the taluks and sub-taluk of Kumsi; ragi, jola, avare, togari in the taluks of Shimoga, Channagiri and Honnali and ragi in the Kumsi Sub-Taluk are reported to be in a fair condition.

Crops harvested.—Save (ಸವೆ) groundnut and green gram are being harvested in the Honnali Taluk.

10. The prospects of the season are reported to be fair. It is reported that rain is not copious for paddy crop in the taluks of Shimoga, Honnali, Shikarpur and Sagar. The jola crop in the Arabgatte and Govinakovi Hoblies of Honnali Taluk and in the villages of Anavetti and Kubatur in Sorab Taluk, is reported to have been infected with a kind of insect called (ಜಟ್ಟಿ ಹುಳ) and the Agricultural Department are taking steps to weed them out.

11. Cattle are reported to be generally healthy except for rinderpest in Menanikanakette of the Channagiri Taluk. Fodder and water are available.

KADUR.

8. Markets are fairly well supplied.

9. (1) *Agricultural operations.*—Nil.

Crops sown—Horsegram in Chikmagalur, Kadur and Tarikere Taluks.

(2) *Standing crops.*—Sugarcane, paddy and ragi in all the taluks and sub-taluks of the District; jolam, til, garlic, castor, chillies, black gram, green gram, groundnut, coriander and tadaguni in Chikmagalur, Kadur and Tarikere Taluks; coffee and cardamom in Chikmagalur, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Tarikere, Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks, are reported to be thriving well. Rain is wanted all over the District.

(4) *Crops harvested.*—Ragi, potatoes, thingalavere and garlic in Chikmagalur, til, coriander, black gram, groundnut in Kadur, Chikmagalur and Tarikere Taluks, ragi in some parts of Mudgere Taluk, arecanut in Tarikere Taluk.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the district, but it is reported that Rinderpest is prevailing in Hariharpur Village, Koppa Taluk and Narasimharajapura Town, Balekoppa and Menasur villages in Narasimharajapura Sub-Taluk. The Veterinary Inspector is attending to inoculation, etc., to the cattle.

Water and fodder for cattle are available in all the taluks and sub-taluks of the District.

CHITALDRUG.

8. Markets were adequately supplied.

9. (1) *Agricultural operations.*—Ploughing and weeding operations are in progress in the district.

(2) *Standing crops namely.*—Ragi, jola, paddy, togari, kulthi, sugarcane, til, navane, sajje, castor, cotton, groundnut, haraka, avare, green-gram, black-gram, save, chillies and kadle are reported to be in a fair condition in all the taluks except in some parts of Hiriyur and Hosdurga Taluks, where it is reported to be withering for want of rain. Rains are urgently needed.

(3) *Seeds sown.*—Chitaldrug Taluk—Bilijola, horsegram and sugarcane.

(4) *Crops harvested.*—Chitaldrug Taluk—Jola and Groundnut (8 annas), Hiriyur Taluk—Wheat and til (4 to 6 annas), Holalkere Taluk—Til, blackgram and groundnut (8 annas), Hosdurga Taluk—Groundnut (8 annas).

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy except for "Rinderpest" at Gangasamudra, in the Holalkere Taluk and at Paledahalli in the Hosdurga Taluk. It is also reported that the Veterinary Inspectors concerned are taking needful action in the matter.

Water and fodder are generally available.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations. state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are engaged in sowing horse-gram in parts of Magadi Taluk and that weeding operations are going on throughout the district.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari, horsegram til and groundnuts are reported to be in good condition, but rain is urgently wanted in Hoskote, Channapatna, Closepet and Dodballapur Taluks.

Crops harvested.—Ground-nut is being harvested in parts of Magadi Taluk.

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Doddaroga", "Chapperoga" and "Naradiroga", in parts of Kankanhalli, Anekal and Magadi Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—

Ploughing operations.—Nil.

Standing crops.—Such as ragi, avare, paddy, groundnut, togari and sugar-cane are reported to be in good condition, but rain is urgently required. The Amildars of Bowringpet and Sidlaghatta report that crops are fading for want of rains.

Crops sown.—Ragi, avare, togari are being sown in Goribidnur Taluk and horse-gram in Chikballapur and Goribidnur Taluks.

Crops harvested and their out-turn.—Potatoes and onions are being harvested in some parts of Chikballapur Taluk and irrigated ragi in Gulur and Kasaba Hoblis of Bagepalli Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Except for the prevalence of rinderpest in Nallakadirenahalli Village of Chikballapur Taluk and in some parts of Gudibanda Sub-Taluk, the cattle are reported to be healthy.

Fodder and water are available.

TUMKUR.

8. Markets are well supplied.

9. *Seeds sown.*—Horse-gram in parts of Madhugiri Taluk and Turvekere Sub-Taluk. Jolam and til in parts of Turuvekere Sub-Taluk and ragi, jolam, paddy, groundnut, avare and togari in parts of Sira Taluk.

Crops harvested.—Irrigated ragi in the Madhugiri Taluk and giddaragi in parts o Pavagada Taluk; yield 8 annas.

Standing crops.—Ragi, togari, avare and horse-gram in all parts of the district except Sira Taluk, sugar-cane and groundnut in parts of Madhugiri, Tiptur, Kunigal Taluks and Koratagere Sub-Taluk.

It is reported that rain is wanted in all parts of the District.

10. *Prospects of the season.*—Fair.

11. Cattle are reported to be generally healthy in all parts of the district except for prevalence of rinderpest in parts of Tumkur Taluk. The Veterinary Inspector is reported to have inoculated the cattle.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Nil.

Standing crops.—Paddy, ragi, tadaguni, til, togari, ramtil, sugar-cane, jola, horse-gram, castor, coriander, chillies, cotton, same, groundnut, black and green grams are reported to be generally good.

Seeds sown.—Nil.

Crops harvested.—Ragi, jola, til in parts of Hunsur Taluk; ragi in parts of Heggaddevankote Taluk; coriander in parts of Gundlupet Taluk and ground-nut in parts of Krishnarajpete Taluk.

It is reported that rain is badly wanted for standing crops in all parts of the district.

11. (1) Cattle are reported to be generally healthy except for Doddaroga in Ramasamudra, Nagavalli, Puttannapura and Nellooru Villages of Chamrajnagar Taluk, in Bannikuppe of Hunsur Taluk and in Chikkeriyooru, Boppanahalli, Nanjanaikanahalli, Tooravalli and Chakkooru Villages of Heggaddevankote Taluk.

The Superintendent, Civil Veterinary Department, has been written to, to take necessary preventive measures.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Paddy is being transplanted in the Manjarabad Taluk, and kulthi is being sown in the Arsikere Taluk.

Standing crops.—Paddy, Doddaragi and sugar-cane in the Belur, Arsikere, Channarayapatna Taluks and in the Alur Sub-Taluk; togari in the Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; avare and chillies in the Belur and Channarayapatna Taluks, castor in the Channarayapatna Taluk and kultni in the Alur Sub-Taluk are reported to be generally in good condition. Standing crops in the Hassan, Belur, Arkalgud, Channarayapatna and Hole-Narsipur Taluks and paddy crop in the Alur Sub-Taluk are reported to be in need of urgent rains. It is reported that the standing crops in the Hole-Narsipur Taluk are withering for want of rains.

Crops harvested.—Sugar-cane in the Hole-Narsipur Taluk, Doddaragi in the Hole-Narsipur Taluk and in the Alur Sub-Taluk are being harvested.

10. Prospects of the season are reported to be generally in good condition.

11. Cattle are reported to be generally healthy except for "Chapperoga" in the Hiribelaguli, Hubbi and Chikkakagahalli villages in the Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Channagiri Taluk.

Seeds sown.—Horsegram in the Shimoga Taluk and Kumsi Sub-Taluk is reported to have been sown during the week. Transplantation of paddy is going on in the taluks of Sagar, Nagar and the Sub-Taluk of Kumsi.

State of standing crops.—Sugar-cane and paddy in all the taluks and the Sub-Taluk of Kumsi, ragi, jola, avare and togari in the taluks of Shimoga, Channagiri and Honnali and groundnut in the taluks of Channagiri and Honnali are reported to be in fair condition.

Crops harvested.—Black-gram in the Shimoga Taluk, Sasve (ಸಾಸ್ವೆ), til and groundnut in theHonnali Taluk are being harvested.

10. The prospects of the season are reported to be fair. It is reported that rains are badly needed for paddy crop in all the taluks. The paddy crop in the villages of Kubatur and Mallapur of the Sorab Taluk is reported to have been infected with a kind of insect called (ಹಟ್ಟಿ ಹುಳ) and teh Entomological Depatrment are taking steps to weed them out.

11. Cattle are reported to be generally healthy except for rinderpest in the Hunasodu and Abbalgere Villages of the Shimoga Taluk and Balagar and Kodlumane of the Tirthahalli Taluk. The Veterinary Inspector has been addressed in the matter. Water and fodder are available.

KADUR.

8. Markets are fairly well supplied.

9. (1) *Agricultural operations.*—Nil.

Crops sown.—Horsegram in Chikmagalur and Kadur Taluks.

Standing crops.—Sugar-cane, ragi and paddy in all the taluks and sub-taluks of the District; castor, chillies, garlic, in Chikmagalur, Kadur and Tarikere Taluks; coffee and cardamom in Chikmagalur, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well. Rain is wanted all over the District.

Crops harvested.—Ragi, potatoes, thingalavere, garlic, coriander, jolam and til in Chikmagalur, Kadur and Tarikere Taluks, arecanut in Tarikere Taluk.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the district, but Rinderpest is prevailing in Kuduvally Village, Chikmagalur Taluk, Neralkere Village, and Mallenahally Village in Tarikere Taluk, Hariharpura Village, Koppa Taluk and Narasimharajapura Town, Balekoppa and Menasur Villages, Narasimharajapura Sub-Taluk. The Veterinary Inspectors concerned are reported to have been taking needful precautionary measures.

Water and fodder for cattle are available in all the taluks and sub-taluks of the District.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing, weeding operations are in progress in this district.

Standing crops.—Ragi, jola, paddy, togari, avare, save, sajje, navane, castor, cotton, chillies groundnut, til and sugar-cane, are reported to be in a fair condition except in Hiriyur and Hosdurga Taluks, where it is reported to be withering for want of rain. Rains are generally needed all over the district.

Seeds sown.—Chitaldrug —Horse-gram and sugar-cane, Challakere—Horsegram.

Crops harvested.—Chitaldrug—Jola, groundnut, black-gram Challakere, Gidda-ragi and groundnut (6 to 8 annas), Hiriyur—Til (4 annas), Holalkere—Black-gram, til, groundnut and greengram (8 annas), Davangere—Groundnut (8 annas) Jagalur—Groundnut (10 annas), Hosdurga—Til, gronudnut and jola.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy except for "Rinderpest" at Oblapur in Chitaldrug Taluk and Gowrasamudra in Molakalmuru Taluk and it is reported that Veterinary Inspectors attached to taluks have been addressed in the matter.

Water and fodder are generally available. It is reported that some difficulty is being felt for fodder in Hosdurga and Hiriyur Taluks on account of the withholding of rians. Early rains are excepted all over the district.

BANGALORE,
Dated 24th September 1928.

H. K. RAMIENGAR,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 15TH SEPTEMBER 1928.

A total of 112 attacks with 64 deaths from plague was returned during the week as against 96 attacks with 38 deaths in the previous week. The Cities of Bangalore and Mysore returned one attack with one death and 5 attacks with 3 deaths respectively while the Kolar Gold Field area continued to remain free from the disease.

Comparative figures for the corresponding week were 136 attacks with 79 deaths in 1927 and 155 attacks with 90 deaths in 1926.

2. Fourteen attacks with 5 deaths from Cholera were returned for 2 villages in each of the Malur and Srinivasapur Taluks, one village in Thirthahalli Taluk and the City of Bangalore.

3. Three attacks with 3 deaths from Small-pox were returned for Saklespur Town and Bangalore City.

4. The State continued to remain free from other epidemics, *viz.*, Influenza and Relapsing Fever.

5. The total mortality for the Bangalore City amounted to 60 representing a calculated annual ratio of 26·31 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes the deaths numbered 1 under plague, 3 under malaria, 5 under pneumonia, 1 under other fevers, 2 under pnthisis, 4 under dysentery and diarrhœa and 44 under all other causes.

As compared with the City, the Civil and Military Station for the week ending 9th September 1928 returned 85 deaths, representing a calculated annual ratio of 37·29 per mille of population as against 35·98 during the previous week. The causes of deaths were pneumonia 5, Brancho-pneumonia 19, consumption 6, other fevers 2, dysentery and diarrhœa 8 and all other causes 45.

6. The total mortality for the Mysore City week was 48 representing a calculated annual ratio of 29·73 per mille of population against the avarage ratio of 35·30 for 1927. The causes of deaths were plague 3, pneumonia 4, typhoid 1, other fevers 1, phthisis 5, dysentery and diarrhœa 7, and all other causes 27.

7. There were 32 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 10·55 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under phthisis, 4 under dysentery and diarrhœa and 27 under all other causes.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE, FOR THE WEEK ENDING WITH SATURDAY THE 22ND SEPTEMBER 1928.

A total of 111 attacks with 62 deaths from plague was returned during the week as against 112 attacks with 64 deaths in the previous week, all the districts being affected except Kolar. The City of Bangalore and the Kolar Gold Fields area remained free from the disease while Mysore City returned 4 deaths.

Comparative figures for the corresponding week were 210 attacks with 138 deaths in 1926 and 57 attacks with 39 deaths in 1927.

2. A total of 16 attacks with 12 deaths from Cholera was returned for 3 villages in Tirthahalli Taluk, 2 villages in Bowringpet Taluk and one village in Malur Taluk.

3. Two attacks with 2 deaths from Small-pox were returned for the Bangalore City

4. The State continued to remain free from other epidemics, *viz.*, Influenza and Relapsing Fever.

5. The total mortality for the Bangalore City amounted to 81, representing a calculated annual ratio of 35·51 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 2 under small-pox, 8 under Malaria, 8 under Pneumonia, 2 under Typhoid, 3 under other fevers, 7 under phthisis, 5 under dysentery and diarrhœa, and 46 under all other causes..

As compared with the City, the Civil and Military Station for the week ending 16th September 1928, returned 63 deaths representing a calculated annual ratio of 27·63 per mille of population against the average ratio of 37·29 during the previous week. The causes of deaths were pneumonia 11, consumption 3, dysentery and diarrhoea 13 and all other causes 36.

6. The total mortality for the Mysore City for the week was 67 representing a calculated annual ratio of 41·51 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were plague 4, malaria 4, pneumonia 8, other fevers 1, phthisis 3, dysentery and diarrhœa 12, and all other causes 35.

7. There were 30 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 17·39 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under malaria, 3 under phthisis, 2 under dysentery and diarrhœa and 24 under all other causes.

A BRIEF REVIEW ON THE RECORDED VITAL STATISTICS FOR THE QUARTER ENDING 30TH JUNE 1928.

A statement showing by districts, the number of deaths classified according to principal causes and the infantile mortality recorded during the quarter ending 30th June 1928 is appended.

Births.—The total number of births registered during the quarter ending 30th June 1928 was 25,247 as against 24,582 in the preceding quarter equivalent to a calculated annual ratio of 17·23 and 16·77 respectively per mille of population. The highest birth rate (21·69) was returned for the Shimoga District, the rates for the other districts ranging between 20·71 (Chitaldrug) and 12·59 (Hassan).

Deaths.—The number of deaths from all causes returned for the quarter totalled 23,425 yielding an annual ratio of 15·98 per mille of population as compared with 25,751 and 17·57 per mille respectively in the preceding quarter. The death rate for the Chitaldrug District (13·64) was the lowest and that for the Kadur District (21·94) the highest, the rates for the other districts ranging between (14·55) (Kolar) and 19·36 (Shimoga).

Deaths exceeded births in two districts, *viz.*, Hassan and Kadur.

The deaths among infants under one year of age were 2,626 as against 2,343 in the previous quarter. This gives an average ratio of 104·01 per 1,000 of recorded births. The highest infantile mortality rate was returned for Kolar District (132·43). The ratios were also high for Bangalore (115·75), Chitaldrug (115·03), and Shimoga (107·41). In the other districts the recorded rates ranged between (74·51) Mysore and (100·42) Tumkur.

Plague.—Plague was returned for all the Districts except Tumkur and Kadur. The total deaths from this cause was 144 as compared with 542 in the previous quarter. The highest number of deaths (105) was reported for the Mysore District.

The total number of anti-plague inoculations done by Medical Officers and subordinates was 2,801.

Cholera.—One hundred and seventy-one deaths under this cause were reported from Bangalore, Tumkur, Mysore, Shimoga, Kadur and Chitaldrug Districts as against 38 deaths in the preceding quarter. The highest deaths were returned for Tumkur District (143). The total number of anti-cholera inoculations done was 5,327.

Small-pox.—The recorded deaths under this cause were 1,011 as against 579 in the previous quarter, the Districts most affected being Mysore (687) and Bangalore (185). The number of vaccinations performed during the quarter totalled 33,025.

During the quarter 12,922 deaths were returned as due to "Fevers" as against 14,808 in the preceding quarter. The incidence of fevers in Mysore, Tumkur, Bangalore and Hassan was high as compared with other districts.

Free distribution of quinine was made in the affected areas of the Malnad Districts.

It is reported that the diffusion of knowledge among the people about malaria and the mosquitoes, the part played by them in the transmission of the disease and the anti-malarial measures to be adopted was continued by means of Demonstrations, Lectures, Red Cross Society Charts and Magic Lantern Exhibitions in all the affected areas. It is also reported that the steps were taken for the removal of rank vegetation, the formation of drains and the closing of pits after draining received serious attention of the Local Bodies.

Seven hundred and ninety-six deaths from dysentery and diarrhoea were returned as compared with 776 in the previous quarter.

A total of 1,005 deaths from respiratory diseases was reported during the quarter as against 890 in the preceding quarter.

Three hundred and forty-two deaths were recorded as due to injuries including accidents, snake-bite and suicide.

Under "All other causes", 7,034 deaths were returned as against 7,800 in the previous quarter.

General.—On the whole the Public Health during the quarter may be said to have been fairly satisfactory.

Statement showing the Vital Statistics for the quarter ending 30th June 1928.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that raiyats are engaged in weeding operations.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari, til, and groundnuts are reported to be in good condition, but rain is very badly wanted throughout the district.

Crops harvested.—Nil.

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Chapperoga, Doddaroga" and "Naradiroga", in parts of Kankanhalli, Anekal, Dodballapur and Hoskote Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural Operations.*—

Ploughing operations.—Nil.

Standing crops.—Such as ragi, avare, paddy, groundnut, sugar-cane and same are reported to be in good condition, but rain is urgently required. The Amildars of Kolar, Bowringpet, Chintamani and Sidlaghatta Taluks report that dry crops are fading for want of rains..

Crops sown.—Nil.

Crops harvested and their out-turn.—Sajje crop is being harvested in Budikote Hobli of Bowringpet Taluk, Potatoes and onions in some parts of Chikballapur Taluk and irrigated ragi in Kasaba and Gulur Hoblis of Bagepalli Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains.—Stationary. Labour is available.

11. Cattle are reported to be healthy except for the prevalence of rinderpest in Nallakadirenahalli Village of Chikballapur Taluk and in some parts of Bagepalli and Gudibanda and "Sapperoga" in Ammanallur Village of Kolar Taluk and "Doddaroga" in Anodi and Manivala Villages of Goribidnur Taluk.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Horse-gram in Madhugiri.

Crops harvested.—Irrigated ragi in the Madhugiri Taluk and til and jolam in Turvekere Sub-Taluk; yield 8 annas.

Standing crops.—Ragi, avare, togari, in all parts of the district, groundnut in Tumkur and Tiptur Taluks, sugar-cane in Kunigal and Madhugiri Taluks, and castor in Turuvekere Sub-Taluk.

It is reported that rain is wanted in all parts of the district and the standing crops are withering for want of rain.

10. *Prospects of the season.*—Fair.

11. Except for the prevalence of black-quarter in parts of Madhugiri Taluk, the cattle are reported to be healthy in all the other parts of the district. The Veterinary Inspector has been addressed in the matter.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Nil.

Standing crops.—Paddy, ragi, tadaguni, til, togari, ramtil, sugar-cane, jola, horse-gram, castor, coriander, chillies, cotton, same, groundnut, black and green grams are reported to be generally good.

Seeds sown.—Nil.

Crops harvested.—Ragi, jola, til in parts of Hunsur Taluk; ragi in parts of Gundlupet; sugar-cane in parts of Krishnarajpete, Taluk.

10 It is reported that rain is badly wanted for standing crops in almost all parts of the district.

11. (1) Cattle are reported to be generally healthy except for Doddaroga in Heggaddevankote Town, Hebbalguppe and Beechanahalli Villages of Heggaddevankote Taluk

The Superintendent, Civil Veterinary Department, has been written to take necessary preventive measures.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Kulthi is being sown in the Arsikere Taluk.

Standing crops.—Paddy in the Manjarabad, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk, Doddaragi and sugar-cane in the Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; togari in the Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; avare and chillies in the Belur and Channarayapatna Taluk; castor in the Channarayapatna Taluk; kulthi in the Channarayapatna Taluks and in the Alur Sub-Taluk are reported to be generally in good condition. It is reported that the standing crops in the Hassan, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk are in need of urgent rains. It is also reported that the standing crops in the Arkalgud, and Hole-Narsipur Taluks are withering for want of rains.

Crops harvested.—Giddaragi is being harvested in the Hole-Narsipur Taluk and in the Alur Sub-Taluk

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Rinderpest" in Golipura Mundanahalli, Chikkachagahalli Villages in the Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural operations.*—Ploughing operations are going on in the Channagiri Taluk.

Seeds sown.—Horsegram is reported to have been sown in the Shimoga Taluk and Kumsi Sub-Taluk. Transplantation of paddy is going on in the taluks of Sagar and Nagar.

State of standing crops.—Sugar-cane and paddy in all the taluks and in the Sub-Taluk of Kumsi, ragi, jola, avare and togari in the taluks of Shimoga, Channagiri and Honnali and groundnut in the Channagiri Taluk are reported to be in a fair condition.

Crops harvested.—Black-gram and greengram in the Shimoga Taluk and in the Channagiri Taluk and groundnut in the Honnali Taluk are being harvested.

10. The prospect of the season is reported to be fair. It is reported that rain is not sufficient for paddy crop in the taluks of Shimoga, Shikarpur, Sorab, Nagar and Tirthahalli. The Amildar of Shimoga Taluk further reports that paddy crop is withering for want of rain. The paddy crop in the villages of Kubatoor and Mallapur in the Sorab Taluk is reported to have been infected with a kind of insect called (ಕೊಳೆ, ಹುಳ) and the Etomological Department are taking remedial measures.

11. Cattle are reported to be generally healthy except for rinderpest in Jolgi and Bharangi Villages of Sorab Taluk and Sunnagere, Manenalli and Kerebilichi Villages of the Channagiri Taluk The Veterinary Inspectors attached to the respective taluks have been addressed to take needful steps in the matter.

Water and fodder are available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Nil.

Crops sown.—Nil.

Standing crops.—Sugar-cane, ragi and paddy in all the taluks and sub-taluks of the district; castor, chillies, garlic in Chikmagalur, Kadur and Tarikere Taluks; coffee and cardamom in Chikmagalur, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks, are reported to be thriving well. Rain is wanted all over the district.

Crops harvested.—Ragi, potatoes, thingalavere, garlic, coriander, jolam and til in Chikmagalur, Kadur and Tarikere Taluks, arecanut in Tarikere Taluk and also in Sringeri Sub-Taluk. Cardamom in Gonibede Hobli, Mudgere Taluk.

10. Prospects of the season are fair. Food grains are available and their prices are steady.

11. Cattle are generally healthy throughout the district, but Rinderpest is reported to be prevailing in Kuduvalli Village, Chikmagalur Taluk, Mallenahalli Village, Tarikere Taluk and Narasimharajapura Town, Balekoppa Haledanivasa and Menasur Villages, Narasimharajapura Sub-Taluk. The Veterinary Inspectors concerned are reported to have been taking precautionary measures.

Water and fodder for cattle are available in all the taluks and sub-taluks of the district.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Ploughing and harvesting are in progress in the district.

Standing crops.—Ragi, jola, avare, togari, sajje, save, castor, cotton, chillies, groundnuts, sugar-cane and paddy are reported to be in a fair condition except in the taluks of Challakere, Molakalmuru, Hosdurga and Hiriyur, where it is reported that the crops are in urgent need of rain.

Seeds sown.—Challakere—Horsegram.

Crops harvested.—Chitaldrug—Groundnut, jola and black-gram. Challakere—Til jola (4 annas and 8 annas respectively) Holalkere—Black-gram, groundnut, jola, til and greengram (8 annas), Davangere—Groundnut and til (8 annas). Jagalur—Groundnut (4 to 10 annas). Hosdurga—Til, groundnut and jola. Harihar—Groundnut.

10. Prospects of the season are generally fair. Prices of fodder stuffs continue to be stationary. Cooly classes generally find labour.

11. Cattle are reported to be healthy except for "Rinderpest" in Paledahalli Village in Hosdurga Taluk.

Water and fodder are generally available. The fodder difficulty is reported to have been felt among the Agricultural classes, in some of the villages of Hiriyur and Holalkere Taluks. A reference has been made to the Chief Conservator of Forests for throwing open the State Forests in those parts for free grazing.

BANGALORE,
Dated 1st *October* 1928.

H. K. RAMIENGAR,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 29TH SEPTEMBER 1928.

A total of 61 attacks with 40 deaths from plague was returned during the week against 111 attacks with 12 deaths in the previous week. One attack with one death was returned in each of the Bangalore and Mysore Cities while the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 57 attacks with 39 deaths in 1927 and 210 attacks with 130 deaths in 1926.

3. Ten attacks with 2 deaths from Cholera were returned for one village in each of Srinivasapur and Bowringpet Taluks.

4. Two attacks with nil death from Small-pox were returned for the Bangalore City.

5. The State continued to remain free from other epidemics, *viz.*, Influenza and Relapsing Fever.

6. The total mortality for the Bangalore City amounted to 91 representing a calculated annual ratio of 39·91 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes the deaths numbered 1 under plague, 7 under malaria, 9 under pneumonia, 8 under other fevers, 8 under phthisis, 6 under dysentery and diarrhœa and 52 under all other causes.

As compared with the City, the Civil and Military Station for the week ending 23rd September 1928 returned 89 deaths, representing a calculated annual ratio of 39·04 per mille of population as against the average ratio of 27·63 during the previous week. The causes of deaths were pneumonia 22, phthisis 8, dysentery and diarrhœa 9, and all other causes 50.

7. The total mortality for the Mysore City for the week was 57 representing a calculated annual ratio of 35·30 per mille of population against the avarage ratio of 35·30 for 1927. The causes of deaths were plague 1, malaria 4, pneumonia 3, typhoid 1, other fevers 1, phthisis 7, dysentery and diarrhœa 8, and all other causes 32.

8. There were 33 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 19·13 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 4 under pneumonia, 5 under phthisis, 4 under dysentery and diarrhœa and 20 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner, M. G.

Kadle—(Bengal gram) Cicer Ariotinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural Operations.*—It is reported that horse-gram is being sown in parts of Hoskote Taluk and that the raiyats are engaged in weeding operations.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari and ground-nuts are reported to be in good condition.

Crops harvested.—Potatoes are being harvested in parts of Devanhalli Taluk.

10. Fair, Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Chapperoga and "Naradiroga", in parts of Hoskote, Anekal, and Kankanhalli, Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agriculture Opperations.*—Nil.

Ploughing Operations.—Nil.

Standing crops.—Such as, ragi, avare, togari, horse-gram, sugar-cane, ground-nuts are reported to be in good condition. The Amildars of Bowringpet, Kolar and Malur report that the recent rains have greatly helped both, wet and dry crops.

Crops sown.—Ragi and avare and being sown in Goribidnur Taluk.

Crops harvested.—Potatoes and onions are being harvested in Chikballapur Taluk and irrigated ragi in kasaba and Gulur Hoblis of Bagepalli Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains Stationery Labour is available.

11. Except for the prevalence of anthrox in Yeluvahalli village of Chikballapur Taluk and Rinderpet in some parts of Gulur and Kasaba Hoblis of Bagepalli Taluk, the cattle are reported to be generally healthy.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Horse-gram in parts of Turuvekere Sub-Taluk.

Crops harvested.—Irrigated ragi and navane in Madhugiri, till and cholam in parts of Turuvekere Sub-Taluk; yield 8 annas.

Standing crops.—Ragi, avare, togari in all parts of the District. Paddy in Tumkur, Madhugiri, Tiptur, Kunigal and Koratagere Sub-Taluks. Horse-gram in Madhugiri, Tiptur and Pavagada Taluks. Ground-nut in Koratagere, Tumkur, Sira and Pavagada Taluks, castor in Pavagada and Turuvekere Sub-Taluk and Jolam in Madhugiri and Sira Taluks.

It is reported that rain is wanted in the Pavagada Taluk.

10. Prospects of the Season—Fair.

11. The cattle are reported to be generally healthy in all parts of the District. Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural Operations.*—Nil.

Standing crops.—Paddy, ragi, tadaguni, til, togari, Ramtil, sugar-cane, jola, horse-gram, castor, coriander, chillies, cotton, same ground-nut, black and green-grams are reported to be generally good.

Seeds sown.—Nil.

Crops harvested.—Nil.

10. It is reported that rain is needed for standing crops in parts of Chamarajngar, Hunsur, Nanjangud, T.-Narasipur, Yedatore, Heggaddevankote and Gundlupet Taluks.

11. (1) Cattle are reported to be generally healthy except for dodda-roga in Jotigowdanapura, Nagavalli, Goolipura and Heggavadi of Chamarajnagar Taluk, and in Chikkiriyooru, Boppanahalli, Nanjanaikanahalli, Toravalli and Chakkuru of Heggaddevankote Taluk.

The Superintendent, Civil Veterinary Department has been written to, to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Kulthi is being sown in the Arsikere Taluk.

Standing crops.—Doddaragi and sugar-cane in the Hassan, Belur, Channarayapatna and Arsikere Taluks and in the Alur Sub-Taluk; Paddy in the Hassan, Manjarabad, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; avare in the Hassan, Belur and Channarayapatna Taluks; togari in the Hassan, Belur and Channarayapatna Taluks; and in the Alur Sub-Taluk; chillies in the Belur and Channarayapatna Taluks and kulthi in the Channarayapatna Taluk and in the Alur Sub-Taluk are reported to be generally in good condition. It is reported that more rain is urgently required for the standing crops in the Hassan, Arkalgud, Belur and Arsikere Taluks and in the Alur Sub-Taluk.

Crops harvested.—Giddaragi is being harvested in the Hole-Narsipur Taluk.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be healthy.

Water and fodder are available.

SHIMOGA.

8. Markets are fairly well supplied.

9. *Agricultural Operations.*—Ploughing operations are going on in the Channagiri Taluk.

Corps sown.—Nil.

State of standing crops.—Paddy and sugar-cane in all the taluks and in the Sub-Taluk of Kumsi, ragi, jola, avare and togari in the taluks of Shimoga, Channagiri and Honnali, ragi and horse-gram in the Kumsi Sub-Taluk are reported to be in a fair condition.

Crops harvested.—Black-gram and green-gram in the Shimoga Taluk, ground-nut in the Honnali Taluk are reported to have been harvested.

10. The prospects of the season are reported to be fair. It is reported that rain is not sufficient for paddy crop in the taluks of Shimoga, Honnali, Sorab and Sagar.

11. Cattle are reported to be generally healthy except for Rinderpest in the villages of Basavanagangoor, Hanasavadi, Abbalagere, Arabilichi of the Shimoga Taluk, Halkanabalu of the Channagiri, Karoor, Joginahalli, Bharagi villages of the Sorab Taluk. The Amildar of Sagar Taluk reports that some kind of contagious disease called "ಅಂಬುಜರೋಗ" is prevailing in the Hanagere village and the Veterinary Inspector has taken steps to prevent this spread.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural Operations.*—Nil.

Crops sown.—Tobacco, horse-gram and coriander in Kadur Taluk.

Standing crops.—Sugar-cane, ragi and paddy in all the taluks and sub-taluks of the district; castor, chillies, garlic and coriander in Chikmagalur, Kadur and Tarikere Taluks; coffee and cardamom in Chikmagalur, Koppa and Mudigere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura Sub-Taluk and Sringeri Sub-Taluks, are reported to be thriving well.

Rain is wanted all over the District.

Crops harvested.—Jolam, coriander, ground-nut in Kadur Taluk. Arecanut in Tarikere and also in Sringeri Sub-Taluk. Cardamom in Gonibede Hobli, Mudigere Taluk.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the district, but Rinderpest is reported to be prevailing in Duglapura and Peramanahalli, Tarikere Taluk, Koppa Town, Koppa Taluk, Nagalapura, Haledanivasa, Bachikere Honnakudike, Ravoor, Handur, Lingapura, Vaggade and Narasimharajapura Town, Narasimharajapura Sub-Taluk. The Veterinary Inspectors concerned are reported to have been taking precautionary measures.

Water and fodder for cattle are available in all the taluks and sub-taluks of the district. But permission has been granted to cut and remove green date leaves for fodder for cattle in parts of Kadur Taluk, where difficulty was reported to be felt for fadder. A detailed report has been called for in the matter for taking necessary action.

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural Operations.*—Ploughing, weeding and harvesting operations are in progress in the District.

Standing crops.—Ragi, save, sajje, navane, jola, paddy, horse-gram, togari, avare, chillies, and sugar-cane are reported to be generally in a fair condition.

Seeds sown.—Hahihar—Cotton crops harvested. Chitaldrug—Jola, groundnut, til. Holalkere—Jola, groundnut, (8 annas). Davangere—Til and Groundnut (8 annas). Jagalur—Jola (6 to 10 annas). Hosdurga—Til, groundnut and jola. Harihar—Groundnut and til.

10. Prospects of the season are fair. Prices of foodstuffs continue to be stationary. Coolie classes find labour.

11. Cattle are reported to be healthy except for Rinderpest at Gundasamudra, Gangasamudra and Kengunta villages in Holalkere Taluk and Palenahalli in Hosdurga Taluk. It is reported that Veternary Inspectors have been addressed in the matter.

Water and fodder are generally available. There was a good shower of rainfall in Hiriyur and Chitaldrug Taluks. Crops in the Taluks of Molakalmuru, Davangere are reported to be in urgent need of rain. Early rains are expected.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 9th October 1928.

R. A. NARASIMHA IYENGAR,
Assistant Commissioner,
for *Revenue Commissioner,*
Absent from Station.

Salt ..	Bombay salt (black) —	100	—	7 6 0 to 7 8 0	..	13 to 14 seers per rupee,

BANGALORE,
Dated 8th October 1928.

H. K. RAMIENGAR,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 6TH OCTOBER 1928.

A total of 110 attacks with 62 deaths from plague was returned during the week against 61 attacks with 40 deaths in the previous week, all the districts being affected except Chitaldrug. The Cities of Bangalore and Mysore returned 2 attacks with 2 deaths and one attack with one death respectively while the Kolar Gold Fields area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 177 attacks with 127 deaths in 1926 and 31 attacks and 31 deaths in 1927.

3. A total of 13 attacks with 5 deaths from cholera was returned for one village in each of the Srinivaspur and Chintamani Taluks and Bangalore City.

4. Two attacks with one death from Small-pox were returned for the City of Bangalore and the Kolar Gold Fields area.

5. The State continued to remain free from other epidemics, *viz.*, influenza and relapsing fever.

6. The total mortality for the Bangalore City amounted to 80 representing a calculated annual ratio of 35·08 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 1 under small-pox, 2 under plague, 3 under malaria, 8 under pneumonia, 4 under typhoid, 4 under other fevers, 6 under phthisis, 2 under dysentery and diarrhœa and 50 under all other causes.

As compared with the City, the Civil and Military Station for the week ending 30th September 1928, returned 90 deaths, representing a calculated annual ratio of 39·48 per mille of population against the average ratio of 39·04 during the previous week. The causes of deaths were malaria 1, pneumonia 21, phthisis 5, dysentery and diarrhœa 15 and all other causes 48.

7. The total mortality for the Mysore City for the week was 44 representing a calculated annual ratio of 27·25 per mille of population against the avarage ratio of 35·30 for 1927. The causes of deaths were plague 1, malaria 1, pneumonia 4, typhoid 1, phthisis 4, dysentery and diarrhœa 7 and all other causes 26.

8. There were 32 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 18·35 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under malaria, 3 under pneumonia, 1 under other fevers, 5 under dysentery and diarrhœa and 22 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner, M. G.

Standing crops.—Paddy, ragi, tadaguni, til, togari, ramtil, sugar-cane, jola, horsegram, castor, coriander, chillies, cotton, same groundnut, black and green-grams are reported to be generally good.

Seeds sown.—Horsegram and ragi in parts of Krishnarajpete and horsegram and jola in parts of Nagamangala Taluks.

Crops harvested.—Ragi, jola and til in parts of Hunsur Taluk.

10. Fair.

11. (1) Cattle are reported to be generally healthy, except for Doddaroga in Byadarahalli of Yedatore Taluk; and in Boppanahalli, Kuravalli, Hebbalaguppe and Alanahalli of Heggaddevankote Taluk.

The Superintendent, Civil Veterinary Department ,has been written to, to take necessary preventive measures.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Paddy in the Hassan, Manjarabad, Arkalgud, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; avare in the Hassan, Belur and Channarayapatna Taluks; Chillies in the Belur and Channarayapatn Taluks; Togari in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; Doddaragi and sugar-cane in the Hassan, Belur Arsikere and Channarayapatna Taluks; and in the Alur Sub-Taluk; castor in the Channarayaptna Taluk and kulthi in the Alur Sub-Taluk are reported to be generally in good condition. Paddy crop is reported to be in need of more rains is the Hassan, Belur and Arkalgud Taluks and in the Alur Sub-Taluk. The recent rains have improved the situation.

Crops harvested.—Nil.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Rinderpest" in the Alagodnahalli, Kodanur Hobli, Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed to take remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural Operations.*—Ploughing operations are going on in the Channagiri Taluk.

Corps sown.—Horsegram and navane are being sown in the Channagiri Taluk.

State of standing crops.—Sugar-cane and paddy in all the taluks and Sub-Taluk of Kumsi, horsegram til in the Shimoga Taluk, ragi and jola in the Taluks of Channagiri and Honnali, cotton and chillies in the Channagiri Taluk, groundnut in the Honnali Taluk and ragi in the Kumsi Sub-Taluk are reported to be in a fair condition.

Crops harvested.—Green-gram and black-gram in the Shimoga Taluk, ragi and jola in the Channagiri Taluk, ground-nut in the Channagiri and Honnali Taluks are being harvested during the week.

10. The prospects of the season are reported to be fair. It is reported that rain is wanted for paddy crop in the Sagar Taluk.

11. Cattle are reported to be generally healthy except for Rinderpest in the Jogihalli, Bharangi villages of Sorab-Taluk. Fodder and water are available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural Operations.*—Ryots are reported to be ploughing their lands in Kadur Taluk.

Crops sown.—Horse-gram and jolam in Kadur Taluk.

Standing crops.—Sugar-cane, ragi and paddy in all the taluks and sub-taluks of the district; castor, chillies, garlic and coriander in Chikmagalur, Kadur and Tarikere Taluks; coffee and cardamom in Chikmagalur, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks, are reported to be thriving well. Amidar, Mudgere reports that (ಕೊಡೆಕಾಯಿ) caterpillar is damaging the standing paddy crop seriously in some of the villages on the Banakal side. The Deputy Director of Agriculture has been requested to take needfull steps in the matter at once. There were some showers during the week, but more rain is wanted.

Crops harvested.—Jolam, coriander and ground-nut in Tarikere and Kadur Taluks, arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks, cardamom in Chikmagalur, Koppa and Mudgere Taluks.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the district, but Rinderpest is reported to be prevailing in Duglapura and Peramatahalli villages, Tarikere Taluk, Koppa Town, and Nagalapura, Haledanivasa, Eechekere Ravoor, Honnakudike, Handur and Narasimharajapura Town, Narasimharajapura Sub-Taluk. The Veterinary Inspectors concerned are reported to have been taking precautionary measures.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

185

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural Operations.*—Ploughing, weeding and harvesting operations are in progress in the District.

Standing crops.— Sajje, navane, cotton, horse-gram, togari, paddy, haraka, castor ragi, sugar-cane ground-nuts, jola, avare, green-gram, save, halansande, til, black-gram and chillies, are reported to be generally in a fair condition. The Deputy Amildar Harihar Sub-Taluk reports that the standing crops in the Sub-Taluk are in need of urgent rains.

Seeds sown.—Challakere Taluk.—Horse-gram, bilijola. Hiriyur Taluk.—Bilijola, cotton and kadle. Hosdurga Taluk.—Bilijola, kadle, wheat, coriander. Harihar Sub-Taluk.—Cotton.

Crops harvested.—Chitaldrug.—Jola (8 as.). Holalkere.—Jola, ground-nut (8 as.). Davangere.—Ground-nut (8 as.). Jagalur.—Til and ground-nut (6—10 as.). Harihar.—Ground-nut and til (8 as.). Molakalmuru.—Til and jola (8 as.).

10. Prospects of the season are fair. Prices of foodstuffs continue to be stationary. Cooly classes find labour.

11. Cattle are reported to be generally healthy except for "Rinderpest" in parts of the Chitaldrug Taluk, and "Black-quarter" at Nerlagunte village in the Challakere Taluk. It is reported that the Veterinary Inspectors attached to the Taluks are taking needful action.

Water and fodder are generally available.

BANGALORE,
Dated 15th October 1928.

H. K. RAMIENGAR,
For *Director.*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 13TH OCTOBER 1928.

A total of 95 attacks with 44 deaths from plague was returned during the week against 110 attacks with 62 deaths in the previous week, all the districts being affected except Chitaldrug. The Cities of Bangalore and Mysore returned 1 attack with nil death and one attack with one death respectively while the Kolar Gold Field area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 87 attacks with 51 deaths in 1926 and 74 attacks with 46 deaths in 1927.

3. Twelve attacks with 4 deaths from cholera were returned for two villages in Srinivaspur Taluk.

4. One attack with one death from Influenza was returned for the City of Bangalore.

5. A total of 9 attacks with one death from Small-pox was returned for one village in Mudigere Taluk, Holenarsipur town and the City of Bangalore and the Kolar Gold Field area.

6. The State continued to remain free from relapsing fever.

7. The total mortality for the Bangalore City amounted to 70 representing a calculated annual ratio of 30·79 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 1 under small-pox, 7 under pneumonia, 4 under typhoid, 3 under other fevers, 2 under phthisis, 10 under dysentery and diarrhœa and 43 under all other causes.

As compared with the City, the Civil and Military Station for the week ending 7th October 1928, returned 81 deaths, representing a calculated annual ratio of 35·53 per mille of population against the average ratio of 39·48 during the previous week. The causes of deaths were pneumonia 19, phthisis 3, dysentery and diarrhœa 18 and all other causes 41.

8. The total mortality for the Mysore City for the week was 40 representing a calculated annual ratio of 24·77 per mille of population against the avarage ratio of 35·30 for 1927. The causes of deaths were plague 1, malaria 3, pneumonia 1, typhoid 2, other fevers 1, phthisis 4, dysentery and diarrhœa 3 and all other causes 25.

9. There were 39 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 22·39 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under small-pox 1, under pneumonia, 1 under other fevers, 2 under phthisis, 4 under dysentery and diarrhœa and 30 under all other causes.

Kadle—(Bengal gram) Cicer Arietinum.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural operations.*—It is reported that raiyats are engaged in weeding operations.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari, till and horsegram are reported to be in good condition.

Crops harvested.—Ragi is being harvested in parts of Hoskote Taluk.

10. Fair, Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Chappe Roga" in parts of Anekal and Dodballapur Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—

Ploughing operations.—Nil.

Standing crops.—Such as, ragi, avare, togari, ground-nuts, horsegram, and sugar-cane are in good condition. Dry and wet crops are vastly improving owing to the recent rains.

Crops sown.—Nil.

Crops harvested.—Same is being harvested in some parts of Mulbagal Taluk, ground-nuts and onions in Chikballapur Taluk, irrigated ragi and sajje in Bagepalli Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains stationary. Labour available.

11. Except for the prevalence of Rinderpest in Gulur Hobli of Bagepalli Taluk, and in some parts of Gudibanda Sub-Taluk, Blackquarter in parts of Chintamani Taluk, the cattle are reported to be healthy.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Groundnut in Tumkur Taluk. Irrigated ragi in Madhugiri and Pavagada Taluks and Navane in Madhugiri Taluk and til and jolam in Turuvekere Sub-Taluk. Yield 8 annas.

Standing crops.—Ragi, avare, togari, and horsegram in all parts of the district, paddy, sugarcane in parts of Tumkur, Kunigal and Koratagere Sub-Taluks and castor in Tiptur Taluk, are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Cattle are generally healthy.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Paddy, tadaguni, til, togari, ramtil, sugar-cane, jola, horsegram, castor, coriander, chillies, cotton, same, groundnut, black and green grams are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Nil.

10. Reported to be Fair.

11. (1) Cattle are reported to be generally healthy.

(2) Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Menthya and coriander are being sown in the Channarayapatna taluk.

Standing crops.—Doddaragi, and sugar-cane in the Hassan, Belur Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk, paddy in the Hassan, Manjarabad, Belur, Arsikere Channarayapatna and Arkalgud Taluks and in the Alur Sub-Taluk; avare in the Hassan, Belur and Channarayapatna Taluks; togari in the Hassan, Belur Arsikere and Channarayapatna Taluks, chillies, in the Belur and Channarayapatna Taluks kulthi in the Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk and castor in the Channarayapatna Taluk are reported to be in good condition.

Crops harvested.—Nil.

10. Prospects of the season are reported to be good.

11. Cattle are reported to be healthy except for "Rinderpest" in the Kalale village, Yeslur Hobli, Manjarbad Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural Operations.*—Nil.

Corps sown.—Horsegram in the Channagiri Taluk, Yennegara jola, Bengalgram and wheat in the Honnali Taluk are reported to have been sown during the week.

State of standing crops.—Sugar-cane and paddy in all the taluks and in the sub-taluk of Kumsi; ragi, jola, avare, togari and cotton in the taluks of Shimoga, Channagiri and Honnali, horse-gram and ragi in the Kumsi Sub-Taluk are reported to be in a fair condition. Ragi and jola crops in the Channagiri Taluk are reported to have suffered to a considerable extent owing to recent heavy rains.

Crops harvested.—Ragi in the Shimoga and Channagiri Taluks, jola in the Channagiri Taluk and ground-nut in the Honnali Taluk, ragi and paddy in the Sorab Taluk are being harvested.

10. The prospects of the season are reported to be good. Food grains are available and their prices are steady.

11. Cattle are reported to be generally healthy. Fodder and water are available.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in the Kadur Taluk and weeds are being removed from fields, in the Narasimharajapura Sub-Taluk.

Crops sown.—Chikmagalur—horsegram, onions, menthya and coriander. Kadur—jolam, coriander, horsegram. Tarikere—Coriander, Bengalgram, jolam and giddaragi.

Standing crops.—Paddy, sugar-cane and coffee, in Chikmagalur, paddy, ragi, horsegram, avare, sugar-cane, same, cholum, chillies, castor and groundnut in Kadur Taluk. Ragi, sugar-cane, castor, avare, cholum, paddy and chillies in Tarikere Taluk. Paddy, areca, sugar-cane, coffee, cardamom in Koppa Taluk. Paddy, ragi, cardamom and coffee in Mudgere Taluk. Paddy, areca and sugar-cane in Narasimharajapura Suk-Taluk. Paddy, areca and sugar-cane in Sringeri Sub-Taluk. The standing crops are reported to be in good condition.

Crops harvested.—Tarikere—Areca, coriander and groundnuts. Koppa—Areca cardamom. Mudgere—Cardamom. Sringeri—Areca.

10. Prospects of the season are fair. Food grains are available but their prices continue to be steady.

11. Cattle are generally healthy. Rinderpest is reported to be prevailing in Koppa Town in the Koppa Taluk and Haledanivasa, Nagalapura Echekere, Honudike, Ravoor, Handur and Menasur villages in the Narasimharajapura Sub-Taluk. The Veterinary Inspectors concerned are taking necessary messures to check the spread of the disease.

Water and fodder for cattle are available in all the taluks and the Sub-Taluks of the District.

189

CHITALDRUG.

8. Markets are adequately supplied.

9. *Agricultural operations.*—Planting, ploughing, weeding and harvesting operations are in progress in the district.

Standing crops. Viz.—Paddy, navane, custor, togari, cotton, chillies, ragi save, haraka, sajje, avare, jola, greengram, groundnut, halasandi, sugar-cane, til, horse-gram, and blackgram.

Seeds sown.—Challakere Taluk—Bilijola, bengal gram, and horse gram. Holalkere—Bilijola. Hosdurga Taluk—Bilijola, wheat, bengalgram and coriander.

Crops harvested.—Chitaldrug Taluk—Jola, til and groundnut, (8 annas). Challakere Taluk—Navane (6 to 8 annas). Holalkere Taluk—Groundnut blackgram and jola (8 annas). Molakalmuru Taluk—Jola and til (8 annas). Jagalur Taluk—Groundnut and til (6 to 10 annas).

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly-classes find labour.

11. Cattle are reported to be generally healthy except the prevalence of "Rinderpest" in parts of Holalkere Taluk and throat disease in the Kadlabal village of Davangere Taluk. It is reported that the Veterinary Inspectors attached to the taluks are taking needful action.

Water and fodder are generally available.

BANGALORE,
Dated the 17th October 1928.

H. K. RAMIENGAR,
For *Director of Industries and Commerce in Mysore.*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 20TH OCTOBER 1928.

A total of 74 attacks with 39 deaths from plague was returned during the week against 95 attacks with 44 deaths in the previous week, all the districts being affected except Chitaldrug. The Cities of Bangalore and Mysore returned one attack with 2 deaths and 4 attacks with 3 deaths respectively while the Kolar Gold Field area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 146 attacks with 79 deaths in 1927 and 256 attacks and 127 deaths in 1926.

3. One attack with one death from cholera was returned for one village in Chintamani Taluk.

4. A total of 6 attacks with one death from Small-pox was returned for Hole-Narsipur town and Bangalore City and the Kolar Gold Field area.

5. One attack with one death from Influenza was returned for Bangalore City.

6. The State continued to remain free from relapsing fever during the week.

7. The total mortality for the Bangalore City amounted to 71 representing a calculated annual ratio of 31·14 per mille of population against the average ratio of 27·05 for 1927. Classified according to causes, the deaths numbered 1 under small-pox, 2 under plague, 3 under malaria, 8 under pneumonia, 1 under typhoid 4 under other fevers, 5 under phthisis, 5 under dysentery and diarrhœa and 42 under all other causes.

8. As compared with the City, the Civil and Military Station for the week ending 14th October 1928, returned 87 deaths, representing a calculated annual ratio of 58·17 per mille of population against the average ratio of 35·53 in the previous week. The causes of deaths were pneumonia 17, other fevers 1, phthisis 7, dysentery and diarrhœa 9 and all other causes 53.

9. The total mortality for the Mysore City for the week was 57, representing a calculated annual ratio of 35·30 per mille of population against the average ratio of 35·35 for 1927. The causes of deaths were plague 3, malaria 2, pneumonia 3, typhoid 1, phthisis 3, dysentery and diarrhœa 7 and all other causes 38.

10. There were 42 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 24·35 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under malaria, 1 under pneumonia, 1 under other fevers, 2 under phthisis, 8 under dysentery and diarrhœa and 29 under all other causes.

B. MD. OSMON,
Sanitary Commissioner, M. G.

OFFICE OF THE DIRECTOR OF INDUSTRIES AND COMMERCE IN MYSORE, BANGALORE.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of peoples under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural operations.*—Nil.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari and gram are reported to be in good condition.

Crops harvested.—Ragi is being harvested in parts of Hoskote, Dodballapur and Kankanhalli Taluks.

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Naradi Roga" in parts of Hoskote Taluk.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Ploughing operations.—Nil.

Standing crops such as paddy, ragi, avare, togari, groundnut and same are reported to be in good condition.

Crops sown.—Nil.

Crops harvested.—Ground nuts and onions are being harvested in Chikballapur Taluk, irrigated ragi, same and sajje in all parts of the Bagepalli Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains stationary. Labour available.

11. Cattle are reported to be generally healthy except for the prevalence of Rinderpest in Jodi Chikkanahalli village of Chikballapur Taluk.

The Veterinary Inspector is reported to have been requested to do the needful.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Horse gram and Bengal gram in parts of Turuvekere Sub-Taluk.

Crops harvested.—Irrigated ragi in parts of Madhugiri, Pavagada and Koratagere Sub-Taluk. Navane in parts of Madhugiri Taluk. Jolam and til in parts of Turuvekere Sub-Taluk yield 8 annas.

Standing crops.—Ragi, paddy, avare, togari, horse gram, groundnut in all parts of the district; sugar-cane in parts of Tumkur, Madhugiri, Kunigal and Koratagere Sub-Taluk; and castor in parts of Tiptur and Pavagada Taluks, are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Cattle are generally healthy.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Tobacco, paddy, ragi, tadaguni, til, togari, ramtil, sugar-cane, jola. horse gram, castor, coriander, chillies, cotton, same, groundnut, black and green grams to be in good condition.

Seeds sown.—Kadale in parts of Chamrajnagar; and kadale and coriander in parts of Nanjangud Taluk.

Crops harvested.—Sugar-cane in parts of Krishnarajpete Taluk.

10. Reported to be Fair.

11. Cattle are reported to be generally healthy except for Dodroga in Harodanghalli and Yanagahalli; and Kottaluvadi, Sagade and Kalanahundi of Chamrajnagar; Chapperoga in Satigrama and Gandhanahalli, of Yedatore and Dodroga in Chikiriyur Boppanahalli, Nanjanaikanahalli, Koravalli, Chakkoor, Hulipura and Alushalli of Heggaddevankote; Chapperoga in Malagudu, Ragaputhur village and Balekere in Krishnarajpete Taluk.

The Superintendent, Civil Veterinary Department has been written to take necessary preventive measures.

Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Kadale, coriander and menthya are being sown in the Channarayapatna Taluk.

Standing crops.—Doddaragi in the Hassan, Belur and Channarayapatna Taluks; paddy in the Hassan, Manjarabad, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; avare in the Hassan, Belur and Channarayapatna Taluks; togari and sugar-cane in the Hassan, Belur and Channarayapatna Taluks and in the Alur Sub-Taluk; chillies in the Belur and Channarayapatna Taluks; kulthi in the Channarayapatna Taluks and in the Alur Sub-Taluk; and castor in the Channarayapatna Taluk are reported to be in good condition.

Crops harvested.—Nil.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be healthy except for "Rinderpest" in the Kalale village, Yeslur Hobli, Manjarabad Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Agricultural Operations.*—Nil.

Crops sown.—Horsegram; Bengal gram and Yennagar jola in the Channagiri Taluk; wheat, Bengal gram and Yennagar jola in the Honnali Taluk are reported to have been sown during the week.

State of standing crops.—Sugar-cane and paddy in all the Taluks and in the Sub-Taluk of Kumsi; ragi, jola, avare, togari and cotton in the Taluks of Shimoga, Channagiri and Honnali; horse-gram and ragi in the Sorab Taluk, groundnut in the Taluks of Shimoga, Channagiri are reported to be in a fair condition.

Crops harvested.—Groundnut in the Taluks of Shimoga and Channagiri; paddy in the Taluks of Shimoga, Sorab and in the Sub-Taluk of Kumsi, ragi in the Taluks of Channagiri and Sorab, and horsegram in the Sorab Taluk are being harvested.

10. The prospects of the season are reported to be good. The Amildar of Shikarpur Taluk reports that almost all the tanks are full and that some are discharging. Food grains are available and they are satisfactory. Fodder and water are available.

11. Cattle are reported to be generally healthy except for foot and mouth disease in the Yellodahalli village of Channagiri Taluk. The Veterinary Inspector attached to this Taluk has been addressed to take remedial measure. Rinderpest which was reported to be prevalent in Sunnagere, Manehalli and Kerebilichi villages of the Channagiri Taluk in the season report for the week ending 29th September 1928 has subsided.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in the Kadur Taluk and weeds are being removed from fields in the Narasimharajapura Sub-Taluk.

Crops sown.—Cholam Bengal gram, coriander, horsegram, wheat and menthya in Chikmagalur Kadur and Tarikere Taluks.

Standing crops.—Paddy, ragi and sugar-cane in all the Taluks and Sub-Taluks of the District. Castor, chillies, garlic, and coriander in Chikmagalur, Kadur and Tarikere Taluks. Coffee, cardamom in Chikmagalur, Koppa and Mudgere Taluks. Arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks are reported to be thriving well.

Crops harvested.—Coriander and groundnut in Tarikere Taluk, coffee, arecanut, cardamom in Koppa, Tarikere, Chikmagalur and Mudgere Taluks and also in Narasimharajapura and Sringeri Sub-Taluks.

10. Prospects of the season are fair. Food grains are available but their prices continue to be steady.

11. Cattle are generally healthy throughout the District but rinderpest is reported to be prevailing in Ettige, Chikkathur and Gondedahalli villages, Tarikere Taluk, Koppa Town in Koppa Taluk and also in Narasimharajapura Town, Siragalale, Nagalapura, Hiluvalli, Hosahalli, Haledanivasa, Gorugallu, Echekere, Gubbiga, Hennakudike, Ravoor, Handur, Lingapura, Voggade and Alehalli villages in the Narasimharajapura Sub-Taluk. The Veterinary Inspectors concerned are attending to the inoculation and other preventionary steps.

Water and fodder for cattle are available in all the Taluks and the Sub-Taluks of the

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations*.—Planting, ploughing, weeding and harvesting operations are in progress in the District.

Standing crops, viz.—Sajje, cotton, navane, horse gram, togari, paddy, haraka, castor, ragi, chillies, save, avare, greengram, groundnut, halasandi, sugar-cane, til, blackgram, and tobacco.

Seeds sown.—Challakere Taluk—Bilijola, horse gram and Bengal gram. Chitaldrug Taluk—Bilijola. Hiriyur Taluk—Bilijola and horse gram. Holalkere Taluk—Bilijola. Davangere Taluk—Bilijola. Molakalmuru Taluk—Bilijola. Hosdurga Taluk—Bilijola, Bengal gram, wheat and coriander. Haribar Sub-Taluk—Bilijola.

Crops harvested.—Chitaldrug Taluk—Jola, ragi, sajje and navane (8 annas). Challakere Taluk—Navane, sajje and ragi (from 6 to 8 annas). Hiriyur Taluk—Ragi, (8 annas). Holalkere Taluk—Ragi (8 annas). Davangere Taluk—Ragi, groundnuts (8 annas). Molakalmuru Taluk—Jola and ragi (8 annas). Jagalur Taluk—Groundnut, til and jola (6 to 10 annas). Haribar Sub-Taluk—Groundnut (8 annas).

10. Prospects of the season are fair. Prices of food stuff continue to be stationary. Cooly classes find labour.

11. Cattle are reported to be generally healthy except for "Rinderpest" in parts of Chitaldrug Taluk and throat disease in the Kadlabal village of Davangere Taluk. It is reported that the Veterinary Inspectors attached to the taluks are taking needful action.

Water and fodder are generally available.

BANGALORE,
Dated 6th November 1928.

H. K. RAMIENGAR,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 27TH OCTOBER 1928.

A total of 137 attacks with 78 deaths from plague was returned during the week against 74 attacks with 39 deaths in the previous week, one fatal case was returned in each of the Bangalore and Mysore Cities while the Kolar Gold Field area continued to remain free from the disease.

1. Comparative figures for the corresponding week were 80 attacks and 53 deaths in 1926 and 247 attacks and 136 deaths in 1927.

2. Two attacks with one death from cholera were returned for the Bangalore City and Maddur Town.

3. A total of 5 attacks with one death from Small-pox was returned for Hole-Narsipur Town, Bangalore City and the Kolar Gold Field area.

4. No cases were reported either from influenza or relapsing fever.

5. The total mortality for the Bangalore City amounted to 73 representing a calculated annual ratio of 32·10 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 1 under plague, 2 under malaria, 4 under pneumonia, 3 under typhoid, 4 under other fevers, 4 under phthisis 7 under dysentery and diarrhœa, and 51 under all other causes.

As compared with the City, the Civil and Military Station returned for the week ending 21st October 1928, 81 deaths, representing a calculated annual ratio of 35·53 per mille of population against the average ratio of 38·17 in the previous week. The causes of death were malaria 1, pneumonia 16, phthisis 6, dysentery and diarrhœa 5, and all other causes 53.

6. The total mortality for the Mysore City for the week was 40 representing a calculated annual ratio of 24·77 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were plague 1, malaria 1, pneumonia 4, phthisis 6, dysentery and diarrhœa 9, and all other causes 19.

7. There were 39 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 22·39 per mille of population against the average ratio of 30·28 for 1927. The deaths were from typhoid 1, other fevers 2, phthisis 2, dysentery and diarrhœa 1, and all other causes 33.

NOTE ON THE STATE OF PUBTIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 3RD NOVEMBER 1928.

A total of 74 attacks with 46 deaths from plague was returned during the week against 74 attacks with 39 deaths during the previous week The City of Bangalore and the Kolar Gold Fields area remained free from the disease while Mysore City returned one attack with one death.

2. Comparative figures for the corresponding week were 187 attacks and 113 deaths in 1926 and 59 attacks with 29 deaths in 1927.

3. The State continued to remain free from other epidemics, *viz.*, cholera, influenza and relapsing fever.

4. Three attacks with 2 deaths from small-pox were returned during the week for Bangalore and Mysore Cities.

5. The total mortality for the Bangalore City amounted to 73 representing a calculated annual ratio of 32·10 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes the deaths numbered 1 under small-pox, 2 under malaria, 6 under pneumonia, 1 under typhoid, 4 under other fevers, 5 under phthisis. 9 under dysentery and diarrhœa and 45 under all other causes.

As compared with the City, the Civil and Military Station, for the week ending 28th October 1928 returned 80 deaths representing a calculated annual ratio of 35·09 per mille of population against the average ratio of 35·53 in the previous week. The causes of deaths were malaria 1, pneumonia 19, other fevers 1, phthisis 3, dysentery and diarrhœa 4 and all other causes 52.

6. The total mortality for the Mysore City for the week was 58 representing a calculated annual ratio of 36·28 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were plague 1, small-pox 1, malaria 1, pneumonia 6, typhoid 1, other fevers 4, phthisis 4, dysentery and diarrhœa 8 and all other causes 32.

7. There were 33 deaths from all causes reported from the Kolar Gold Fields area equivalent to a calculated annual ratio of 19·13 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under pneumonia, 1 under dysentery and diarrhœa and 31 under all other causes.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUKS.

8. Well supplied.

9 *Agricultural operations.*—It is reported that ryots are engaged in weeding operations in parts of Dodballapur Taluk.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari, til and horsegram are reported to be in good condition.

Crops harvested.—Ragi is being harvested in parts of Dodballapur, Magadi, Kankanhalli, Devanhalli and Anekal Taluks.

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy all over the District.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Ploughing operations.—Nil.

Standing crops.—Such as paddy, ragi, avare, togari are reported to be in good condition.

Crops sown.—Nil.

Crops harvested.—Onions and ragi are being harvested in some parts of Chikballapur Taluk, ragi, same, sajje in all parts of the Bagepalli Taluk and in some parts of Gudibanda Sub-Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains stationary. Labour available.

11. Cattle are reported to be generally healthy, except for the prevalence of Black quarter in Chintamani Taluk, Rinderpest in some parts of Chintamani and Bagepalli Taluks.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Nil.

Crops harvested.—Irrigated ragi in parts of Madhugiri Taluk and Koratagere Sub-Taluk. Ragi in Tumkur Taluk, ground-nut in parts of Tumkur Taluk and Koratagere Sub-Taluk and til, cholam and sugar-cane in Turuvekere Sub-Taluk yield 8 annas.

Standing crops.—Groundnut, ragi, paddy, avare, togari, horse gram in all parts of the district; sugar-cane in parts of Tumkur, Madhugiri, Kunigal, Turuvekere and Koratagere Sub-Taluk; and castor in parts of Tiptur and Pavagada Taluks and til in parts of Tiptur Taluk are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Cattle are reported to be generally healthy in all parts of the district.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Tobacco, paddy, ragi, tadaguni, til, togari, ramtil, sugar-cane, jola, horse gram, castor, coriander, chillies, cotton, same, groundnut, black and green grams are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Sugar-cane in parts of Mandya Taluk.

10. Reported to be fair.

11. Cattle are reported to be generally healthy except for Dodroga in Yanagahalli and Chapperoga in Bhogapur of Chamrajnagar Taluk.

The Superintendent, Civil Veterinary Department has been written to take necessary preventive measures.

Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Togari and sugar-cane in the Hassan, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; avare in the Hassan, Belur and Channarayapatna Taluks; doddaragi in the Hassan, Belur Arsikere and Channarayapatna Taluks; paddy in the Hassan, Manjarabad, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; chillies in the Belur and Channarayapatna Taluks; kulthi in the Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk and castor in the Channarayapatna Taluk are reported to be in good condition.

Crops harvested.—Sugar-cane is being harvested in the Hole-Narsipur Taluk.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Mettarakattu" in the Beechenahalli village, Halekote Hobli, Hole-Narsipur Taluk. The Veterinary Inspector concerned is reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Crops sown.*—Bengal gram in the Channagiri Taluk and wheat, Bengal gram and jola in the Honnali Taluk are reported to have been sown during the week.

Standing crops.—Sugar-cane and paddy in the taluks of Shimoga, Tirthahalli, Nagar, Channagiri and Sorab cotton in Challakere Taluk and ragi and horsegram in the Sorab Taluk are reported to be in good condition.

Crops harvested.—Paddy and ragi in Shikarpur, Shimoga and Sorab Taluks and in the Sub-Taluk of Kumsi; ragi in the Honnali Taluk and arecanut in the Tirthahalli and Nagar Taluks are being harvested.

10. Prospects of the season are reported to be good. Food grains are available. Prices continue to be steady. Water and fodder are available.

11. Small-pox is said to be prevalent in Sarekoppa village in the Sorab Taluk and action is being taken to arrest the spread of the disease.

12. Cattle are reported to be generally healthy except for foot and mouth disease in Koballi village in the Kumsi Sub-Taluk. The Deputy Amildar reports that the Veterinary Inspector has been addressed in the matter.

KADUR

8. Markets are fairly well supplied.

9. (1) *Agricultural operations.*—Lands are being ploughed in the Chikmagalur, Kadur and Tarikere Taluks; weeds are being removed from fields in the Narasimharajapura Sub-Taluk.

(2) *Crops sown.*—Jolam, menthya, Bengal gram, wheat and coriander in Chikmagalur, Kadur and Tarikere Taluks and groundnut in Tarikere Taluk.

(3) *Standing crops.*—Paddy, ragi, sugar-cane and arecanut and coffee in all the taluks and sub-taluks of the district; castor, chillies garlic, and coriander, jolam and menthya in Chikmagalur, Kadur and Tarikere Taluks; coffee and cardamom in Chikmagalur, Koppa and Mudgere Taluks are reported to be thriving well.

(4) *Crops harvested.*—Jolam, coriander and groundnut in Tarikere Taluk; coffee and cardamom in Chikmagalur, Koppa and Mudgere Taluks; arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks.

10. Prospects of the season are fair. Food grains are available but their prices are steady.

11. Cattle are generally healthy throughout the district but rinderpest is reported to be prevailing in Gummanahalli, Kadur Taluk, Begur village, Tarikere Taluk, Koppa Town, Sringeri Town and Hiluvalli, Haledanivasa Gorage and Ravoor villages in Narasimharajapura Sub-Taluk. The Veterinary Inspectors concerned are inoculating the cattle and also taking necessary measures to check the spread of the disease.

Water and fodder for cattle are available in all the taluks and sub-taluks of the district.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Planting, ploughing, weeding and harvesting operations are in progress in the district.

Standing crops.—Sajje, navane, cotton, castor, togari, paddy, ragi, horse gram, chillies, tobacco, avare, green gram, jola, groundnut, save, halasande, sugar-cane, til and black gram.

Seeds sown.—Chitaldrug Taluk—Bilijola, bengal gram and wheat. Challakere Taluk—Bengal gram and bilijola. Hiriyur Taluk—bilijola and horse gram. Holalkere Taluk—Bengal gram and bilijola. Davangere Taluk—bilijola. Jagalur Taluk—horse gram. Hosdurga Taluk—bilijola, Bengal gram, wheat and coriander. Harihar Sub-Taluk—bilijola, wheat and Bengalgram.

Crops harvested.—Chitaldrug Taluk—cotton, jola and navane (8 annas). Challakere Taluk—ragi, navane, sajje and padddy (8 annas). Hiriyur Taluk—ragi and paddy (8 annas). Holalkere Taluk—ragi, mustard, kuresani (8 annas). Davangere Taluk—groundnut, ragi, black gram, green gram and jola (6 to 8 annas). Molakalmuru Taluk—Navane, groundnut, (8 annas). Jagalur Taluk—groundnut, til, jola, navane and ragi (8 annas). Haribar Taluk—navane, groundnut (8 annas).

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes find labour.

11. Cattle are reported to be generally healthy except for "Rinderpest" in parts of Holalkere and Davangere Taluks and throat-disease in Alur, Kadiabal and Kadajji villages of Davangere Taluk. It is reported that the Veterinary Inspectors attached to the taluks are taking needful action.

Water and fodder are generally available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 13th November 1928.

DISTRICT REPORTS.

8. Markets are well supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable outturn of harvests, serious damage done to crops by insects or other natural calamities.

10. The prospects of season, tracts in which the rainfall has been insufficient, areas affected by scarcity, number of people under relief, and state of food stocks.

11. Remarks as to the condition of agricultural stock, failure of pasturage or fodder, etc.

BANGALORE CITY AND TALUK.

8. Well supplied.

9 *Agricultural operations.*—Nil.

State of standing crops.—Sugar-cane, mulberry, paddy, ragi, avare, togari and gram are reported to be in good condition.

Crops harvested.—Ragi and same are being harvested in parts of the district except Bangalore and Nelamangala Taluks.

10. Fair. Cooly classes find sufficient labour.

11. Cattle are reported to be healthy except for the prevalence of "Dodda Roga" and "Chappe Roga" in parts of Dodballapur and Kankanhalli Taluks.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Ploughing operations.—Are going on in Goribidnur Taluk.

Standing crops.—Such as paddy, ragi, avare, togari groundnuts and sugar-cane are in good condition.

Crops sown.—Paddy, jolam, ragi and giddaragi are being sown in Goribidnur Taluk.

Crops harvested.—Same is being harvested in Chintamani Taluk, the yielding being 0-6-0, sajje, same, and groundnuts in Mulbagal Taluk, their out-turn being 8 annas and ragi in some parts of Chikballapur and Bagepalli Taluks.

10. *Prospects of the season.*—Fair. Prices of food grains stationary. Labour available.

11. Cattle are reported to be healthy, except for the prevalence of Anthrxe and black-quarter in parts of Chintamani, Rinderpest in parts of Bagepalli and Gudibanda Taluks. Pasture, water and fodder are available.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Bengal gram and coriandar in parts of Turuvekere Sub-Taluk.

Crops harvested.—Ragi and navane in parts of Madhugiri, Pavagada, Kunigal Taluks and Koratagere Sub-Taluk. Groundnut in parts of Gubbi, Pavagada and Koratagere Sub-Taluk and castor in Chiknayakanhalli Taluk. Yield 8 annas.

Standing crops.—Ragi, avare, togari, horsegram and jolam in all parts of the district; sugar-cane in parts of Koratagere and Kunigal Taluks, Groundnut in Sira Taluk, and castor in Tiptur, Chiknayakanhalli and Pavagada Taluks are reported to be in good condition.

It is reported that rain is wanted for the standing crops in the Madhugiri Taluk.

10. *Prospects of the season.*—Fair.

11. Cattle are healthy.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Nagamangala Taluk.

Standing crops.—Tobacco, til, togari, tadaguni, ramtil, sugar-cane, jola, horse gram, castor, coriander, cotton, chillies, ground nut, same, black and green grams, paddy and ragi are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Sugar-cane in parts of Mandya and Krishnarajpete.

10. Reported to be fair.

11. Cattle are reported to be generally healthy except for Dodroga in Basaral and Somanahalli villages of Mandya Taluk.

The Superintendent, Civil Veterinary Department, has been written to, to take necessary preventive measures.

Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Doddaragi, togari and sugar-cane in the Hassan, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; paddy in the Hassan, Manjarabad, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; avare in the Hassan, Belur, Arsikere and Channarayapatna Taluks; kulthi in the Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; chillies in the Belur and Channarayapatna Taluks and castor in the Channarayapatna Taluk are reported to be in good condition. It is reported that slight damage is caused to ragi crop by insects in some parts of Kasaba Hobli, Channarayapatna Taluk.

Crops harvested.—Doddaragi in the Belur and Channarayapatna Taluks; cotton, chillies and sugar-cane in the Belur Taluk are being harvested.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Rinderpest" in the Uddur Hosahalli village, Kadanur Hobli, Hole-Narsipur Taluk, in the Nallur village, Kasaba Hobli, Channarayapatna Taluk and in Siddapur village, Dudda Hobli, Hassan Taluk, for "Mettarakattu" in the Golenahalli village, Kattaya Hobli, Hassan Taluk and for "Foot and Mouth Disease" in Halekote village, Hole-Narsipur Taluk. The Veterinary Inspectors concerned are reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Crops sown.*—Bengal gram and jola are reported to have been sown during the week in the Honnali Taluk.

Standing crops.—Paddy and sugar-cane in the taluks of Shimoga, Channagiri, Sagar, Sorab, Tirthahalli and Nagar and in the sub-taluk of Kumsi. Cotton in the Channagiri Taluk and horsegram in Shimoga and Shikarpur Taluks and in the sub-taluk of Kumsi are reported to be in good condition.

Crops harvested.—Paddy and sugar-cane in the taluks of Channagiri, Shimoga and Shikarpur and in the sub-taluk of Kumsi; arecanut in Sagar, Sorab, Tirthahalli and Nagar Taluks, ragi in Shimoga, Sorab, Honnali and Shikarpur Taluks and cotton in the Channagiri Taluk and in some parts of Honnali Taluk are being harvested.

10. Prospects of the season are good. Food grains are available. Prices continue to be steady. Water and fodder are available.

11. Public health is good.

12. Cattle are reported to be generally healthy.

Doddaroga in Kakanur village in the Channagiri Taluk, and foot and mouth disease in Kohalli village in the Kumsi Sub-Taluk are said to be prevailing. The respective Veterinary Inspectors are reported to have been addressed in the matter.

KADUR.

8. Markets are fairly well supplied.

9. (1) *Agricultural operations.*—Lands are being ploughed in the Kadur Taluk.

(2) *Crops sown.*—Jolam, menthya, Bengal gram and horsegram in Chikmagalur and Kadur Taluks.

(3) *Standing crops.*—Paddy, ragi, sugar-cane, arecanut and coffee in all the taluks and sub-taluks of the district. Jolam, castor, chillies garlic, coriander, menthya and horsegram in Chikmagalur, Kadur and Tarikere Taluks. Cardamom in Chikmagalur, Koppa and Mudgere Taluks are reported to be thriving well.

(4) *Crops harvested.*—Save, ragi and groundnut in Kadur Taluk. Ragi, jolam and arecanut in Tarikere Taluk. Coffee, cardamom and arecanut in Koppa and Mudgere Taluks. Paddy and arecanut in Narasimharajapura and Sringeri Sub-Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady. The Amildar, Chikmagalur, reports that it is ascertained from the raiyats that more rain is required.

11. Cattle are generally healthy throughout the district, but rinderpest is reported to be prevailing in Bettathavarekere in Tarikere Taluk, Haledanivasa, Goraggal and Ravoor villages in Narasimharajapura Sub-Taluk and Sringeri Town. The Veterinary Inspectors concerned are attending to the needful. It is reported that cattle disease is prevailing at Hariharpura village, Koppa Taluk. The Veterinary Inspector has been addressed to attend and to intimate the nature of the disease.

Water and fod derfor cattle are available in all the taluks and sub-taluks of the district.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and harvesting operations are going on in the district.

Standing crops.—*Viz.*, sajje, navane, cotton, castor, togari, paddy, ragi, horse gram, chillies, tobacco, bilijola, avare, kadle, green gram, sugar-cane, groundnut, alasande, save and black gram are reported to be in good condition.

Seeds sown.—Chitaldrug—Bilijola, kadle, cotton and wheat; Challakere—Bilijola and kadle (in kattes); Hiriyur—Bilijola, kadle, wheat and paddy; Holalkere—Bilijola and kadle; Davangere—Bilijola; Jagalur—Horse gram; Hosdurga—Bilijola, kadle, wheat and kottumbari; Harihar—Bilijola, kadle and wheat.

Crops harvested.—Chitaldrug—Sajje and jola, 8 annas; Challakere—Ragi, navane and sajje, 8 annas; Hiriyur—Ragi and paddy; Holalkere—Ragi and sasave, 8 annas; Davangere—Groundnut, ragi, jola, black gram, green gram, 6 annas; Molakalmuru—Padddy, ragi, sajje and jola, 8 annas; Jagalur—Groundnut, til, jola, navane and ragi, 8 to 10 annas; Harihar—Groundnut and navane, 8 annas.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes find labour.

11. Cattle are reported to be generally healthy except for Rinderpest in parts of Chitaldrug and Davangere Taluks and blackquarter in parts of Chitaldrug Taluk. It is reported that the Veterinary Inspectors attached to the taluks are taking needful action. Water and fodder are available.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Dated Bangalore, 20th November 1928.

R. A. NARASIMHA IYENGAR,
Assistant Commissioner,
For Revenue Commissioner.
Absent from Station.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 10TH NOVEMBER 1928.

A total of 132 attacks with 60 deaths from plague was returned during the week against 74 attacks with 46 deaths during the previous week. The Bangalore City returned 4 attacks with 2 deaths while the City of Mysore and the Kolar Gold Field area remained free from the disease.

2. Comparative figures for the corresponding week were 59 attacks and 29 deaths in 1927 and 187 attacks and 113 deaths in 1926.

3. Nine attacks with 4 deaths from cholera were returned for one village in Srinivaspur Taluk.

4. Two attacks with one death from small-pox were returned for Bangalore City and the Kolar Gold Field area.

5. The State continued to remain free from other epidemics, *viz.*, influenza and relapsing fever.

6. The total mortality for the Bangalore City amounted to 81 representing a calculated annual ratio of 35·51 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 2 under plague, 1 under small-pox, 1 under malaria, 9 under pneumonia, 4 under typhoid, 5 under other fevers, 5 under phthisis, 7 under dysentery and diarrhœa and 47 under all other causes.

As compared with the City, the Civil and Military Station, for the week ending 4th November 1928 returned 63 deaths representing a calculated annual ratio of 27·63 per mille of population against the average ratio of 35·09 in the previous week. The causes of deaths were pneumonia 9, phthisis 6, diarrhœa 2 and all other causes 46.

7. The total mortality for the Mysore City for the week was 57 representing a calculated annual ratio of 35·30 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were malaria 1, pneumonia 6, other fevers 2, phthisis 3, dysentery and diarrhœa 9 and all other causes 36.

8. There were 40 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 23·19 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 4 under pneumonia, 2 under other fevers, 8 under dysentery and diarrhœa and 29 under all other causes.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 17TH NOVEMBER 1928.

A total of 144 attacks with 76 deaths from plague was returned during the week against 132 attacks with 60 deaths in the previous week. The City of Bangalore returned one attack with one death while Mysore City and Kolar Gold Field area remained free from the disease.

2. Comparative figures for the corresponding week were 71 attacks and 34 deaths in 1927 and 205 attacks and 103 deaths in 1926.

3. Four attacks with four deaths from cholera were returned for one village in Srinivaspur Taluk.

4. A total of 40 attacks with 6 deaths from small-pox was returned for one village in Chamrajnagar Taluk, Madegiri Town, and the City of Bangalore and the Kolar Gold Field area.

5. One attack with one death from influenza was returned for Bangalore City.

6. The State continued to remain free from relapsing fever.

7. The total mortality for the Bangalore City amounted to 61, representing a calculated annual ratio of 26·75 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 1 under plague, 2 under small-pox, 5 under malaria, 3 under pneumonia, 1 under other fevers, 4 under phthisis, 3 under dysentery, and diarrhœa, and 42 under all other causes.

As compared with the City, the Civil and Military Station returned for the week ending 11th November 1928, 62 deaths, representing a calculated annual ratio of 27·20 per mille of population against the average ratio of 27·63 in the previous week. The causes of deaths were pneumonia 12, phthisis 3, dysentery and diarrhœa 3, and all other causes 44.

8. The total mortality for the Mysore City for the week was 54 representing a calculated annual ratio of 33·56 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were malaria 2, pneumonia 3, other fevers 1, phthisis 6, dysentery and diarrhœa 7 and all other causes 35.

9. There were 39 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 22·61 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under small-pox, 1 under pneumonia, 4 under dysentery and diarrhœa and 33 under all other causes.

B. MAHOMED USMON,
Sanitary Commissioner.

8. Well supplied.

9. *Agricultural operations.*—

Ploughing operations are going on in Goribidnur and Gudibanda Taluks.

Standing crops.—Such as paddy, ragi, avare, togari and sugar-cane are reported to be in good condition.

Crops sown.—Paddy is being sown in Goribidnur Taluk.

Crops harvested and their out turn.—Groundnuts and ragi are being harvested in Chintamani and Chikballapur Taluks, their outturn being 6 to 8 annas in Chintamani Taluk and 8 to 12 annas in Chikballapur Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains stationary. Labour available.

Nil.

11. Cattle are reported to be healthy, except for the prevalence of black-quarter and Anthrax in some parts of Chintamani Taluk, Rinderpest in Vounter and Nagasanahalli Villages of Chikballapur Taluk and in Chelur and Gulur Hoblies of Bagepalli Taluk.

Water and fodder are available.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Bengalgram and coriandar in parts of Turuvekere Sub-Taluk.

Crops harvested.—Ragi and groundnut in parts of Tumkur, Gubbi, Pavagada and Koratagere Sub-Taluk. Paddy in Tumkur Taluk. Navane in parts of Madhugiri, Kunigal and Koratagere Sub-Taluk and castor in Chiknayakanhalli and Turuvekere Sub-Taluk; yield 8 annas.

Standing crops.—Ragi, paddy, avare, togari, horsegram and groundnut in all parts of the district. Sugar-cane in parts of Tumkur, Kunigal, Koratagere and Turuvekere Sub-Taluk, are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Cattle are healthy.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Lands are being ploughed in parts of Nagamangala Taluk,

Standing crops.—Tobacco, til, togari, tadaguni, ramtil, sugar-cane, jola, horsegram, castor, coriander, cotton, chillies, ground-nut, same, black and green grams, paddy, ragi and avere are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Paddy, ragi and sugar-cane in parts of Krishnarajpete Taluk.

10. Fair.

11. Cattle are reported to be generally healthy except for the prevalence of cattle diseases in Mandya Taluk as reported in previous week.

Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Kadale is being sown in the Belur Taluk.

Standing crops.—Togari, doddaragi, and sugar-cane in the Hassan, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; paddy in the Hassan, Manjarabad, Belur, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; avare in the Hassan, Belur, Arsikere and Channarayapatna Taluks; kulthi in the Belur, and Channarayapatna Taluks and in the Alur Sub-Taluk; chillies in the Belur and Channarayapatna Taluks, cotton in the Belur Taluk and castor in the Channarayapatna Taluk are reported to be in good condition.

Crops harvested.—Paddy in the Manjarabad and Belur Taluks and in the Alur Sub-Taluk; doddaragi in the Belur and Channarayapatna Taluks; and chillies and cotton in the Belur Taluk are being harvested.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Rinderpest" in the Doddabyagathavalli and Haradanahalli villages, in the Hole-Narsipur Taluk. The Veterinary Inspector is reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Paddy and sugar-cane in the taluks of Shimoga, Channagiri, Sagar, Sorab, Tirthahalli and Nagar and in the sub-taluk of Kumsi. Cotton in the Channagiri Taluk and horsegram in Shimoga and Shikarpur Taluks and in the sub-taluk of Kumsi are reported to be in good condition.

Crops harvested.—Paddy and sugar-cane in the taluks of Channagiri, Shimoga and Shikarpur and in the sub-taluk of Kumsi; arecanut in Sagar, Sorab, Tirthahalli and Nagar Taluks, ragi in Shimoga, Sorab, Honnali and Shikarpur Taluks and cotton in the Channagiri Taluk and in some parts of Honnali Taluk are being harvested.

10. Prospects of the season are good. Food grains are available. Prices continue to be steady. Water and fodder are available.

11. Public health good.

Doddaroga is still prevalent in Kakanur village in the Channagiri Taluk. It is reported that theVeterinary Inspector has been inoculating the cattle there.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Lands are being ploughed in the Kadur Taluk.

Crops sown.—Bengal gram in Chikmagalur Taluk; jolam, in Kadur Taluk.

Standing crops.—Paddy, ragi, sugar-cane, arecanut and coffee in all the taluks and sub-taluks of the district. Jolam, castor, chillies garlic, coriander, menthya, horsegram, avare, and Bengal gram in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well. It is reported by the Amildar, Mudgere that Catterpillar (ಕೊಂಬು ಹುಳು) is still damaging some paddy crop in some villages of Banakal Hobli, Mudgere Taluk.

Crops harvested.—Coffee and cardamom and arecanut in Chikmagalur, Koppa and Mudgere Taluks. Arecanut and paddy in Narasimharajapura Sub-Taluks, ragi, jolam, navane, save, castor and chillies in Kadur Taluk and also in parts of Tarikere Taluk

10. Prospects of the season are fair. Food grains are available, but their prices are steady. Amildar, Kadur, reports that more rain is wanted both for standing crops and crops sown.

11. Cattle are generally healthy throughout the district, but rinderpest is reported to be prevailing in Begur, Mudanahalli, Lingadahalli, Hadikere, Udevu and Gondadahalli in the Tarikere Taluk, and Koppa and Harandur villages in Koppa Taluk; Hiluvalli Hale-Danivasa and Gorgal villages in the Narasimharajapura Sub-Taluk and also in Sringeri Town. The Veterinary Inspectors concerned are reported to be taking effective measures to check the spread of the disease.

Water and fodder for cattle are available in all the taluks and sub-taluks of the district.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and harvesting operations are going on in the district.

Standing crops.—*Viz.*, ragi, togari, navane, paddy, cotton, castor, horse gram, chillies, tobacco, avare, joja, sugar-cane, groundnut, halasande, kadale, same, sajje, black gram and green gram, are reported to be in good condition. The Amildars of Hosdurga and Holalkère Taluks report that the standing crops in their taluks are in need of rain.

Seeds sown.—Hiriyaur—Bilijola, kadle and wheat. Holalkere—Kadle and Kottumbari. Davangere—Bilijola.

Crops harvested.—Chitaldrug—Jola, horse-gram, navane and sajje, 8 annas; Challakere—Ragi, navane, and paddy, (8 annas). Hiriyur—Ragi and paddy. Holalkere—Ragi, navane and sasave. Davangere—Ragi, jola, green gram, black gram, groundnut, and paddy, (8 annas). Molkalmuru—Ragi, (8 annas). Jagalur—Til, jola, navane, ragi and paddy (10 annas). Hosdurga—Navane, ragi and jola, yield of ragi (4 annas only). Harihar—Navane, cotton and chillies.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy except for Rinderpest in parts of Chitaldrug, Holalkere and Davangere Taluks. It is reported that the Veterinary Inspectors attached to the taluks are taking necessary action.

Water and fodder are available.

BANGALORE,
Dated 26th November 1928.

H. K. RAMIENGAR,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING WITH SATURDAY THE 24TH NOVEMBER 1928.

A total of 111 attacks with 64 deaths from plague was returned during the week against 144 attacks with 76 deaths in the previous week. The City of Mysore returned 5 attacks with 5 deaths while Bangalore City and the Kolar Gold Field area remained free from the disease.

2. Comparative figures for the corresponding week were 205 attacks and 103 deaths in 1926 and 75 attacks and 57 deaths in 1927.

3. Twenty-seven attacks with 11 deaths from cholera was returned for two villages in Gundlupet and one village in each of the Closepet and Mysore Taluks.

4. A total of 24 attacks with 5 deaths from small-pox were returned for one village in each of Chamrajnagar and Closepet Taluks and Madhugiri Town and the City of Mysore and the Kolar Gold Field area.

5. The State remained free from other epidemics, *viz.*, influenza and relapsing fever.

6. The total mortality for the Bangalore City amounted to 79, representing a calculated annual ratio of 34·65 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 2 under malaria, 9 under pneumonia, 1 under typhoid, 3 under other fevers, 3 under phthisis, 10 under dysentery and diarrhœa and 51 under all other causes.

As compared with the City, the Civil and Military Station, returned for the week ending 18th November 1928, 75 deaths representing a calculated annual ratio of 39·20 per mille of population against the average ratio of 27·20 in the previous week. The causes of deaths were pneumonia 15, other fevers 1, phthisis 4, dysentery and diarrhœa 5 and all other causes 50.

7. The total mortality for the Mysore City for the week was 46, representing a calculated annual ratio of 27·87 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were : plague 5, malaria 6, pneumonia 2, other fevers 1, phthisis 2, dysentery and diarrhœa 6, and all other causes 24.

8. There were 34 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 19·71 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under small-pox, 1 under phthisis, 4 under dysentery and diarrhœa and 28 under all other causes.

H. NANJUNDAIYA,
For *Sanitary Commissioner*, M. G.
(*Absent from station.*)

Standing crops.—Paddy, sugar-cane, arecanut, ragi and coffee in all the taluks and sub-taluks of the district. Jolam, castor, chillies, garlic, coriander, menthya horsegram, avare, and Bengal gram in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well. The Amildar, Mudigere reports that Catterpillar (ಕೂಳೆ ಹುಳು) is still damaging some of the paddy crop in a few villages of Banakal Hobli, Mudigere Taluk.

Crops harvested.—Coffee and cardamom in Chikmagalur, Koppa, Mudigere and Tarikere Taluks. Ragi and paddy in all the Taluks and Sub-Taluks of District. Arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks, and also in Narasimharajapura and Sringeri Sub-Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady.

11. Cattle are generally healthy throughout the district, but rinderpest is reported to be prevailing in Koppa Town and Hariharpur village, Koppa Taluk; Hiluvalli Hale-Danivasa Malaluhole and Gorgal villages in the Narasimharajapura Sub-Taluk and Sringeri Town. The Veterinary Inspectors concerned are reported to be attending and taking measures to check the disease.

Water and fodder for cattle are available in all the taluks and sub-taluks of the district.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and harvesting operations are going on in the District.

Standing crops.—Ragi, horse gram, navane, cotton, castor, togari, chillies, tobacco, bilijola, paddy, avare, sugar-cane, groundnut, alasande, save, sajje, green gram and black gram are reported to be in good condition.

Seeds sown.—Hiriyur—Cotton, bilijola, kadle and wheat. Davangere—Bilijola.

Crops harvested.—Chitaldrug—Jola, navane and ragi (8 annas). Challakere—Paddy and ragi, (8 annas). Hiriyur—Ragi and paddy. Holalkere—Ragi, black gram and navane, (8 annas). Davangere—groundnut, ragi, jola, green gram, black gram and paddy, (8 annas). Molkalmuru—Ragi and paddy (8 annas). Jagalur—Jola, navane and ragi (10 annas). Hosdurga—Navane, ragi and jola. Harihar Sub-Taluk—Navane, cotton and chillies (8 annas).

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy except for "Rinderpest" in parts of Chitaldrug, Holalkere and Davangere Taluks.

Water and fodder are available.

BANGALORE,
Dated 3rd—4th December 1928.

H. K. RAMIENGAR,
For *Director.*

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 1ST DECEMBER 1928.

A total of 135 attacks with 80 deaths from plague was returned during the week against 111 attacks with 64 deaths in the previous week. The City of Mysore returned 5 attacks with 6 deaths while Bangalore City and the Kolar Gold Field area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 81 attacks and 57 deaths in 1927 and 46 attacks and 26 deaths in 1926.

3. A total of 34 attacks with 13 deaths from cholera was returned for six villages in Mysore Taluk and one village in each of Closepet and Gundlupet Taluks.

4. Thirty-six attacks with 9 deaths from small-pox were returned for two villages in Closepet Taluk, one village in each of Chikmagalur, Chamrajnagar and Mandya Taluks, Chamrajnagar Town and the City of Bangalore.

5. The State continued to remain free from other epidemics, *viz.*, influenza and relapsing fever.

6. The total mortality for the Bangalore City amounted to 80, representing a calculated annual ratio of 35·08 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 1 under small-pox, 3 under malaria, 11 under pneumonia, 1 under typhoid, 2 under other fevers, 5 under phthisis, 2 under dysentery and diarrhœa and 55 under all other causes.

As compared with the City, the Civil and Military Station, returned for the week ending 25th November 1928, 73 deaths representing a calculated annual ratio of 32·02 per mille of population against the average ratio of 32·90 in the previous week. The causes of deaths were pneumonia 23, phthisis 3, dysentery and diarrhœa 5 and all other causes 42.

7. The total mortality for the Mysore City for the week was 79, representing a calculated annual ratio of 48·93 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were plague 6, malaria 4, pneumonia 5, phthisis 6, dysentery and diarrhœa 9 and all other causes 49.

8. There were 35 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 20·29 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 1 under pneumonia, 1 under other fevers, 4 under dysentery and diarrhœa and 29 under all other causes.

B. MD. USMON,
Sanitary Commissioner, M. G.

Water and fodder are available.

KOLAR.

8. Well supplied.

9. *Agricultural operations.*—Raiyats are engaged in ploughing for paddy in Gudibanda Sub-Taluk.

Standing crops such as paddy, ragi, avare, togari and sugar-cane are reported to be in good condition.

Crops sown.—Potatoes are being sown in some parts of Chikballapur Taluk and paddy in Goribidnur Taluk.

Crops harvested.—Ragi and same are being harvested in Bagepalli, Sidlaghatta, Mulbagal, Chintamani and Bowringpet Taluks. Groundnuts are being harvested in Chintamani, Chikballapur, Goribidnur and Bagepalli Taluks. Avare and togari are being harvested in Mulbagal, Taluk and the harvesting of paddy and ragi is going on in all parts of Sidlaghatta Taluk.

10. *Prospects of the season.*—Fair. Prices of food grains: Stationary. Labour available.

11. Cattle are reported to be healthy, except for the prevalence of black-quarter and Anthrax in Chintamani Taluk, and "Dodda Roga" in Bagepalli Taluk.

Water and fodder are available.

TUMKUR.

8. Well supplied.

9. *Seeds sown.*—Jolam in parts of Madhugiri Taluk, Bengal gram in Madhugiri and Tiptur Taluks and Bengal gram and coriander in Turuvekere Sub-Taluk.

Crops harvested.—Ragi and groundnut in all parts of the District. Paddy in parts Tumkur, Madhugiri and Koratagere Sub-Taluk. Navane in parts of Madhugiri, Kunigal and Koratagere Sub-Taluk and castor in parts of Chiknayakanhalli Taluk and Turuvekere Sub-Taluk; yield 8 to 10 annas.

Standing crops.—Ragi, avare, togari, horse gram in all parts of the District. Paddy and sugarcane in Tumkur, Madhugiri, Tiptur, Pavagada, Koratagere and Turuvekere Sub-Taluks, are reported to be in good condition.

10. *Prospects of the season.*—Fair.

11. Cattle are reported to be healthy.

Water and fodder are available.

MYSORE.

8. Well supplied.

9. *Agricultural operations.*—Nil.

Standing crops.—Same, navane, paddy, ragi, sugar-cane, jola, horse gram, black and green grams, kadale, castor, cotton, chillies, groundnut, tobacco, til, togari, tadaguni and ramtil are reported to be in good condition.

Seeds sown.—Nil.

Crops harvested.—Ragi, paddy and groundnut in parts of Seringapatam; paddy in parts of Hunsur and T.-Narsipur Taluks; ragi in parts of Malvalli and Mandya Taluks; ragi and sugar-cane in parts of Krishnarajpete Taluk.

10. Fair.

11. 1. Cattle are reported to be generally healthy except for Chapperoga in Bhogapura and Heggotara and Doddaroga in Sutturu, Erasavadi, Masanapura, Gulipura of Chamrajnagar Taluk; Doddaroga in Heggaddevankote Town, Nanjanaikanahalli, Alanahalli, Boppanahalli, Koravalli, Gundatturu, Hebbaguppe, Chikkiriyuru, Kolagala, Annuru and Hosahalli of Heggaddevankote Taluk and in Talakadu of T.-Narsipur Taluk.

The Superintendent, Civil Veterinary Department has been written to, to take necessary preventive measures.

2. Water and fodder are available.

HASSAN.

8. Well supplied.

9. *Crops sown.*—Nil.

Standing crops.—Togari and kulthi in the Hassan, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; paddy in the Hassan, Manjarabad, Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk; doddaragi in the Hassan and Arsikere Taluks and in the Alur Sub-Taluk; avare in the Hassan, Arsikere and Channarayapatna Taluks; sugar-cane in the Arsikere and Channarayapatna Taluks and in the Alur Sub-Taluk and castor in the Arsikere Taluk are reported to be in good condition.

Crops harvested.—Paddy in the Hassan, Manjarabad, Channarayapatna, Hole-Narsipur and Arkalgud Taluks and in the Alur Sub-Taluk; doddaragi in the Hassan and Channarayapatna Taluks and jolam in the Channarayapatna Taluk are being harvested.

10. Prospects of the season are reported to be generally good.

11. Cattle are reported to be generally healthy except for "Rinderpest" in the Koravangala village, Dudda Hobli, Hassan and "foot and mouth disease" in the Jodi Gubbi village, Hole-Narsipur Taluk. The Veterinary Inspectors concerned are reported to have been addressed for taking remedial measures.

Water and fodder are available.

SHIMOGA.

8. Markets are well supplied.

9. *Crops sown.*—No crops were sown during the week.

Standing crops.—Paddy in all the Taluks of the District; sugar-cane in the Taluks of Channagiri, Sorab, Shimoga, Sagar, Tirthahalli, ragi in the Taluks of Channagiri, Shikarpur and Sorab; jola and cotton in the Channagiri and Honnali Taluks are reported to be in good condition.

Crops harvested.—Paddy is being harvested in all the Taluks of the District. Jola and horsegram in the Taluks of Channagiri, Honnali and Shimoga and in the Sub-Taluk of Kumsi and arecanut in the Taluks of Sagar, Nagar and Tirthahalli are being harvested.

10. Prospects of the season are good. Food grains are available. Prices continue to be stationary.

Water and fodder are available.

11. Public health is good.

"Foot and mouth disease" is reported to be prevalent in Holalur, Madikechelur and Harmaghatta villages in the Shimoga Taluk. Kulenur, Chikkabennur and Kanganur and Santebennur villages of the Channagiri Taluk. Rinderpest is prevailing in Meagyatanahalli village in the Channagiri Taluk. The Veterinary Inspectors are reported to be rendering necessary medical aid and every attempt is being made to arrest the spread of the disease.

KADUR.

8. Markets are fairly well supplied.

9. *Agricultural operations.*—Raiyats are preparing their lands for sowing Mungar crop in Kadur Taluk.

Crops sown.—Nil.

Standing crops.—Paddy, sugar-cane, arecanut, ragi and coffee in all the Taluks and Sub-Taluks of the District. Jolam, castor, chillies, garlic ,coriander, menthya, horsegram, avare and Bengal gram in Chikmagalur, Kadur and Tarikere Taluks are reported to be thriving well. The Amildar, Mudgere, reports that Catterpillar ([illegible]) is still damaging some of the paddy crops in a few villages of Banakal Hobli, Mudgere Taluk.

Crops harvested.—Coffee and cardamom in Chikmagalur, Koppa, Mudigere and Tarikere Taluks. Ragi and paddy in all the Taluks and Sub-Taluks of the District. Arecanut in Chikmagalur, Kadur, Tarikere and Koppa Taluks and also in Narasimharajapura and Sringeri Sub-Taluks.

10. Prospects of the season are fair. Food grains are available, but their prices are steady.

11. Cattle are generally healthy throughout the District, but rinderpest is reported to be prevailing in Hullehalli Village, Birur Hobli, Kadur Taluk; Nagavangala, Hirekatur, Sivane, Narsapura and Ajjampura villages of Tarikere Taluk, Hariharpura of Koppa Taluk, Magundi, Hattur, Hilavalli, Hale-Danivasa, Malalubole, Gorgel villages in Narasimharajapura Sub-Taluk and Sringeri Town. The Veterinary Inspectors are reported to be attending and taking measures to check the spread of the disease.

Water and fodder for cattle are available in all the Taluks and Sub-Taluks of the District.

CHITALDRUG.

8. Markets were adequately supplied.

9. *Agricultural operations.*—Ploughing, sowing and harvesting operations are going on in the District.

Standing crops.—Bilijola, cotton, kadle, horse gram, togari, paddy, navane, avare, ragi, castor, chillies, tobacco, sugar-cane, groundnuts, alasande, save, sajje, black gram and green gram are reported to be in good condition.

Seeds sown.—Challakere Taluk—Wheat and navane. Hiriyur Taluk—Cotton, kadle, wheat, paddy and bilijola. Jagalur Taluk—Horse gram.

Crops harvested.—Chitaldrug Taluk—Cotton. Challakere Taluk—Paddy, navane and sajje, (8 annas). Hiriyur Taluk—Ragi, navane and paddy. Holalkere Taluk—Ragi, navane and haraka, (8 annas). Davangere Taluk—Ragi, jola, paddy, green gram and black gram (10 annas). Molakalmuru Taluk—Paddy and ragi, (8 annas). Jagalur Taluk—Jola, navane and ragi. Hosdurga Taluk—Navane, ragi and jola. Harihar Sub-Taluk—Jola, ragi, navane, cotton and chillies.

10. Prospects of the season are fair. Prices of food stuffs continue to be stationary. Cooly classes find sufficient labour.

11. Cattle are reported to be generally healthy except for "Rinderpest" in parts of Holalkere Taluk and Harihar Sub-Taluk.

Water and fodder are available.

BANGALORE,
Dated 10th December 1928.

R. ANANTHASUBRAMANYAM,
For *Director*.

OFFICE OF THE SANITARY COMMISSIONER IN MYSORE, BANGALORE.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE FOR THE WEEK ENDING SATURDAY THE 8TH DECEMBER 1928.

A total of 121 attacks with 75 deaths from plague was returned during the week against 135 attacks with 80 deaths in the previous week. The Cities of Bangalore and Mysore returned 1 attack with 1 death and 3 attacks with 2 deaths respectively while Kolar Gold Field area continued to remain free from the disease.

2. Comparative figures for the corresponding week were 48 attacks and 34 deaths in 1927 and 46 attacks with 26 deaths in 1926.

3. A total of 32 attacks with 13 deaths from cholera was returned for eight villages in Mysore Taluk, two villages in Gundlupet Taluk and the City of Mysore.

4. Thirty attacks with 12 deaths from small-pox were returned for three villages in Chamrajnagar Taluk, one village in Koppa Taluk, Madhugiri and Chamrajnagar Towns and the City of Bangalore and the Kolar Gold Field area.

5. The State continued to remain free from other epidemics, *viz.*, influenza and relapsing fever.

6. The total mortality for the Bangalore City amounted to 90, representing a calculated annual ratio of 39·91 per mille of population against the average ratio of 27·06 for 1927. Classified according to causes, the deaths numbered 1 under plague, 1 under small-pox, 2 under malaria, 9 under pneumonia, 3 under other fevers, 3 under phthisis, 13 under dysentery and diarrhœa and 58 under all other causes.

As compared with the City, the Civil and Military Station, returned for the week ending 2nd December 1928, 66 deaths representing a calculated annual ratio of 28·95 per mille of population against the average ratio of 32·02 in the previous week. The causes of deaths were pneumonia 25, phthisis 6, dysentery and diarrhœa 3 and all other causes 32.

7. The total mortality for the Mysore City for the week was 51, representing a calculated annual ratio of 31·58 per mille of population against the average ratio of 35·30 for 1927. The causes of deaths were plague 2, cholera 1, malaria 2, pneumonia 3, phthisis 7, dysentery and diarrhœa 10 and all other causes 26.

8. There were 42 deaths from all causes reported from the Kolar Gold Field area equivalent to a calculated annual ratio of 24·35 per mille of population against the average ratio of 30·28 for 1927. The deaths numbered 4 under dysentery and diarrhœa and 38 under all other causes.

Registered No. M.—1175.
